Pounders- Count on us...

For the past **104** years, students have counted on Central High School. Not only do we count on the school, but we also count on each other to get us through these **4** years. Making memories from **7:20** am until **2:20** pm, we are counting on **84** teachers to get us to the next level in our lives. Knowing that we are all in this together, we become friends and even a family. Sometimes it is tough and may even cause some break-down moments, but counting on each other is one choice that is easy to make - 'counting on each other' is essential to our survival!

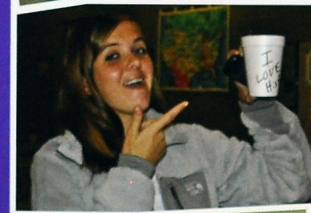

What helps you get through these **180** days? Who do you count on to get you through the day and year? Everyone has to count on something. Within these **128** pages, we are here to tell your story of this **1** year!

Powder Puff

This years Powder Puff game was hard won by the junior class girls. While the juniors walked away ecstatic and overjoyed with their win, the seniors were upset and angry with the loss. With the distractions both on and off the field, it is no wonder the seniors were disappointed with the outcome. One of the bright sides of the game is the much awaited half-time show. Both the band and the 'cheerleaders' performed. The band, as always, was professional and got the crowd going. The 'cheerleaders', on the other hand, had the crowd cracking up with laughter as they tried to form their annual pyramid. The final score was 7-0.

Our students

JUST BEING STUDENTS

Friendship

1. High school is a place where life-long friends are made. We make memories that will last forever. We can be serious and funny all in the same day. We have a long tradition of coming together when times are rough, and that is great preparation for life itself! We will always cherish these friendships.

Tradition

3. We are carrying on a tradition that is over 100 years old. Our school was founded in 1907 on Dadds Avenue. We may not look the same as the Central High School of the early 20th century, but our current students are paving the way for a bright 21st century. We are remembering our traditions while also making our own mark on society. Our traditions will live!

Stan works, too!

Spirit

4. Our school spirit is alive and well! We still sing the school alma mater, our new mascot (Stan-the-Pounder Man) gets us pumped up, we still dress up in odd clothing to celebrate Homecoming, and our many leadership organizations work hard to make sure our school both looks good and performs well. We continue to have spirit because we are dedicated to being an example of success for future students who walk through our school's doors. Our friendships that we are forming, the learning that we will take with us, traditions that we will cherish, and the spirit that has been instilled in us, proves that we are just 'students being students'.
