BAND BEGINS NEW SEASON

The Central band opened another season by performing between halves at the Central-Red Bank game.

This year there are two bands—

a twenty-eight piece Military Band atwenty-eight piece mintary Band and a two hundred piece Purple and Gold band. The Military Band will accompany the R. O. T. C., while the Purple and Gold Band will perform at the football games and concerts.

Officers of the Purple and Gold are: Jimmy Caldwell, captain; Rob-ert Walker, Victor Greene, Harry Green, Charles Brotbeck, Pete Llewellyn, and Kenneth Sliger, lieutenants; Joe Baker, Stanley Hall, Dan Girton, Ed Lehman, Al Layton, and Riley Westbrook, second lieutenants.

Kitty Barker, a first lieutenant in the band, is the only girl in the band to hold a commission. In the history of the band no other girl has ever been a commissioned officer.

The officers of the Military Band are: Charles Brotbeck, captain; Robert Walker, first lieutenant; Jimmy Caldwell and Victor Greene, second lieutenants.

The sponsor for both bands is

Mary Elizabeth Griswold, popular senior, who was elected by the members of the band.

Edward S. Vanover, director of the band, is looking forward to the best season he has yet had at Central.

Hubbard Names New Officers

Miss Sarah Hubbard, instructor of physical education for girls, has nounced the officers and escorts of the Girls' Battalion for the '42 The commanding staff includes three majors and four lieutenants. The majors and their escorts are: Nancy Sue Hill, James Ivey; Dorris Jewell, Albert Miller; Ware and Jerry Dean. Mary Jo Rhinehart, of the first platoon; Mary Pfitzer, second platoon; Eve-Drinnon, third platoon, and Betty Sue Barker, fourth platoon, comprise the lieutenants. The three majors rotate in taking lead (Continued on Page 4)

Students Elect Cheer Leaders

Elmer Crosby and Bobby Poston were selected by the student body # a pep meeting on Friday, Sep-tember 18, to be the new cheer Bobby is a senior and at Central for three wars. Elmer is a sophomore, havrentered Central this year from Hardy Junior High, where he was Our cheer and their leader. Our cheer and six leaders, headed by J. E. Faculty Adds New Teachers

teachers have been added to Central's faculty this year, replacing and substituting for those who have been called away for defense work and various other reasons.

Among these is Mr. E. B. Etter. Among these is Mr. E. D. Etter, Central alumnus and a graduate of the University of Chattanooga, who married Helen Gross, "Miss Central" of 1939. Before joining the Central faculty, Mr. Etter was physical director at Brainerd Jun-ior High school. He takes the place of Miss Marguerite Lehman, is now connected with the T.V.A.

Mr. E. N. Field, graduate of George Peabody College, where he received his B. S. degree, is teaching social science. He previously taught at Hardy Junior High school and is replacing Miss Julia Ruth Richardson, who has accepted a position with the department of education of Hamilton County.

Mrs. L. L. Fultz, who graduated from the State Teachers College of Murfreesboro, Tennessee, and formerly taught at Whitwell Elementary school, has taken Miss Louise Sutton's position as economics

Central Offers **Aviation Course**

A pre-flight course in aviation is being offered to juniors and seniors who have had or are taking a course in Physics.

The course is being offered not wholly because of the war effort, but because the Civil Aeronautics Authority believes that after this war the airplane will take the place of the automobile.

"Several small planes have al-ready been produced," said Mr. Fletcher, instructor of the course, "that are as safe and as economi-cal as the automobile"

The course requires one period a day for two semesters and counts one credit toward graduation. The classes are not yet filled and further information can be obtained from Mr. J. J. Fletcher.

THESE WILL LEAD CLASS OF '43

Pictured above are, left to right, first row: Hardeman Stonestreet, vice-president; H. D. Gang, president; George Poston, secretary; second row: George Carden and Gene Shrader, sergeant-at-arms, and Richird Coleman, treasurer.

1942 Graduates Win Scholarships

The Alumni scholarship awards to attend the University of Chattanooga were given to a few of the outstanding members of the senior class of last year. (The graduates of '42.)

The students winning alumni scholarship awards for the university were: Alice Camp, Miss Central of last year; Lois Brown, Times page editor of the Digest

for last year; Benton Reams, Jer-Jones, Mary Frances Cross, Robert Shelton, Doris M. Mean, C. D. Broyles, Jean Leavitt, editor the Digest, Anette McCann. Betty Ward, Bernard Bisplinghoff, Doris Chapman, R. P. Goodner,

and Dorothy Sparks. Students making the highest grades on the competitive exami-nation at the University were

awarded scholarships.

HI-Y SPONSORS SALVAGE DRIVE

Jimmy Caldwell, prominent senior, has been appointed general chairman of the drive for scrap materials which will begin at Central in the near future. The Girls' and Boys' Hi-Y and the Parent-Teachers Association are in charge of the drive.

The goal for the entire school is ten tons of scrap materials and one ton of grease, and the goal for each pupil is twenty pounds of scrap materials and one pound of grease. Rubber, rope, and metals of all kinds will be accepted.

Each homeroom will appoint a captain to be in charge of the drive and four lieutenants, who will cooperate with the captain in helping to reach the quota.

Materials too heavy to be carried to school will be collected by a P. T. A. group.

ATTEND NAT. HI-Y CONGRESS

H. D. Gang and Robert Meyer were chosen from the Boys' Junior and Senior Hi-Y clubs to attend the National Hi-Y convention at Miami University in Oxford, Ohio. The conference was held June 24 through the 27th, 1942. Mr. J. Pope Dyer, sponsor of the Boys' Hi-Y, was also present at the con-

Seniors Elect '42 Officers

In an enthusiastic meeting Thursday, September 17, the seniors elected H. D. Gang, Hardeman Stonestreet, George Poston, and Richard Coleman as president, vice-president, secretary and treasurer, respectively, for '42-43. George Carden and Gene Shrader will be sergeant-at-arms.

Great confusion resulted in the secretarial election when the one first elected resigned; therefore there was another election.

The other nominee for president vas Hardeman Stonestreet while those nominated for vice-president were Robert Walker, Jerry Dean, Dorothy Butcher, Carey Crantford, Albert Miller, and Herschel Na-

Secretarial candidates were Miriam Leeper, Doris June Turner, J. E. Johnson, Vernon Cox, Jean Smith, James Ivey, Jean Cobb, Irene Gardenhire, Jimmy Black, and Luther Cope.
Other nominees for treasurer

were Riley Westbrook, James Ivey, Herbert Gilreath, Alicia Ware, Laura Jane Tallant, and Maurice Ratchford.

Other candidates for sergeantat-arms were Maurice Ratchford, Albert Miller, and Riley West-brook. There were two separate elections for these positions with the two named above emerging victorious. Editors for the annual will be announced later.

Cooper Teaches Home Nursing

Mrs. Mary Cooper, the school nurse, is teaching home nursing to the home economics classes of Miss Margaret Taylor, Mrs. W. H. Templeton, and Mrs. J. E. Shrop-shire, who are teaching foods this semester. Approximately 200 girls are taking this course in the nine classes which have been organized. The home economics classes that study foods next semester will have the same course at that time.

Mrs. Cooper said with reference to the course, "This is Central High's answer to the Civilian Defense Officers' request for a nation of women and girls trained to help keep our national health on a high level during the war emergency

THE SCRAP DRIVE IS ON!

R. O. T. C. ADDS **NEW BATTALION**

As the old familiar chant of 1-2-3-4, 1-2-3-4, echoes in the streets around the school, you may be assured that the Central unit of the United States R. O. T. C. is underway, for a better and more

efficient unit during 1942 and '43. The unit, headed by Cadet Col. James A. Ivey and instructed by Lieut.-Col. McMillin, Maj. Byington, and Sergt. Kessler, has an enrollment that exceeds that of last year.

This year the regiment is com-posed of four battalions of two companies each. Last year there were only three battalions. There is an average of over fifty men to

company.
Officers who will require sponsors, company captains, majors, and the Cadet Colonel, have still a few weeks to make that all-important decision. Without a doubt there will probably be some thrills and some shocking disappointments among the "weaker sex."

Librarian Has 23 Assistants

The recent addition of new library helpers has been announced by Mrs. Clarence Kolwyck, Central's head librarian. The helpers assist the librarians at the pass desk, the loan desk, and also give helpful information to Central's new students. They are selected on the basis of scholarship, dependisability, and ability to work well with others. They must have no lower than a B average. Students lower than a B average. Students who have been chosen for the positions are: Dana Hardin, Bill Cumings, Virginia Abel, Alfred Davis, Elizabeth McAllister, Lorna Brown, Thurston Cook, Virginia Cobleigh, Geneva Bowling, Virginia Eckert, Ethel Blackburn, Doris Mavity, Andrew Witt, Hendetta Poust, Ethelien Peers, Mine rietta Foust, Ethelyn Peace, Nina Lawson, Jacquelyn Jameson, George Barker, Loretta Gossett, Emily Peoples, Carmen Allison, Dolly Johnson, Charles Mulkey.

These aides comprise the library club. They have elected Dana Hardin as president; Bill Cummings, vice-president; Virginia Eckert, secretary, and Geneva Bowling, treasurer.

VARSITY SELECTS **56 NEW MEMBERS**

Mr. K. W. John, head of the music department at Central, has announced the members of the Varsity Gleee club for 1942-43. ART YOU'LL **SEE IN 323**

"Art" students are proof enough as to capability when their work is displayed here at Central.

R. C. Craven and Richard Camp (class of '42) were two of Certral's most outstanding artist artists. Richard, who turned out very good pieces of pottery, has been with Kerr's China Shop all summer. R. C., known for his striking illus-C., known for ms strasing illustrations and photographic compositions, has been with the advertising department at the Tivoli Theater. But there are students still enrolled here who have done art work this summer. James Ortwein, a remarkable letterer, helped in sign work at his father's advertising concern. James Gass put up many window displays, while Rosa-lie Gwinn and Betty Vance painted placards and window signs for commercial stores. Both girls are good in poster work. Added work was brought to the department for criticism and finishing touches by Barbara Gill and Melvina Steagall. Barbara painted two can-vases in oil along with some pen-cil sketches. She also did adver-tising posters for the East Brain-erd Riding Academy. Melvina displayed some charcoal sketches and a few remarkable water colors she

Central may well be proud of the manner in which many of her graduates are helping to win this Among these many former students of Central are First Lieutenant J. D. McCallester, who is now stationed at Camp Roberts, California, in the 181st Field Ar-tillery, and who visited Central Tuesday, September 15. J. D. said that he felt that his courses in history and mathematics were very helpful to him in passing place-ment tests which he was required to take in order to become First Lieutenant.

Sydney Majure, who graduated from Central in 1941, has just completed a three months' photography training course for army men sponsored by Life magazine. Pictures taken by Sydney were featured in the last September issue of Life magazine. Prior to this training course Sydney was stationed at Kregg Field, Alabama, with the air force.

WEDDING BELLES

First on our list of lovely ladies who have trod the middle aisle this summer is Mrs. J. Stegar Hunt, the former Miss Elizabeth Jones popular teacher of history at Central. Mr. Hunt is head of the science department. The couple was married on August 21, at the Pilgrim Congregational Church with Dr. W. S. Keys officiating. The bride wore black crepe set off by a shoulder corsage of purplethroated orchids. The couple en-joyed a northern honeymoon.

Mrs. Leander Morrow Coop (Mis Genevra Crawley), former student of Central and member of the Digest staff, was married at the Church of Christ on August I by Rev. A. S. Landiss. This was the seventh anniversary of the couple's first meeting, at which time they had been attendants at the wedding of a friend. Mrs. Coop teaches English at Soddy-Daisy High school and Mr. Coop has recently accepted a position as history teacher at Central. The music department lost Miss

Thelma Marcum on June 14, when she became the bride of Thorn Walker in the chapel at Fort Jackson, S. C. The bride wore pink marquisette and carried a spray of gardenias.

Miss Bessylee Wiggs, formerly of the Central faculty, was married to W. F. Smith at the post chapel at Camp Forrest in late summer. Mrs Smith wore a brown ensemble

HOMEROOM DEVOTIONALS

One of the projects of the Bible club is to arrange devotional readings appropriate for use in the homeroom. H. D. Gang, chairman of this committee, states that the club plans to select the readings from the lives of several great characters in the Old Testament this semester. The character chosen first is Joseph. The following references are submitted with the

omeroom period: Friday-Genesis 37:3-12: Jo-

eph's dreams. Monday-Genesis 37:13-9: Jo-seph searches for brothers.

Tuesday-Genesis 37:20-27: Joseph mistreated by brothers. Wednesday — Genesis 37:28-36:

Joseph sold as a slave. Thursday-Genesis 39:1-6: Joseph prospers in Egypt.

E. B. Etter Is Central Coach

A new addition has been made Central's coaching staff, Coach E. B. Etter replaces last year's Walter Newland as line coach.

Etter, who played with U. C. Moccasins, graduated from the University of Chattanooga in 1934 with a B. A. degree.

After teaching for two years in Hendersonville, N. C., and Petersburg, Tennessee, he became Brainerd Junior High from 1936-1940. In 1940 and '41 he was the principal of Park Place gram-mar school. He now teaches al-gebra and geometry here at Central besides his position as line coach.

Intra-Murals Are Getting Under Way

Beginning next week Coach Dean Petersen will open his 1942-43 intra-mural program. The program is to be held by the various gym classes and will mark the first in the history of Central. It is be-ing held at request of the Gov-ernor of the state in an effort to build up the bodies of average high school students.

Coach Petersen will swing this program into action by staging a grueling cross-country run over a two-mile course. About 200 boys will compete in the elimination runs, but this large number will be narrowed down to about forty in the finals. The winner of the race will have his name inscribed on

the cross-country trophy.

There will be other contests in the gym such as dart games, pingpong, chinning, boxing, wrestling, climbing, and weight lifting.

The field program will consist of a standing broad jump, various races of different lengths, and ending with a strenuous three-mile run which was begun last year and won by Morton Pace.

PUNTS .

The Central Pounders have been put on a spot. Litkenhous, chem-istry professor at Vanderbilt, has rated them second only to Knoxville High in the State. . . . Ben Huddleston, left end for the '41 Purples, is practicing with Tennessee's first string. . . . The sport nessee's first string. . . . The sport scribes around this fair city are saying that the Pounders have this year the best clicking team the city has seen in many a year, with Quarterback George Carden as the main sparkplug of the team.

Coach Petersen will place increased stress on intra murals this year since Governor Cooper has asked that all high schools help build up their students by having a great deal of intra mural activities in the gym

Purples Defeat Alabama Team

Those who attended the football game at Frawley Field last Thurs-day evening saw the powerful Central nine subdue another opponent by the easily made score of 60-0. by the easily made score of 60-0. This was Central's third tilt and also third victory. The Valley Head, Alabama, team was out-classed and outplayed from the start.

Billy Carter broke the ice by scoring first for Central with a right end 65-yard run. A few minutes later Carter made another after receiving a lateral from Quarterback Lawson.

The run of the night occurred in the third quarter when George Poston ran seventy-four yards for a touchdown.

Three touchdowns were made by Ira Templeton, two by George Carden, and one by Patterson be sides those made by Carter and Poston. Extra points were kicked by Thaxton and Patterson

An overflow crowd of loyal Cen. tral fans turned out to see the Purple Pounders down the Red Bank Lions in their opening tilt of the season with an impressive score of 53 to 0.

score of 58 to 0.

The Purples started rolling up their score in the opening quarter and kept up such a relentless barrage of touchdowns and extra points that the Lions were kept practically in their home territory till late in the second quarter. The Purple varsity played only

in the first quarter and were sent in to stop the Lions in the third quarter. The rest of the game was played by the second and third teams.

Many would-be first-nighters were turned away, but those few thousand lucky ones saw a tean made up not of individuals stars but a team that co-operates tirely throughout the game.

This game was of particular in-terest to Central since the coach of the Lions, Coach McCoy, wa once assistant to our own Coac Petersen. For their size and ex perience Red Bank Lions were fast moving team and put up a good fight, considering circum stances under which they played.

INTRODUCING ...

"My mother was a Smith, my "My mother was a Smith, my father is a Brown, but I definitely do not intend to marry a Jones," declared adorable Doris Ann Brown, who would knock any intelligent man for a loop. This remarkable personage was born on a dreary, drippy day in December, 1924, and at the early age of four years, six months, had acquired the ability to stand up on roller skates, She is in the Riding club, loves fried chicken and asparagus, has dark hair, lovely changeable eyes, and likes to go on week-end trips in the Smoky Mountains.

"I'm crazy about all my teachers. I love each one," drawled tall, brown-haired, green-eyed, brilliant Luther Cope. While yet in grammar school, Luther starred as Jim my in the production, "Be Careful, Jimmy," and has continued his remarkable career successfully up to the present date. Luther is in the Hi-Y, National Honor society, is president of Grady Literary society, and president of Biology His hobby is studying and club his ambution is to be a math, or science teacher.

RAMBLING ROUND

All aboard (all that can't get a board get a plank), ship ahoy, an-chors aweigh, and we set sail on our Red Cross boatride, (after three hour wait at the dock). But after we got started everything turned out swell with King Perdue and his orchestra furnishing the music to some red hot jitterbug-One interesting sight was ging. the attempt of Dottie Gibson Bobby Poston to teach J. E. Johnson how to "jive." Prince Broyles, photographic editor of the annual, was taking some very interesting pictures. There were numerous new freshmen and sophomores aboard and we're glad to see them turning out for our first big social of the year.

While roaming around on the top deck I saw here and there: Grady Stevens and Violet June Smith; Pie Covington and Betty Scoggins; Bill Jackson and Mary Elizabeth Long; Harry "Fuzzy" Green and Frances "Tweedles"

Another week has gone by, but Central is not up to its usual standard for interesting new couples. Maybe the male element is too shy. Come on boys, the girls are just as anxious to get equainted as you are,

Martha Dudderar and U. T.'s Harold Gibbs seem to have quite a case. . . . Jimmy Turner, a Cenbandboy, has been smitten with love for Corrine Dougherty, a newcomer from Kansas.

The Margaret Childers and Ned Thaxton twosome is one of Cen tral's cutest. . . . McCallie still holds first place in Janice Lee's . . . Betty Scoggins, seen constantly with Pie Covington, is lso being pursued by Jerry Dean.

Jerry certainly knows how to pick 'em. . . Dot Butcher and Nancy Sue Hill ought to be called the Siamese twins. They're inseparable

Jackie Jameson and Lorraine Imrie really had fun in Nashville We wonder who inspired their sudden liking for Vanderbilt.

There's really an affection budding between the captain of the Purple and Gold band and his sponsor. How touching ! ! !

Love is flowing along, smoothly when the eternal triangle rears its ugly head. Nelle Ruth Morgan is having trouble remaining faithful to Lester Owen, who is 'way down at Auburn, with a certain s her mind.

Four Coaches Comprise Staff

Coaches S. D. Petersen, W. P. Bales, E. B. Etter, and Lester Newton comprise what is known around the city as the most capable and experienced coaching staff of the district.

Coach Petersen, our head football coach, has behind him many years of experience as a coach as well as a colorful playing career. He was an outstanding member of the Auburn team and a well known quarterback of his college team. Most of Central's outstanding have been gathered and rounded into the caliber that makes them great. And for this, if for nothing else, Coach Sidney Dean Petersen deserves his share of praise

Coach Bales of our staff. He is active and energetic in more sports than one. Coach Bales is head mentor of our basketball and baseball teams. It was due greatly to Coach Bales' guidance and experience that the Purple quintet and nine were able to carry the Purple and Gold to a city championship last

Coach Etter is a newcomer to the Central faculty, but with aid from Coach Petersen he started right into things and is rounding

out the Purple line very nicely.

The results of Coach Newton's work last year can be found else where on this page and if we judge this year's work by last year, the grasscutters can expect a good season.

PUNTS AND PASSES . .

Billy Carter, our short, fast, sec-ond-string wingback, is coming up very fast in the scoring column of

the city prep schools.

Coach Petersen is rounding his crop of ends into pretty fair shape for the Knoxville City game. Ben Miller is still holding his

own for the top notch among the city prep school centers.

The Purple eleven is considering very seriously of changing How-ard (Hurler) Derricks' name to "Hurdler" on basis of his ability to hurdle the line.

Litkenhouse still rates the Puroles second only to Knoxville City. The position was gained only last week after they had been dropped to third for Memphis Tech. It seems that George Carden's

popularity is growing right along with his touchdowns.

Central's weak position, if they have such, seems to be the two ends, but under the careful and experienced guidance of Coach Petersen, the two positions are be-ing well taken care of by Eugene Shrader and Frank Trundle, of Central's star backfield men last

The Baby Pounders are getting into shape for their first tilt with Lee High.

Coach Petersen's intra-mura program for this week consists mainly of training for their opening run of the gym classes, the gruelling two-mile cross-country

Pounders Gain Indian Revenge

The Kingsport High school team one of the most important teams on Central's 1942-'43 gridiron schedule, was fought and defeated by the strong Purple squad with a surprising score of 41-0. This game was a form of revenge for the pounders and it broke up Kingsport's series of four victories in previous years.

After the institute plays the Indians were scored on by a seven-yard left end run by Howard Der-rick. Later Central scored by a 24-yard pass play received by Pat-terson from Derrick. Other score were made by Carden, Templeton and Shrader.

Carden, early in the third quar-ter, broke loose with a 58-yard touchdown run. An unusually good 40-yard pass was completed from Derrick to Shrader for the las score on the Indians.

Some of the 3,500 odd fans wh

Congratulations!

Congratulations, Centralites! What a wonderful job you did on your salvage campaign. The goal was reached. Everyone who brought this scrap should feel proud that he has helped Central to reach its goal. Thanks should also go to the Boys' and Girls Hi-Y, and the P. T. BAND RENDERS NAT. ANTHEM

The "Star-Spangled Banner," the National anthem, has been given a special rendition by Mr. Edward S. Vanover, director of the Central High band. Among the pleasing variations added by Mr. Vanover is a cornet solo, the music being composed by him and played usually by Harry Green.

According to those commenting on the version, the first time it was heard was at the City-Central game last Thanksgiving and since that time it has been played on various occasions and has been received with unusual appreciation. It has been requested that this piece be played at each football game remaining in the season.

SILENCE FOR SUCCESS

The adage, "Silence is golden," is applicable to our prest day air raids and fire drills in which certain orders and
ections must be observed for their success
Every student should fully realize the importance of these
Ils and their significance in these perilous times of wholeedestruction and should take it as his responsibility to see
t they are conducted in the correct manner. In a recent
cussion concerning student conduct during these drills, Colel D. N. McMillin voiced the sentiment of the faculty and
finer element of the student body when he stated, "Absosilence is one thing we insist on in air raid drills, and
rule applies from the sound of the bell till the all clear
all is given."

nal is given."
Preparatory drills are given to accustom the student to situations which would exist should the real condition prescribed and also deer prevail in a real air raid or fire, many smight be needlessly lost due to this situation. You can contribute much to the success of these drills by aining absolutely quiet. If your neighbor does not follow example set by you do not cause a commotion trying to come him. Remember this is a regulation placed upon you your own self-protection and military authorities demand a co-operation. Remember, Silence is imperative.—R. K. W.

SAVE INSTEAD OF SPENDING

Due to the demands of the United Nations and our own tary forces, many otherwise plentiful commodities are go-to be scarce, but in spite of this many people who have necessary funds are hoarding, thus injuring those in the er income brackets.

necessary funds are hoarding, thus injuring those in the er income brackets.

They purchase prodigious quantities of clothes, canned da, coal, and other materials. This practice is carried on by big corporations who store up great quantities of steel eo other plants have to close down for the lack of this al. They do not seem to realize that the keynote of the program must be economy. Also the excuse of rising es can't be offered because of the recent price ceilings. combat this (hoarding) the government will have to instia general rationing plan which is the only solution to the loem if the people won't voluntarily cease doing it. But ly we as Americans see the necessity of economizing as step toward winning this conflict and will make the necessacrifices. This may appear hard because of our peace-wastefulness but the statement has been made often that gae European family could subsist for a year on what the age American family wastes in the same period. If the peans have been doing this for years then Americans unbtedly have the fortitude to do it for the duration, but if do not, then we are admitting to Hitler that we ARE and weak.—H. N.

The Voice of

Life presents to young people, today, many doors through which they may expect to reach happi-ness. One door leads to social popularity, another, to a good po-sition, still another, to happy home life; many others, too numerous to mention, lead to other desirable ends. Each person longs for a key to fit all the locks.

One key may be used to open

of these doors. This key is not gained easily but it may b possessed by anyone who is willing to earn it. It is the Key of Popossessed of anyone was allowed to earn it. It is the Key of Politeness. This politeness is not surface veneer, learned by memorizing rules of good behavior. It must come from the heart and must be made of understanding, kindness and unselfishness.

Marjorie Kinnon Rawlings in Cross Creek says, "Breeding is after all a matter of manner, of social adjustment, of exquisite courtesy." She tells of an old colored woman who has all the marks of good breeding. Although she was not educated and had little of this world's goods, she did have genuine politeness.

Plan to get this Key of Politeness early in life, young people. Keep it polished. Use it constantwell-bred. Practice this exquisite courtesy and you will be ble to open new doors every day of your life,-Mrs. J. Frank Price.

Hmmm! . . . I can still smell that delicious aroma of hamburgers and onions that was in the air at the Chickamauga Boat Dock on Thursday night, October 1. Yes, it was the Spinsterettes being en-tertained by their president, Ruth Ling. Everyone there had a swell time and everything went along fine until one of Marjorie Bales' screams attracted a policeman. don't know what brought about the

All others were stags and they included Jan-ice Johnston, Doris Henry, Mabel Criswell, Amy Jean Erwin. Mrs. Frank Price, the sponsor of the club, was chaperone.

From the hamburger fry let's take a peep for a bird's-eye view of Central's corridors between

classes. At the beginning of the day, that is the pre-school period, you may find Harry Green and Frances Slatton in the bandroom (also at the Sky-Way on Saturday night). At the first period you can find Al Layton, Kenneth Sliger, and Roy in the library staring at a freshman girl across the library (she's cute, too). At the second period you can always find John Bohannon and Cooper Holt in very intimate conversation with Mae Elsie and Lucille Simpson (just ask Mrs. Robinson.) (I can't say much about the third period because the reporter is rather busy himself.) But the fourth period you can find Joe Baker trying to find out the name of his new admirer. But the sixth period is the best of all. In Mr. Hoodenpyl's chemistry you can see . . . well, can you beat that; my column is all gone, and I can't tell you. Well, so long till next week.

INTRODUCING . . .

Lydia Jo Alley possesses that envied quality which every woman desires. She is precisely a mankiller. While yet in grammar school she began to captivate the hearts of the males. And she is continuing successfully at present as any fool can plainly see.

This unusual creature entered Central from East Side Junior High as a sophomore. At East Side she was in the May Queen's court and National Honor society. At Central she is a member of the Senate, the Girl Reserves, the Gadabouts, and the Biology club.

Cupid isn't sending new loves the assembly line quickly enough. This poor columnist practically has to create gossip to pro-duce these tid-bits. Does it take a gentle spring breeze to set your hearts in motion, Centralites. Here's the latest news, meager as it is:

Jerry Hartman has no interest in Central boys any more (much to their sorrow). Her heart's in California with a certain boy from the Army Air corps. . . . Why does Wayne Griffith walk home with Gwendolyn Westbrook every day? Is the attraction Gwende lyn? . . . Wonder why all the girls like to go to the library the 8th period? Fowle Addresses Student Assembly

"What kind of world are we go ing to have in the future, and what can I do to help?" was the question brought to the minds of Central students by Dr. James L. Fowle, who spoke in chapel on Tuesday, October 6.

Dr. Fowle stated that the best thing that students could do would be "to be honest and to do the best work that was possible. There will be changes-different kinds of airplanes, more rapid transporta-tion, and mechanical transformation, but there will still be some permanent things that will always remain-courage, loyalty, emotion, and faith. These are characteris-tics that will forever live in the

hearts of American people."

Dr. Fowle was introduced by Laura Jane Tallant, president of the Girls' Hi-Y. Devotions were led by Betty Sue Barker, Juanita Crawley, while the trio composed of Delores Baker, Marjorie Bales, and Dorothy Brewer sang.

The Purple eleven is now rated first among the top state teams by Linkenhous. He gave the Pounders a 96.5 per cent rating after the Central team downed the Kingsport Indians 41-0.

Baby Pounders Suffer Defeat

The Central grasscutter team shone on Wednesday, October 7, as they defeated McCallie's "C" team, 13-7. They followed this vicory with a defeat, however, last Friday by Lee High.

Central's boys gave a good fight, but were outweighed and outclassed by Lee High's more experienced team. The final score was 25-0.

The Baby Pounder team was composed of: ends—Bill Towers and Frank Haskell; tackles-Roy Crawl and Coyle; guards-Bill Stewart and Richard Havery; center—Ray Coleman; quarterback— Bob Eavns; halfback—Jack Rob-inson; fullback—"Red" Burt, and Frank Burgess-halfback.

The grasscutters did remark-ably well against an experienced varsity team.

into the Senate at a called meet-ing on Monday, October 19, at chapel. The Senate test was given Friday and fifteen juniors and seniors were admitted to fill the senior quota. The seniors who were admitted are Jean Peoples, Dick Landis, Amos Johnson, Joe Hurn, Annette Thomas, and Jimmy Bales. These were voted on and passed on by a majority of the members.

There were only five juniors who passed the test. They were discussed by the members present and were voted in by acclamation. They are Juliet McBroom, Betty Duggan, Lorna Andrea, Marjorie Moore, and Billy Couch. These, however, do not fill up the junior quota, and more will be taken in at a later date. There was only one sophomore who passed the test and she will be voted on by the club after the test has been given to the sophomores and juniors at a later date.

U. S. ARMY COLONEL VISITS R. O. T. C. UNIT

Recently the Central R. O. T. C. unit was visited by a most distinguished guest, Colonel L. W. Nichols, head of the R. O. T. C. affairs in the Fourth Service Command.

Colonel Nichols replaces Colonel Richmand and was accompanied by a sergeant and his staff from headquarters in Atlanta, Georgia.

The purpose of his visit was to come acquainted with the unit However, this is considered an informal inspection. Colonel Nichols will no doubt be interested in the improvement that the unit can make from the present time until the annual inspection, which is a very important affair.

JR. RED CROSS FILLS GIFT BOXES

The American Junior Red Cross is sending gift boxes to the different homerooms. These boxes are to be filled with various articles and sent as Christmas gifts to the children overseas. Some of the articles which will be most appreciated are: soap, washcloths. tooth brushes, combs, tooth paste, handkerchiefs, and sewing materials. Soap is unusually scarce in war torn countries. Virgil Pinkley, in his recent lecture at City High, stated that in Switzerland only four bars of soap a year are allotted to each person. Small toys will also be accepted. These cartons will be sent to the local Red Cross chapter for delivery,

JOIN BEFORE TOO LATE

Whether a student has a full and happy school life at Central depends largely on the friends he makes, the record he establishes, and the activities in which he participates. A tudent should fully realize the importance of becoming an citive member in the numerous extra-curricular activities which we offered at Central. By joining these organizations he can prove a valuable asset to the faculty and student body and also it binests o most deal. id himself a great deal.

Traits of character such as dependability, leadership, serve, cooperation, and courtesy are further developed in student reganized groups. These traits will add to the basic foundation which is bein gestablished for later life and will teach the idividual to accept his responsibility as a citizen.

Student enterprises like the National Honor Society, the oys' and Girls' Hi-V, Girl Reserves, the Senate, and other qually prominent clubs are steps along this line. Many stuents enter Central and fail to join clubs and participate in hool activities and later regret that they did not accept the poortunity when it was at hand.

You, the underclassmen and many older students, should rofit by the mistakes made by others in this respect and make our school career one which is planned wisely. Correct planing, many times, determines whether an undertaking is a scess or a failure. By participating in school activities you may benefit from the experience yourself and also help your slow students, thus promoting the best interest of Central.—R. K. W.

WE ARE THE ONES

WE ARE THE ONES

The President in his recent address was perhaps more outtoken than at any time in his presidential career, but this is
be expected in view of present conditions.

Several points of his talk should be noted especially by
se young people as it concerns them greatly. The first of
sees is the problem of farm labor which numbers a million
se than last year. To remedy this the present high school
oys and girls will have to go to work in the fields, because
thout sufficient food the whole war program will collapse,
his will undoubtedly necessitate revision of the school year.

Then there is the drafting of the 18-19 year olds. Those
oys who are in school will be deferred until July, 1943. Even
ough some won't have finished school they will be inducted
ter this date. This will cause many parents much anguish,
at this is one of many offerings which must be made to the

at this is one of many offerings which must be made to the do f war.

This further draining of manpower will have to be counterted by more women in the factories. This means herelofore inty, fragile womanhood for the most part must give way the work-begrimed, toiling woman.

These problems though great are few of many in the war, it they must be met and met quickly, because any bottle-neck is the assembly line of victory may prove fatal to us as a tion.—H. N.

THE VOICE OF THE FACULTY

How do you sound to the people who have to listen? Do you know? Is your speech the object of criticism, or is it the object of

Student talk, and sometimes teacher talk, from our stage is frequently good. Often it is very poor. Upon examination you may be the very one guilty of having that nasal twang, or that voice that seems to emanate from your throat. It is possible that you use the same tone just as if you tried to play a piano sol by using only a, b, and c. Or, it may be that you rapidly run it all together or drawl it out at o monotonous rate. Some omit the sustained beauty of vowels and pronounce poorly their consonants, if they pronounce them

Today's scrap drive, bond selling, health campaigns, and Red ss work are all crying for people who can be easily understood, who have something to say, and who can get to the point quickly. Good speech means pushing Freedom's cause; makes you socially more attractive, and often gets you a job that puts extra dollars in our pocket.

Don't you think it is about time to do something about the way you sound?—Mrs. George Harding.

Students Assist In Library Work

Since the opening of school fourteen more student assistants have been added to the library staff. These aides assist the librarians in many ways, serving at the reserve book desk, the loan desk, and the pass desk. They are selected on the basis of scholarship, dependability, and ability to work well with others. Their scholarship average must be not lower than B.

The new helpers are: Betty Jean Higdon, Elizabeth Manker, Katherine McLaughlin, Joe Cooke, Betty Jean Bivens, Ted Schlack, Lela Manley, Macatha Allison, Pat Rungee, Delores Fritts, Luther Cope, Jerry Hartman, Leslie Gryder, and Jean Peoples.

ART TERMS

It appears that a great many individuals exist who don't seem to fully understand the variou forms of art. These include com mercial art, applied and textile designs, pastel, oil, and water color paints, still life, and life drawing,

At Central the first class is given to life drawing, every other day, Students taking this form of art already have some experience in drawing and learn more about composition, color, and form. "Still life" involves a composition of something that is immovable such as potted plants, bowls, or anything in that line. Life drawing is self-explanatory, as human models are usually used for the subject, including portrait and the full length figure. DR. SMITH SPEAKS TO STUDENT BODY

Dr. Egbert W. Smith spoke to the student body Tuesday, October 13, at the chapel period. Dr. Smith has worked with the people of Central Africa over a period of many years. He was impressed by the intelligence of these people and commented on the comparison of the natives of fifty years ago and today. Before Christianity was introduced in this section the natives ate human flesh and be-lieved in witch doctors. Many of these people made great sacrifices in order to become Christians. One man sacrificed both eyes to be a follower of his Lord.

Mr. Smith said he used to have the idea that missionaries were very unhappy, but now knows that they are the happiest people in the world, for they are putting their lives where they are most needed.

CENTRAL RESERVES TIE McCALLIE 0-0

The Baby Pounders have suc ceeded in tying the varsity second string of McCallie with a scoreless game last Thursday on Patten Field. In two previous games with McCallie's team the grasscutters were defeated once 7-0, and won 13-7. One other game with Lee High's experienced varsity resulted in a defeat.

Central used five players from the third string, Roy Levi, "Wimpy" Stevens, George Lerch, Charles Smallen, and Mickey Parks. Charles Burt played full-back, Bill Crockett and Jack Robinson tailback, Stevens quarterback, and J.

W. Whitmire, wing-back. In all McCallie's reserves threatened to score three times. Central's players did remarkably well in holding the opponent back when McCallie had a fourth down and only three yards to go for a touch-

Jack Robinson intercepted "Tornado" pass and ran to score a touchdown only to be called back because of running out of bounds. The grasscutters plan to play Soddy-Daisy's reserves today or

tomorrow at Frawley Field.

INTRA-MURALS

Intra-murals have come to a virtual standstill due to circumstances beyond the control of Coach Petersen, the director.

The Purple eleven is now en gaged in a schedule made up almost entirely of road trips and since it is imperative that Coach Petersen go along, the intra-mural tilts must cease temporarily.

Coach's numerous assistants in the gym classes are carrying on very admirably. They have the gym classes well organized and are running the relays very nicely. They also take charge of calisthenics and the running of cross-coun try elimination runs.

PUNTS AND PASSES ...

Litkenhous, the chemistry proat Vanderbilt who rates football teams with a percentageby-score system, has finally ar-rived at the conclusion that the Purple eleven deserves the honor of being rated the best team in the state, and he has placed them in this niche with a 97.6 percentage. Knoxville City, the usual first place runner, is not far behind with a 94.5 per cent.

The Male High game two weeks ago brought out two facts: one, that the Pounders could win under great strain (they were handicapped by the fact that they lost a whole night's sleep the night before), and, second place, that they are not immune to injuries as some people have come to believe. Ben Miller, our sensational first string center, received a severe cut on his tongue but was able to play the remainder of the game.

If George Carden doesn't stop

running those long jaunts from punt-formation, schools will start adopting this formation as a regular formation instead of an occasional play.

The Purples are still the pacesetters among city prep school scorers. The five top scorers are members of the Purple varsity (two from our second string).

The intra-mural program will get under way once again as soon as Coach Petersen completes his strenuous road trip schedule in which he is now engaged. Coach deserves a lot of praise for rounding out a champion football team and at the same time directing the gym classes.

JR. RED CROSS REACHES QUOTA

This past week the Junior Red has sponsored its annual drive for Christmas boxes to be sent to foreign allied countries.

Central's quota was 104 boxes. This is not so many as last year due to the scarcity of transportation facilities.

Each homeroom was asked to fill one box but many filled two. Their representatives, with the last name of homeroom teachers, are: Mar-tha Tillery, Taylor; Marguerite tha Tillery, Taylor; Marguerite Hood, King; Betty Allison, Allen; Kitty Henry, Jones; Ernest Johnson, Longley; Layton Pippin, Johnon; Jean Shattuck, Teitze; Irene Barrett, Bales; Eva James, Lillard; Helen Machen, Nickel; Alice Robinson, Robinson; and Wilma Liver, Moffitt. Mrs. Hazel Barton's homeroom filled three boxes. Her representatives are Mary Jane Bayston and Thayer Bell.

Miss Margaret Waple's home-toom turned in a box of soap, which is rationed to the allies.

BIOLOGY CLUB TO PRESENT CHAPEL PROGRAM

The Biology club of Central will present a chapel program in the near future which will be hased on the theme, "What part biology is playing in the war." Several sub-topics which pertain to the main subject such as "How diseases are transmitted to soldiers" and "Statistical reports of the deaths of soldiers because of various diseases" will be used in

planning the program.

These discussions will be both appropriate and timely since many the subjects are related to war problems—the collection and use of scrap and the conservation of fats.

Announcers Map Program Plans

The Announcers' club has organized its program plan for the year and has stated its requirements for announcements to be made. All announcements to be made chapel must have the signature of the person desiring it. These writ-ten forms should be clear, complete, and of a legitimate nature. No announcements will be made without these specifications. They should be given to one of the club members listed each week on the main bulletin board. This club is organized temporarily to serve other organizations and individuals needing aid in making announcements. This work also involves a study of public speaking. The club officers are: chief-of-staff, Dorothy Butcher; assistant chief-of-staff, Joe Hurn; secretary, Nancy Sue Hill; treasurer, Jack Raulston.

OUIETNESS FOR RESPECT

Chapel conduct this year is perhaps better than it has been for the past two years, but it is still not up to the standard of high school students. A great many times after others have ceased to applaud some few continue. This is very conspicuous and sometimes embarrassing if there is a guest speaker

present as is usually the case.

The majority of the teachers can't enjoy the program, be-The majority of the teachers can't enjoy the program, becaused they have to be constantly on the alert for boisterous, rude students who prevent others from listening to those on the stage. Evidently they (the speakers) have something to say or they would not be there.

Practically every day the scene is enacted of an embarrassed (?) student's walking up the aisle to the exit in the midst of the assembly because he couldn't, or wouldn't, as is usually the case, control his conduct.

Those in the audience would do wall to put the made to the cause he couldn't to the case.

Those in the audience would do well to put themselves in the speaker's place and imagine the feeling when a speaker sees someone arise abruptly and leave. He would undobtedly feel his words were falling on deaf ears. In the case of a sees someone area arrupty and neave. The would unconcenty feel his words were falling on deaf ears. In the case of a visitor this is worse because he will probably have his opinion of Central lowered after such an experience.

This situation can be remedied if those around these would-

be comedians and fog horns would give them no heed what-soever, because nothing is so disheartening as an unapprecia-tive audience.

GROW UP, AMERICA!

We rub our eyes in amazement as we look upon a genera-tion of young men going to school in the armed services. Here is something new and vast in education. The branches of services are a distinct educational field within themselves and to each are added special schools for the training of ex-

mant minds and reshaping our ideals which constitute our everyday life. We are all in a school, both learning and relearning, preparing to graduate in a better order of life.

We are acquiring new lessons in geography and in the character and life of many nations, all in preparation for the world which soon must dominate us.

Joseph Cook once said that the world is now one neighborhood and must become one brotherhood. Daily this fact is becoming more self-evident. Our knowledge and sympathy must comprehend the earth more swiftly than the airplanes' message if we are to succeed in such a task,

We must become aware of the very vital message. "You've."

message if we are to succeed in such a task.

We must become aware of the ever vital message, "You've got to grow up!" We must grow, grow, and grow, and expand in all the qualities that constitute a real life. We need big caliber in our guns but even greater in our men. J. G. Holland's lines never seemed more pertinent than now: "God give us men. A time like this demands, Strong minds, great hearts, true faith, and ready hands; Men whom the lust of office does not kill; men whom the spoils of office cannot buy; men who will not lie."

The Voice Of The Faculty

How often in the last few years have we heard these famous lines: It matters not if you won or lost

But how you played the game. For many years certain self-styled experts have been saying that it is wrong for us to instill the desire to win in our athletic teams, that boys and girls shouldn't play to win, that they should play just for the sake of playing—win, lose or draw. These so-called psychologists have at-tracted a large following, and, in many instances, schools, Y. M. C. ing, skating, etc.

Now we are engaged in a world wide conflict in which it makes all the difference in the world whether we win or lose. The future of our country is in the hands of the boys and girls of yesterday and today — many of whom have not been taught to play to win. In whose hands would you rather place your life and that of your

Before another year passes hun-dreds of Central boys and girls will definitely be in this war, fighting in either actual combat or in the war of production. Central boys and girls have learned to play the game hard, fair, and square and to WIN!-Coach E. B. Etter.

INTRODUCING . . .

Blue-eyed Dolores Baker may be classified as one unusually delightclassified as one unusually delight-ful blond. This studious lady is a member of the Senate, Glee club, orchestra, S. P. Q. She likes men that are tall, dark (but not men that are tall, dark (but not too dark), handsome, politie, and by all means not fresh. She is ac-complished in the art of playing the piano and intends to become a

ool teacher some happy day. Delores, who is the pride and joy of every teacher, has made twenty eight A's in the past two years. Think what a teacher this little genius will be!

After graduation Dolores is planning to attend Carson Newman college.

Perhaps many of you have wondered who that distinguished-looking gentleman is who may invaria bly be found roaming through vaous classrooms during the course of the day. And since curiosity has killed many cats in the day, I shall hasten to inform you that it is none other than brilliant Kenneth Bilderback. Kenneth is in the Senate, Officers' club, Senior Hi-Y, and the National Honor society is secretary of the Grady Liter-

TALL TALK

Shades of pink lemonade and otton candy! The circus has been to town! Colorful costumes, strange and beautiful animals, peanuts and popcorn, lovely ladies and laughing clowns and funny little midgets presented a gay panorama to Chattanooga last Saturday afternoon and night. There were lots of Centralites on hand for the festivities, too. We saw Frances White and her family feeding the elephant peanuts in the menagerie. Also in the menagerie tent was Barbara Gill doing some of her wonderful sketching of the gi-raffes, polar bears, tigers and other interesting animals.

Under the "big top" I saw petite Dorothy Henley expressing sheer awe at the breath-taking feats of the tight wire artists and the Mason family (including jack, of course) laughing at the antics of the clowns, Dimpled Gene Smith was there with her family. Also glimpsed Kenneth Conley enjoying every thrilling minute the show. Particularly enjoyable moments were the "Elephant Ballet," "The Marriage of Miss Toto and Mr. Gargantua. bw. the clowns, and the beautiful inspiring patriotic finale.—Dorothy Butcher.

RAMBLING 'ROUND

Hello, Central! Well, how does lyn Drinnon (they led the girls everyone feel after our team's seventh straight win? Boy, they surely are playing fine ball and I feel pretty confident that we will be the state champions.

But let's get back to the game last week with Notre Dame. Nearly everyone was there, stag or otherwise. And everyone had a swell time seeing our team defeat N. D. At the half our very colorful band led by E. S. Vanover and the girls' battalion gave a very keen show. They spelled out "Fighting Irish" and "Wild Irish Rose" for Notre Dame and "Pur-ple and Gold" for us. After this they marched off the field playing 'Notre Dame Victory March."

After the half I had a chance to ok around and see who was with who and so fortth. Among those there were Billy Hale and Laura Jane Tallant (hum! very interest- ers but I can't mention everyons ing); Ed Wilcoxen and Nancy Sue so so long and 'bye Hill: Maurice Ratchford and Eve-

BAND PERFORMS AT U.C.-T.P.I. GAME

The Central band has added another outstanding performance to their long record by their appearance between halves at the University of Chattanooga-Tennesse Polytechnic Institute game Octo-

Performing before crowd, the band and battalion ap proached each other from opposite ends of the field, the band forming a bow, the majorettes going into an arrow and the battalion forming the letters T. P. I. To the tune of wierd Indian music, the bow shot the arrow down the field, the arrow breaking up the letters T. P. I. From there the band formed a football while the battalion, inside the football, formed the letters U. C. The next formation was a star, the band playing "Stardust" with James Young rendering beautifully the cornet solo.

The complete unit, which is composed of 196 band members, in the battalion, thirty-five majorettes and seven color guards, is trained by E. S. Vanover and Miss Sara Hubband

"R" Team Loses To Soddy-Daisy

Although the grasscutters sus tained a defeat last Thursday afternoon from the Soddy-Daisy "Trojans," the Centralites played good defensive game.

The Trojans outclassed our team in experience. They made three touchdowns, two in the second quarter and one in the third, making the final score 20-0.

The winner will have his name inscribed on a gold cup, which was won last year by George Miller. The competitive as well as the spectators' interest is expected to be high in this race. So let's all turn out to witness these thirty-one young track hopefuls compete for the honor of being the second winner at this race.

INTRA-MURALS

The semi-finals of the grueling intra-mural cross-country race was finally run last Thursday with the following results:

In the first period Bill Davis set Soddy-Daisy varsity squad was the pace by running the course in led to victory by Alton Frazier and 11 minutes 12.7 seconds. Not far the pace by running the course in behind Davis came the following runners: second, Wallace Alexan der; third, Dolph Miller; fourth, I. B. Gonia; fifth, a tie between Clarence Tate and Joe Irwin.

The second period was Wallace Miller's with Charles Reed, Harold Thomas, Paul Broadway, and Leon Lewis in the next four slots, respectively. Miller's time was 11 minutes 25.5 seconds.

The Soddy-Daisy team scored Jack Hughes set the fastest pace their last touchdown in the third of the semi-finals by running it in quarter shortly after the Central 10 minutes 30.3 seconds to beat kickoff. Pounders Play At Knoxville Friday Night

Tomorrow night in the Fair City city of Knoxville two high-scor-ing, untied titans of high school football, namely Central's Purple Pounders and the Knox City Trojans, will clash in what promises to be the best secondary scholastic game in the state.

These teams are about as evenly matched as they can be if scores and Litkenhous are any indication, for Knox City has scuttled Morristown, Elizabethton and others by large scores, while Central has wrought havoe to its opposition and first in the state, according to Litkenhous. The Pounders are separated from Knox High by less than two points.

than two points.

Central, with a powerful and versatile attack led by a set of fast-stepping, pass-filingin' backs, will be out to avenge 1941's 33-14 defeat, of which one of the main reasons was Buster Stephens, a shifty back loaded with power. He is leading the Trojans again this year, but if they (K. H. S.) play as they did on Frawley Field last year there will be little tossing of the oval on their part.

The Purples' record to date (all wins) is: Red Bank, 53-0; South Pittsburg, 33-6; Valley Head, 60-0; Kingsport, 41-0; Male High, 14-12; Ensley, 33-6; Notre Dame, 38-0; Rome, 21-6.

P.S.-K. H. S. was defeated 49-13 by Miami.

Central Will Feature Matinee Instead of Night Performance

This year Central is departing from custom and performances formerly given at night will be presented in the after-noon. Mrs. Harding, head of the speech department, gives the reason in the following statement:

"The change came about as result of the economizing of tires and gas, and also the inconvenience of bus travel, and was moved up into the day in order to cooperate more forcefully with the war effort. This plan was carefully considered by approximately fourteen teachers and the principal, and they decided to cooperate. Its compensation is that if the school children leave school in the afternoon they will fail to attend a night performance, but if it is held in the afternoon most of the students will attend."

Another recent noticeable change you have probably found out by now-the time limit on car tokens has been reduced from 5:00 p.m. to 4:15 p.m. The object is to relieve the crowded condition on the busses about 5 o'clock

"Wappin Wharf" Is Senior Play

A blood - thirsty pirate's tale called "Wappin Wharf" has selected for the senior class play this year. The author is Charles S. Brooks and the play has its setting in an inn on Wappin Wharf at London. The plot has to do with a ring of retired pirates and their recollection of the "good old days." The story is packed with plenty of action, comedy, intrigue, and romance. Plank-walking and hanging isn't uncommon and rure drinking and story telling are favorite pastimes of the gruff, coarse ut lovable old pirates. There is, of course, a wooden-legged man and one of the crowd has an iron hook for a hand. There is everything in it to make good enter tainment

REPAIR THE RESERVOIR

Every American awaited anxiously the report of Wendell L. Willkie on his impression of the war situation received on his recent world tour. Although some dissenting voices have been raised against his report, it must be regarded as both challenging and thought-provoking.

One of Mr. Willkie's most poignant statements was "Many things have created an enormous reservoir of goodwill throughout the world for the United States, but we are daily punching numerous holes in the priceless reservoir."

We should ask ourselves the question, are we causing leaks and cracks to appear in the reservoir or are we increasing the

We should ask ourselves the question, are we causing leases and cracks to appear in the reservoir or are we increasing the unappraisable content of loyal friendship and deep respect of our liberty-loving neighbors?

The existence of this reservoir is built on confidence in us, in our integrity of purpose, our honesty in dealing, and our ability in performance. We have made great promises but how much effort have we exerted in the direction of their excemplifyingent? accomplishment?

accomplishment? We cannot expect anything from our allies but one turbulent sea of resentment unless we provide them with the tools essential to the successful accomplishment of the task of the free nations. Although we cannot open a second front immediately, we must see that our allies, who at the present must bear the bulk of the fighting, receive the equipment to carry on the fight against our mutual aggressors.—R. K. W.

WHY AREN'T WE INFORMED?

Recently out of the usual wave of rubbish from the Tokyo radio came the report that eight American airmen of the Doolittle raid last April had been captured and were being severely punished. Those listening laughed it off in turn as they did the rest, but from Washington came the horrifying confirmation that it was true for although no planes had grounded in Japan proper, some had on the occupied coast of China and

Sapan proper, some had on the occupied coast of China and Siberia.

Naturally this was a shock to a nation that in the past has been told the whole truth. Of course, all military news can't be related instantaneously, but reticence on this disclosure appears to have done more harm than good, because many people's confidence in our leaders has been somewhat shaken.

Evidently the officials do not think we are made of the same tough fiber that the English are, for if it is at all possible these people are informed of all reverses as well as the same tough fiber that the English are, for if it is at all possible these people are informed of all reverses as well as the stories. Why, then, should the truth be withheld from us? Did we not at one time surpass them in courage? We certainly didn't win the Revolutionary War by superiority of numbers or better equipment. No, it was because we had the ability to stare defeat in the face and still retaliate to win. Revelations of setbacks would also be advantageous in this respect: all stunning blows dealt by the enemy such as Pearl Harbor and others have been followed by an immediate rise in war bond sales. — H. Eleven Students Organize Swing Band - "Royal Rhythmaires"

After many requests that "this school needs a swing band," the following group of swingsters got together and now something new has been added, namely, "Royal Rhythmaires" (who might be identified as follows according to jazz lingo). Harmonizing on the slush pumps are Giles Brooks and J. C. pumps are direct browns and J. C. Miller, on the squeeze box is Ollie Benton, beatin' out jive on the drums we find Kenton "Skins" Hixon, blarin' out on their cornyets we find Harry "Fuzzy" Green and James (Stardust) Young. Beatin' on the big bass fiddle we find Ernest "Bull" Johnson, and then on the rather mellow side we spy Jack (Lombardo) Bowen, Jack Brown and "Butch" Miller on saxes.

Their theme song is "While a Cigarette Was Burning," and they rehearse as many nights a week "as the neighbors will allow." Their sponsor is Mr. W. C. Walker, allow. who furnishes all the music and their orchestra fronts. Their first program was at the Ridgedale Community Center on October 26, and they beat it out in chanel last Thursday, October 29.
Central may expect much more

fine entertainment from the "Rhythmaires" this year. These boys are all members of the band are interested in serving the amanga Lake. (I understand the student body.

ART CLASSES

How to plan my own home? That is what the afternoon art class has been thinking about During the last few weeks each member of the class has been designing and constructing various rooms in a house or apartment in which they would like to live. These rooms or houses will be complete with interior decorating including draperies, rugs, furniture, wall colors, and the general color schemes

Buddy Childers and Jack Cleveland are both planning one room which they would like to have for themselves. Charles Mulkey is designing a house in pure French provincial, while Barbara Whitmire is constructing hers after the most modern architectural form. A lovely country cabin is being planned by Dan Stanfield, and a complete house almost completed has been made by Betty Stanley, A member of the stage crew, James Upton, is doing something a little different from the others. He is designing a model stage that could actually be used to produce a play. David Smith is strictly for an efficient apartment.

These students will learn the necessity for efficiency and economy when they plan to build a real home for themselves, and will appreciate this bit of experience.

All of these model constructions are in the art department, so if any one wishes to see them just go up to room 323,

BETTY SUE BARKER RECEIVES HONOR 2ND CONSECUTIVE YEAR

The Varsity Glee club members who attended the East Tennessee Education Association have come back with glowing reports of their trip. trip. There were over two hun-dred boys and girls from East

Tennessee who sang in the chorus. Paul B. Oncley, musical director of Women's College, University of North Carolina, was their guest conductor. He is a graduate of Eastman's and he attended Julliard School of Music for three years. His conducting was superb and to top his conducting, he had a mag-nificent baritone voice. During one rehearsal he sang several negro spirituals and other favorites.

Here are some of the viewpoints of the members of our Glee club: Dorris Jewell, alto, said, think if the whole chorus had known their music better it would have been the best chorus I have attended. I thought Mr. Oncley was wonderful in more ways than one."

Glenn Fischer, bass, stated, "I had a wonderful time singing with the chorus and I enjoyed singing under Mr. Oncley's direction."

Betty Sue Barker, soprano, chosen with two other girls to sing for Mr. Oncley. He encouraged Betty with her singing and he wants her to come to his college. This since they failed to make the conversion. But they weren't ahead very long for in that same quarter, the first, the Purples returned the brilliant attack and George Carden smashed over with an 18vard gallop. Patterson made the conversion.

The other two Pounder touchdowns were made by Derrick; one a two-yard plunge and the other a six-yard run. The "Derrick two-yarder" came about after Carden had ran 78 yards from his usual glorified punt formation only to be brought down on the two-yard stripe. Patterson kicked both extra points. The game ended with that score, 21-6.

Central's next opponent is the Knox City Trojans, the state's sec-ond best team. They play in Knox-ville Saturday night.

Senior Plan Cast Is Chosen

The east of the senior play 'Wappin' Wharf" to be presented December 11 has been selected. The story is one of a retired pirate ring who are still practicing now and then to keep "shinshape." Patch-eye, the "igerant" one, will be played by Denny Jones, while Carey Crantford will play Duke, the shrewdest of the group James Ivey will be the pirate captain and Marioria Ralas will be 'Therlin' the cook. Red Joe and "Leetle Betsy" furnish the romance and nivstery. Mac Erwin and Laura Jane Tallant will play these parts. Dorothy Butcher will play Meg, the fortune teller

The captain of the "Royal 'Arry" will be Bill Edwards, and Joe Hurn and Layton Pippin will be sailors.

The plot centers around the pirates' attempt to make the 'Royal Harry" crash against the rocks. They discover a traitor in their midst and their plot is endangered. They also learn that the with an eye to their canture Add. ing to the other complications, there is always the romance.

YOURS IS THE TASK OF MANKIND

On November 11, 1918, some twenty-four years ago, a proclamation informed the weary population of a war-torn, devastated universe that an armistice had been negotiated in-suring world peace. Oh! yes, they were confident that they had devised a system which would create a world of freedom, liberty, equality, and justice for all. Little did they realize that twenty years later the world would be gripped in another war of greater magnitude than the first.

On the youth of America is placed the vital searons hilling.

On the youth of America is placed the vital responsibility of seeing that a commonwealth of free nations is instituted in the post-war days and of making sure that the world must never undergo again such a catastrophe as that of the present.

Americans realize fully that the cause of this war, as former wars, may be traced to the unscrupulous action of a few select, corrupt, international politicians respecting no human ideal to gain their undermining principle of greed for power and fabulous wealth.

This duty to mankind must be performed by the youth of merica who in this hour of peril are not denied their "inalien-America who in this hour of peril are not denied ther "matten-able" rights but are given the opportunity to prepare for the grueling days of the uncertain future ahead. Such freedom desists a condition of subjugation and tyranny. American youth must accept the challenge of humanity call-ing forth in a time of darkness and exigency soliciting their aid for the betterment of mankind.

CENTRAL FOSTERS DEMOCRATIC **IDEALS**

Central is not merely an institution where the rudiments of an education are gathered. No, it is more than that. It is the alma mater of many leaders in public life, in the military field and the athletic world. Will you be one of the future greats? Among the outstanding ones are Roy Scruggs, president of the senior class and captain of the football team in '37.738, who is one of the youngest captains in a combat unit in the United States Army. Ben Tarver, '35, entered West Point and is now the youngest major in the Army Air Corps.

Of course these boys had the ability themselves—they didn't achieve these ranks merely because they attended this school, but it is anothr tribute to Central's attitude "if you want to progress, all right."

but it is anothr tribute to Central's attitude "if you want to progress, all right; if you don't, all right."

Here a student is not regimented as in some public schools but any talent which he possesses, whether it be leadership. His possesses, whether it be leadership regulations or teachers. This is only in keeping with the long-established principles of American democracy.

You have the same privilege as those who have preceded you. What have you accomplished that leads to success? Are you a participant in extra-curricular activities, do you never fall behind in your daily work? You might answer thulsy: "I do all that, but my grades are not so good." Good grades are desirable, but if your best effort has been put forth this is not eall-important.

The Voice of The Faculty

In the past students have been educated for life. Tomorrow, they will need to be educated for change. Voltaire once said, "He who does not have the spirit of the age, has all the misery of it." Change is not always bad, even though every progressive movement has many critics and opponents. I feel that the change of tomorrow for which you are now being trained is a change for the better. The fundamental values will take their rightful place in so ciety, intelligence, health, character, and Christianity will mean more. The social ills—illiteracy. disease, crime, poverty and warwill be given scientific treatment so that their evil effects will reduced. The girders of civiliza-tion are now red hot and you certainly see an era of unprecedented change ahead. To be happy, you will need to accept change and be able to adjust your life to the new conditions that arise.

You are being educated for change and I honestly believe it will be change-for citizenship in an improved world .- J. Pope Dyer.

G. I. REVIEW

Two reliable captains of the Central R. O. T. C. unit may be found to be Cadet Captain Jim Skeen of Company "M" in the fourth battalion, and Cadet Captain Harris of Company "A" in the first battalian

Both are now seniors and belong the Officers' club. Captain Skeen is also a member of the In-dustrial Arts club and the Depression club. His hobby is (with his good looks and well groomed hair) to cause other boys' girl friends to have dizzy spells.

Captain Harris is foreman of the Digest printing staff and is also a member of the Depression club and the Boys' Hi-Y.

Second Lieut. Denney Jones has recently been promoted to the rank of first lieutenant. Senior Privates Bill Mays and Winford Henry have made second lieutenants. Other promotions were made among the non-commissioned officers and junior privates.

The regiment is still practicing for the "Presentation of Sponsors' which will be sometime in the near future.

ART CLASSES MAKE POSTERS

The annual senior play "Wapping Wharf" to be given December II. includes a cast of very colorful and interesting characters. With the comedy, action, and romance con bined, members of the art class have been drawing up posters to advertise the play. Every year there is a contest held for the ar students who wish to submit post ers advertising the senior play. The three winners will be rewarded with two complimentary tickets, one reserved and one plain respectively

Some enthusiastic competitors who are industriously painting posters are James Gass, Margarets Catherine Couch, Margaret Fuller, Rosalie Fraker, Elizabeth Gorett, Marjorie John, Rosalie Gwinn, Lester Ingram, Billie Gwinn, Lester Ingram, Blue Smith, Jean Witt, Betty Ray Colston and Barbara Gill.

Although most of these students are first-year students with the ex-ception of about four, an excellent set of posters are assured

The students are also designing costumes for the characters, the back drops, and the side panels for the stage settings.

Dudley: "That's one of these triangles where somebody gets shot."

INTRODUCING

"I dream of Jeannie with the light brown hair." Pardon me, brother, but which Jeannie are you brother, but which seamle are you speaking of? Don't be an ignoramus, my friend, the one and only Jean Smith. Why, if you but knew all the various and sundry things which that little lady has accomplished during her short lifetime. For instance, she's the membership chairman of the Senate, a member of the National Honor society, and Girls' Hi-Y, is regimental sponsor, was secretary of her class during her sophomore and junior years, and a lead in the Senate play last year. Say, did you ask which Jeannie?

Why so downhearted, Central damsels? Don't you know that Edwin Lehman is still surviving in this weary world? Yes, indeed, Edwin Lehman in person. He is a member of the Red Cross, Band Officers' club, and Bachelor club, likes football, tennis, horseback riding, cocoanut pie, and girls with raven tresses plus a witty personality.

Edwin entered Central as a freshman from the First Lutheran school, and a lead in the play, "The Prince's Secret." After gradnation, unless Uncle Sam has other plans, he will attend the University of Tennessee.

First of all the student body and other Chattanoogans showed their loyalty by following the team up there for the game. We had as many in our cheering section as did Knoxville. There were about five hundred students from Central there for the game.

Part of the students went up on the early train and visited Knoxville's school, but the rest came later and failed to see the school But just as soon the the train arrived, cheers and yells began going up at the station and soon spread all over the town. After everybody was checked in at their hotels the excitement began in town. But this was only the beginning because everyone started for the field to see the game.

At the game our rooters really turned out in a big way. There were about one thousand from Chattanooga and all the other Knox schools were cheering for us. Everyone was cheering.

Among the couples were Doris Merle Dean and Arby Dickert; Roma Nell Dickert and Joe Hurn; Charlotte Hill and Bob Brown; Doris June Turner and Herbert Gilreath; Vernon Cox and Ann Mavity; Herbert Holliday and Reba Jean Wortz; Jimmie Caldwell and Mary Griswlod; Jane Breaker and Mac Rhinehart. THESE YOUNGER BROTHERS ...

After years of careful study on the subject of small brothers, I have come to the conclusion that in the eyes of all mothers they are the nearest thing to perfection that anyone can find.

The smaller brother seems to take a delight in making A's and B's on his report card so that his older brother's C's and D's look their worst. The older brother is forced to do all the chores around home, and if he says anything about it, he is put off with the re-mark that "Your brother is too little," In contrast with the older brother the younger one does the few things he is asked to do promptly. He takes an interest in his music just to make a bad example of his older brother.

In short, he is a model child. We older boys have one consola tion, if no other, that is, Webster's definition of a model: "A small imitation of the real thing,"

Purples Favored To Down Maroons

The Saturday-after-Thanksgiving always stands foremost in the minds of football fans, for it is on this memorable date that two great football teams meet to renew their age-old rivalry. When the Purple Pounders meet the City High Maroons this year it will mark the thirty-fifth renewal of this gridiron

Although Central will be the pr game favorite, the estimated 8,000 fans can be sure of witnessing one of the most spectacular shows seen on Chamberlain Field this year, for the Maroons still possess a fighting spirit which the Pounders subdue to win.

This spirit has cropped out many a time in the past and it has been to their advantage in nine out of the thirty-four tilts, but on twentyone occasions the Purples emerged victorious. In four of the games neither team was able to overcome the opposition of the other and nded in a deadlock.

The Pounders can rest assured that they will meet stiff opposition from the Maroons, who, having not won a game since 1940, will no doubt in desperation put forth their greatest effort of the season, which may gain for them an unexpected victory.

Central will meet City with renewed enthusiasm, which was greatly needed after the bitter defeat suffered at the hands of Knox City. The Pounders recuperated sufficiently to down Atlanta Tech,

TAKE COURAGE BUT BEWARE

Algiers, Morocco, Oran, Casablanca-all have fallen be for superb American fighting forces, while Rommel, erstwhile fox of the desert, has received numerous setbacks in the Libyan sector by the tenacious British. This, to many, seems to be the turning tide of the war, but it must not cause a wave or one turning tide of the war, but it must not cause a wave of optimism to engulf the country. Natural results of this would be decline in the sales of bonds and stamps and less enthusiastic collection of scrap, for many people would as-sume an attitude of "why-do-this-for-the-war-will-soon-end-any-way." But our recent successes should spur us on to greater

sume an attitude of "why-do-this-for-the-war-will-soon-end-any-way." But our recent successes should spur us on to greater efforts on the home front, because there still remain the tasks of defeating Hiller in Europe and Japan in the Pacific.

Our enemies know they are fighting for their very existence and will make any frienzied effort to win. For instance, Hitler, seeing his continental hold endangered, has seized occupied France so that it may be organized to aid the "wermacht." Also the Nazis have a home propaganda campain undas very

pied rrance so that it may be organized to aid the "wermacht." Also the Nazis have a home propaganda campaign under way to instill in the German civilians and soldiers the "do-or-die" spirit of the Japanese maniacs.

So instead of a falling barometer of war spirit, it must rise still higher to disintegrate the totalitarians all the faster, to insure a more complete victory and less loss of America's young men.—H. N.

THANKSGIVING IN WARTIME

Since the sacred day when our Pilgrim forefathers first commemorated Thanksgiving until this, the year of 1942, Americans have been faced with many serious and impending crises. Of all the ordeals and trials that they have had to suffer, Americans will agree that never before in the history of this country have the people been placed in such a precarious status as that of the present.

When you look at this editorial you will probably say, "Well, here we go again on the theme that we should be thankful." Then after carefully considering the question you will probably remark that you are aware of the bountiful blessings which have been bestowed upon us as Americans.

Surely no individual would prefer to be under the subjugated power of the dictatorial governments where gratitude cannot be expressed and thanksgiving to our Creator is suppressed.

Although the people of the remaining free nations must undergo hardships to rid the world of the known menaces of society, these privations are insignificant in comparison to the unceasing toils, heartaches, and sorrows that the people of Axis-dominated countries have had to endure.

Axis-dominated countries have had to endure.

In recent years, to most Americans Thanksgiving Day has been one of feasting and merry-making rather than a time to offer up our thanks in a prayer to God for his many blessings. The people of many countries are being denied this right, while this year Americans are especially blessed in the privilege of freedom of worship and special Thanksgiving services.

The Voice of The Faculty

Do you value the things you con sider right enough to stand for them when it seems more pleasant or profitable to stand for something else? Certainly it is a timely question to ask one's self during a war when the sacrifice of life may be required, although it is a question which one should be willing and able to answer at any time.

Sometimes it seems that the person who changes sides readily to gain immediate ends has the best chance for happiness. But such a person has merely the pleasure of the child who spends his reward of small coin today or the satisfaction of a Judas who has his thirty pieces of silver. Of course he has hatever pleasure there is in gambling, for there is uncertainty in changing sides. One does not always guess right. The pleasure which he does not have is that derived from a feeling of security based on faith in self and others. Moreover, he cannot rejoice that people believe in him as people beheld on through blame and faltered not at praise."-Edmund Hooser.

G. I. REVIEW

Two more company captains of Central's R. O. T. C. unit are: Hardeman Stonestreet and Leon Haley. Captain Haley is vice-president of his homeroom and chairman of his English class. He is a man of his English class. He is a member of the Boys' Hi-Y, Depres-sion club, and Officers' club. Haley played baseball for a local team last summer.

Captain Stonestreet belongs to "C" club, Officers' club, and is captain of this year's basketball team. He is also a two-year letterman in basketball, vice-president of the senior class, and played on the baseball team last year.

Recently several members were promoted to a higher rank or for the first time as non-commissioned officers. Those who were promoted are: Corp. Harrell, Corp. Payne, (Privates): Cook Miller, Lane, Harold Brown, Sneed, Wannack, Terrell, Brown, Dorby, Howard, Smith, and Byrd.

Lockmiller Speaks To Student Body

"Renewing Our Faith" was the subject of the address given by Dr. David A. Lockmiller, president of the University of Chattanooga,

Tuesday, November 10. In renewing our faith in the An--American principles of liberty under law, Dr. Lockmiller recalled outstanding steps — the "Magna Charta," "Petition of Rights," our "Constitution." He mentioned some of the things for which our constitution stands, such as: free dom of speech, right of peaceful assembly, the right of holding property, and the right of defending ourselves against imprisonment without trial. He also stressed the privileges of Americans under the constitution. Among these privileges are: responsible government citizenship, a voice in government, and equal rights under law.

Dr. Lockmiller ended his address with these words, "Let us remem-ber that victory without faith is impossible and faith without work is dead."

OWER CLASS EARNEDS

Say, I think the underclassmen have been neglected. There are a few underclassmen who really deserve credit.

Take good looking Kenneth Beene, for instance. His tavorite subject is science, his hobby is just nothing in particular, he has brown hair, grey eyes and, as for girls, he prefers blondes.

The next outstanding underclassan is pretty Rosalie Fraker. Her favorite subject is art and her hobwavy hair and blue eyes.

Our next underclassman is handblonde haired, grey eyed Fred McCuiston. He is in the Biology club and the Grady Literary society, and his favorite subject is Janice Lee, Gladys McKinney, Bet-"Phooey to them all!"

INTRODUCING ...

One girl on the must-meet list is the lovely blue-eyed, blond, Annette Thomas. She entered Central in her sophomore year from East Side Junior High. She is in the Senior Girls' Hi-Y, a member of the Safety Council, Checkers lub, and a member of the Senate.

As for boys, well, she likes the tall, strong, he-man type (get what I mean?).

Her hobby is playing the piano nd listening to music of all kinds. She also enjoys dancing.

After graduation she hopes to attend a business school or get a job (if she can find one).

Ernest Martin is another one on the must-meet list. He has beautiful brown hair and blue eyes. He entered Central in his freshman year from East Side Junior High. He is a member of the Senior Boys' Hi-Y, the Bachelors club, Depression club, National Honor society, captain in military. and a sergeant-at-arms in the Officers' club.

His favorite sports are basketball and track. He also enjoys wimming.

He likes music on the semiclassical and swing side.

He likes his girl friends to be sweet with an understanding heart and by all means they must be brunette.

Ernest's favorite food is pork chops and chocolate pie-no car-rots or spinach for him.

Central Conquers Erwin High 33-7

The Frawley Field fans witnessed another Central victory last Friday night as the Pounders took the game from the Erwin Blue Devils by a 33-7 score.

Billy Carter tallied first for Central by an eight-yard end run but Patterson failed to get the extra point. Erwin scored in the second quarter by a brilliant 43-yard run made by Jake Pope,

A Derrick-to-Carden ceived by George on Erwin's 17 resulted in Central's second touchdown and the extra point by Patterson. Central rang up a third touchdown at the start of the second half by a Derrick-to-Trundle 30-yard pass, while Patterson add-

ed the placement point. The "Hurler" threw his longest pass when Shrader received a 55ard toss on Erwin's 2 and scored. Derrick marked up the last touchdown on an 18-yard run.

Extra Points

Well, Centralites, it's happened. Although he is back on the beam in College Ratings, Litkenhous has dropped the Pounders from first down to third, below Knox City and Knox Central respectively. We can hardly blame him for this since the Purple suffered its only defeat of the season at the hands of Knox Just tough luck, that's all.

POUNDERS HAVE AN EDGE IN WINS

When a team has gone two straight years and their sole consolation is three ties they become uld upset so desperate that they con the best of teams, and this, fans, may be what will happen Novem-ber 28, although it is doubtful.

The Pounders will meet the Ma-roons with eight victories to their credit, thus making them the favorite. City's record for the past two years has been two tied with the Fightin' Irish from Notre Dame and one tie with the Red Bank Lions.

Central's record consists of the following wins: Red Bank 53-0, South Pittsburg 33-6, Valley Head 66-0, Kingsport 41-0, Male High 14-12, Ensley 33-6, Notre Dame 38-0, Rome High 21-6; and the rec-ord was shattered by losing to Knox City 41-20.

Central will enter the game with the grim determination to keep City from blasting their almost perfect record.

Purples Hold Very

Twenty-one victories against nine losses and four ties is how the Purple's record stands in their past thirty-four tilts against the Chattanooga High Maroons. The above statistics show that the Purples have won two out of every three games.

This record may be due partly to the fact that in the first game of this spectacular series the Maroons ran over the Pounders by the imposing score of 63-0.

But the Purples have made up for this score in more ways than one. They have won four games in a row twice, while the best the Maroons could do was take two games and two ties in their victory

Statistics show that the Purple's best score in the past few years was in 1938, when they overcame the Maroon eleven 32-0 to take the city crown. The next year City bounded back to take a contested win of 7-6. The two teams ended the 1940 game in a 12 to 12 deadlock, and then in 1941 the Pounders took the game 29 to 7 after letting City lead till the fourth quarter

Last year's win earned for them tie for the City Prep school football crown with Baylor.

Although the Purples hold this very impressive record over the Maroons, it is not making them over-confident. They are holding a very pessimistic attitude. It is Tropny.

The remaining games will be City High Maroons to stage a disastrous upset.

INTRA-MURALS

With the two-mile race in the past, Coach Petersen is now rounding his gym classes into shape for a much longer and tougher race, which will start behind school on Woodward going north, following the street car track to McCallie, through the tunnel, up Seminole Drive to the Seminole Trail, and following this across the ridge back to school. This course will consist of three miles, most of which is up hill.

Another event on the intra-mural gym program is to be a free throw tournament. Each boy will throw fifty times at the basket; fifteen one day, fifteen the next day, and his total score each day wil be added to find the winner. The event will Impressive Record take place some time this week or

This three-mile jaunt and the interesting and prolonged free throw tournament are just a few of the diversified and interesting tilts ar-ranged for the few lucky ones who able to take gym.

Why, even the boys get a great kick out of taking calesthenics these days. The just cause for this is the naming exercises by Coach Petersen. He has given the kicking exercise the name of Mussolini, stomping is Hitler, and Hihohito is knocked for a loop.

Central Expects Terrific Battle

The Purple Pounders are con fident, but not over confident, that they are the better team and will be able to down the Maroons, but only after a hard-fought and terrific struggle. Just why are they so sure?

Well, for one reason, their ability to co-ordinate the abilities of each individual into a co-operative football team. Just what are some of its abilities?

To mention a few of the boys, although all are worth mentioning, let us take the good qualities of say Ben Miller, Howard Derrick, "Stumpy" Coleman, and George Carden.

Ben is reported to be one of the best centers in the state, and of course the city, and is a main cog in the Purple machine on defense as well as offense, in which he is very adept.

"Stumpy" Coleman can deservingly be called the best guard Central has seen in a decade. Also, to add to his many laurels, the boys made him captain of the '42 team. It is needless to say of George Carden, our versatile quarterback, that he is one of the main players of the Pounders. He is also one candidate for the All-City eleven picked each year by the Times.

The above four Purples are only examples of the members of the team and should not be considered as the heart of the team, although all four have turned in such fine Digest's pick of all-city football performances that they could be called four of the best in the city and Central the best team.

Military smartness was the keynote of the annual presentation of sponsors on Wednesday, November 18, at Frawley field. The sponsors' loveliness was strikingly contrast-ed by crisp, handsome uniforms and the military band, with pencilstraight ranks, marched before the spectators lustily playing rousing marches.

After sponsors were presented to their officers, Cadet Colonel James Ivey presented verbally to the regiment their sponsor, Jean Smith, who then made a speech of thanks to them. In like manner each of the subordinate officers presented to their battalions and companies their sponsors, who followed Jean's precedent. Majors and sponsors of the four battalions are Vernon Cox and Ruth Ling; Lamar Gordon and Willa Dean Mc-Cormick; Gene Shrader and Alicia Ware; and Jerry Dean and Lydia Alley, Company captains and sponsors are: Arnold Harris and Virginia Cooper; Herbert Gilreath and Doris June Turner; Albert Miller and Juanita Crawley; J. E. Johnson and Dorris Jewell; Leon Haley and Dimple Harden; Jack McGregor and Mary Jane Bayston; Jim Skeen and Jane Talley; and Hardeman Stonestreet and Ann Howard; Charles Brotbeck and Mary Griswold.

PINOCCHIO TO BE GIVEN ON DEC. 5

"Pinocchio" is the second of a series of plays to be given this sinter by the Clara Tree Major players under the sponsorship the American Association of Uniersity Women.

Tickets for "Pinocchio" are now sale and may be obtained from I. H. Payne, Read More Book Store and Miller Bros.

The maitnee performance will given at Chattanooga High ool auditorium on December 5. "Rebecca of Sunnybrook Farm," third play, will be given in Seniors Masquerade as Pirates In 'Wappin' Wharf' on Night Dec. 11

Production on the senior play, Wappin' Wharf," is well under way in all departments. The play by Charles L Brooks will be pre sented Friday evening, December 11. It is called a frightful comedy and is the story of a pirate ring, who though retired from seafaring are still practicing a little villainy of livelihood. This favorite practice is done in the light on nearby lighthouse and causes ships to smash on the rocks. Trouble develops when a spy joins their ranks with the intent of breaking up the ring. Bloody fights and drinking grog are favorite past-times. The Captain has a hook;

Ol' Duke, a stump; and Patch-eye fits his name to prove their many encounters.

The production committees for the plays are as follows: general management, H. D. Gang, chairman, Hardeman Stonestreet, Geo. Poston, Richard Coleman, Gene Schrader, George Carden, Jean Smith, Juanita Crawley; property, Luther Cope, chairman, Jack Raul ston, Doris Brown, Miriam Leeper; stage, Barbara Gill and Albert co-chairman; costumes, Avis Bass, chairman; make-up, Christine Buchele, chairman, Betsy Ryerson; music and sound, Stanley (Continued on Page 4)

DO RIGHT BECAUSE IT IS RIGHT

Daily a repetition of an ungentlemanly and unlady-like act occurs in the lunch line in the cafeteria. Time and time again the students have been asked to refrain from breaking into this line, but needless to say the request has not been observed by many students who insist on being wilful and impolite. The time for pleading and suggestion has come to an abrupt end, and action is the last resort to overcome this disgrace to the student body. As students you should prize your honor more student body. As students you should prize your honor more than to lower yourself in the eyes of the other students and fac-ulty members by stealing a place in the lunch line, to say noth-ing of losing your own self-respect. At first, although, the stu-dents did not seem to comprehend the full significance and pur-pose of the request, it was thought that it would be later un-derstood and obeyed, but the answer to this question has re-mained in the operation. mained in the negative.

If the students will not heed this imperative recommendation, an expeditious measure should be enforced. It has been suggested that the military department station a squad of M. P.'s in the cafeteria at both lunch periods to see that proper order is observed.

It has always been a democratic policy of Central to allow the students to work out the problems which come under their own jurisdiction, but it seems that this problem has gone beyond the point where the students longer regard requests and it is necessary that some action be taken.

The finer element of Central student has always done right because it was right and the students breaking this "unwritten law" should obey it before military dictation is necessary.—

MAY THEY RING MORE OFTEN

For the first time since September, 1939, the church bells in England rang out once more. Why was this? There was no invasion, for even the threat of this has greatly diminished. No, it was because of the Allied successes in North Africa, for to most Britons this means the Allies are now climbing into the driver's east of the wason of victors.

most Britons this means the Allies are now climbing into the driver's seat of the wagon of victory.

This was indeed a cause for bell-ringing on their part for they have lived a life of Spartan simplicity for the past thirty-nine consecutive months. In this time they have undergone a black-out every night, and we in this section fret if we have one for only the duration of a half hour every few months.

But as it has been pointed out numerous times before, this shouldn't be taken as all conclusive of victory for the British have driven the Axis forces before into the desert only to have them turn and drive them back much faster than they were threm turn and drive them back much faster than they were driven. This time, though, the chance for repetition is highly doubtful, yet it is dangerous to underestimate the resourcefulness of the enemy as the British did at Singapore. They were expecting a Japanese attack by sea so they paid no attention to the "impassable" jungles to the rear. What transpired is well known.

ART STUDENTS DESIGN COSTUMES

Costume designing is one of the nost fascinating of the arts. includes the history of many different types of peoples through the ages and the kind of dress they At present those students in the design class are designing the costumes of all the characters from the Senior play, "Wappin' Wharf," Among those who have completed their sets are Marion Bughn, Barbara Crawford, Ann Kilgore Shirley Landon, Barbara Narramore, Betty Vance and Betty Rowe. Three others who are designing complete stage sets for use in the play are: Avis Bass, James Gass and Elizabeth Garrett

From the many characters aleady designed for this "Period of Piracy" are some very striking ones. A very comical looking character is Darlin', the housekeeper who wears bright red stockings and ragged clothes. The cantain The captain is unique by his hooked hand and saber cut on his face. Then there is Patch-eye, self-explanatory, and Duke, the fellow with a peg leg. Last but not least is the gypsy fortune-teller as well as the ro-mantic pair, Betsy and the handme young spy .- B. G.

Artists Make First Display

For the first time this year the Art classes have placed on exhibit in the library some of thier work. This display includes pieces of is one by Billy Beadley who has a colorful study of a potted plant; another is that by Betty Lee Duggan with her striking innovation of yellow fruit. Another very colorful piece quite visible from the libray entrances is Willie Lois Jones' drawing of yellow flowers. The charcoal drawings of potted plants done by J. R. Davis and Hazel Ogle are among the best of this style of work ever done at Central. Other pieces deserving mention are those of Betty Kerney, Lorna Andarea and Gladys McKenney .- B. G.

On Thursday, the Girl Reserves elected Gloria Howell to head them as president for the coming year. Gloria will be assisted by Vice-President Laura Jane Tallent, Secretary Madeline Squibb, and Treasurer Frankie Swanson. Dorothy Golden was chosen music chairman. Louise Herman devotional chairman, Margaret Johnson, program chairman, Lela Parker, social chairman, and Betty Glireath, reporter. Miss Ellen Mullennix is the club sponsor.

The Girls' H-Y enjoyed a very good program at their meeting on Monday, November 16. Edith Beene and Virginia Cobleigh presented the devotions, which were followed by "Fairest Lord Jesus" sung by Virginia Cobleigh and Margaret Divine and a piano solo by Mary Griswold. Delores Baker is the program chairman.

The Biology club entertained at a weiner roast, given at the home of Betty Coulson, on Friday, November 27. Luther Cope is president of the club.

The Ace club recently initiated seven new members. They are Martha Stewart, Milnian Stegall, Betty Chapman, Lee Lavern, Claire Fletcher, Betty Dempsey, and D. Blevins. The officers of the club are: Mary Nesbitt, president; Mary Pitzer, vice-president; Evelyn Drimon, secretary, and Charlotte Brown, treasurer.

The Seventeeners are doing their bit for the war effort every Tuesday night at the Red Cross headquarters downtown. Jacqueline Jameson is club president.

Introducting

When speaking of sweetness and all those other lovely traits, one would justly naturally be orating on the topic of Virginia with-theblue-eyes Cofflin. For your information she has hair, which is light brown—is in the Bible club, Trial Trotters, and Ushers.

Trotters, and Ushers.

Her one consuming love in this
world is for painting. She can
paint anything. While yet a wee
child, Virginia launched her career
by successfully painting herself
and the basement a sickly green.

Men may be considered as only secondary among Virginia's loves. "I like tall men with black wavy hair," she said, and then sighed in a most thrilling manner.

Virginia came to Central from Signal Mountain School as a freshman.

Though women are said to be the weaker sex, this gentleman says he's afraid of them. However when forced into a statement, he replied, "I like harmless and intelligent girls with blonde hair and blue eyes."

This interesting man, who is none other than Robert Huff in person, is blessed with broad shoulders—is over six feet tall—has black hair and green eyes. He is a member of the Officers' club, is vice-president of Bee Hivers, completed the Trail Trotter's constitution after three weeks, is raising Hidegarde and Annie (they're goats). His favorite goat, which is Hidegarde, is by no means average. She can jump an eight-foot fence.

NICK-NAMES

After being absent from Central for a few months, I came back and asked for a few friends. To my surprise when I mentioned the names of some of my former classmates I got only a confused look in return. THE SPECTATOR

Despite the discomforts of cold feet, lost voices, etc., Central football fans enjoyed a very exciting game on Saturday afternoon when Central's Purple Pounders put City's Maroons right in their place. Poor old Cityites-in a way I felt sorry for them. Looks like they need to store up a football team for themselves. Oh, well, anyway, it was a grand affair. Our band and battalion made a good showing and Central rooters were do ing their part. Carey Crantford was surrounded by a bevy of beauties, including Inez Wyatt, Louise Ballou, and Marjorie Daugherty; James Ivey came with his parents and little sister; there were several interesting couples like Mac Stanley and Gloria Wheeler and Avis Bass and Johnnie De Laghmitt. Doris Turner and Herbert Gilreath formed a customary twosome; Bob Houts came escorting Rosa Jo Tallant; and Don Womack was seen with Ruth Hickey of

Virginia Cobleigh was hedecked with a corsage and with date Albert Hudson (poor old Central boys just get left out when he's in town). It seemed like the boys weren't doing their part 'cause there weren't many couples at all. A group of cute girls there were: Mary Dena Leeper, Billy Jane Mathis, Carolyn Eleanor Goodgame, Dot Whittaker, Betty McClellan, and Betty Alli-son. Seniors: Beverly Lewis (in a darling green coat), Mary Gilreath, Betsy Ryerson, Betty Carr Betty Elliott, and Mariam Campb also there. Marjorie Bales was giving out line-ups, and Mariam Leeper and Dorothy Brewer were on her trail.

The alumni showed their loyalty by "turning out" in a goodly number. Caroline fam and Frank Kimsey were together; pretty Alice Camp looked their hilback and was with Fred Sliger from Carson-Newman college. The new Mr. and Mrs. O. B. Kelso were also there.

Scheibe Plays On Musical Chapel Program

Mr. Carl Scheibe, director of Young People's Work at the First Presbyterian Church, was guest speaker at the chapel program on Tuesday, November 17. Mr. Scheibe first spoke about the Hall of Heroes." In conclusion he said each student might ask himself where in this hall was a place being reserved for him.

Mr. Scheibe gave a humorous rendition of Lohengrin's Wedding March in various tempo. First as the wedding march, then funeral march, Spanish dance, Indian and last as a waltz and fox-trot.

For an encore he gave formal impersonation of different people saying "Twinkle, Twinkle Little Star." His first impersonation was a small girl, next a boy at graduation exercises, and then as Miss Central.

INTRA-MURALS

Coach Petersen is finally getting his greatly diversified intra-mura program underway now that the football season is closed. One see in visiting the various gym class such contests as chinning, pingpong, free-throw, and a three cross-country-race.

The chinning contest has b progressing slowly for the past time can be given to this competitive gym exercise it will progress more rapidly. If last year's contest is to be the judge, then much competition will develop.

The individual gym class pingpong tournaments have closed and more results on the semi-final among the winners can be found elsewhere on this page.

The first round of the free throw tournament has ended, bu no results will be given until the three rounds have been totaled.

More results in the cross-country race will be given next weel due to the fact that all the gym class are now running practice runs in strenuous preparation for the semi-final runs which are to be run in the near future.

"Wappin' Wharf," by Charles S. Brocks, will be presented by the senior class tomorrow evening at 8:00 o'clock, in the school auditorium. It is a frightful comedy of pirates in the days of Captain Flint and enacted in the pirates' cabin on the cliff of Devon.

The old captain has a hook for a hand and Duke has a stump leg. Patch-eye deserves his name also, Red Joe is just an apprentice pir-ate, but he is learning their sly and evil ways very quickly. Darlin' and eril ways very quickly. Darlin' coaks for the pirate band and petsy washes their dishes. Red fee and Betsy provide the romance as well as some of the mystery of the play. ATTENTION!

Each homeroom is asked to assume the responsibility of seeing that those boys whose names from the list of addresses belong to that room receive a copy of this issue of the Digest. If you think some friend in the service would enjoy your paper after you have read it, address and mail with 1½ cent stamp.

Hodges Family Boasts 4 Stars

Sergeant Bennett W. Hodges. Lieutenant D. R. Hodges, and Privates Dexter and Milton A. Hodge, Central alumni and the of Mr. and Mrs. W. Hodges, compose Central's four star service family. Bennett, who was prominent in

athletics and other activities while at Central, is now stationed at Fort Oglethorpe.

D. R. Hodges is located at Olmstead Field, Middletown. Pennsylvania the headquarters of the Signal Corps for the entire army. Lt. Hodges is now in control of ninety-six men at Olmstead Field

Dexter, who took part in convoy early in the war, is now at Fort Hamilton, New York, where he is taking offi-cers' training. While at Central, Dexter was the captain of the football.

is stationed at Drew Field, Tampa, Florida

"I Have Been Very Much Impressed By the Student Body," Says Bragdon

"I have been very much imcourtesy of the student body at Central," declared Mr. Clifford R. Bragdon, of Massachusetts. "The words of your Alma Mater, 'What wonderful school is ours to bre," he continued, "is certainly to exaggeration."

Mr. Bragdon, a Harvard student who is now working for his Ph. D. erree, has been making a study Brer's sociology classes. He has estained A. B., M. A., and Ed. M. grees from Amherst College, Western Reserve University, and

Barvard, respectively.

Daring Mr. Bragdon's stay here be visited Howard High, where he testimed his research

Mr. Bragdon taught English at Boy's Private School in Cleveland. Ohio, and education at the Wo-man's College in Massachusetts prior to his extensive research on human relations which was neces-sary for him to obtain his Ph. D. degree. He is to continue his study at Winston Tech in North

In a humorous vein, Mr. Brag-don remarked, "I just have one complaint concerning Central, and that is that the student body should give their attention to bettering weather conditions." In a more serious manner he said, "In my opinion Mr. Dyer represents as fine a sociology teacher as can be found anywhere."

DEDICATION

It is with unbounded pride and deepest gratitude that Central dedicates this issue of the Digest to her boys in the service of our countrysome at training camps in the homeland others on the far-flung battle lines of the world

The list of addresses may be complete nor altogether correct, but insofar as has been possible the Digest will publish the lists as submitted by the homerooms as this paper goes to press.

With this go our wishes for a speedy victory and a happy home-coming not too far off (may we hone)

Walker Announces Senate Meeting

Robert Walker, president of the Senate, announces that the first open Senate meeting of the year will be held in the music room at Central Thursday night, December

The open meeting follows the pattern of a regular Senate meeting and then is turned over to the program chairman. Dorothy

Senator Walker will at this meeting deliver his innaugural ad-dress. He has chosen for his subject "The American Youth's Duty in Post War Days."

Parent and friends of the Senators are invited to attend; and the old senators are especially urged to be present.

The vice-president of the Senate is Juanita Crawley; the secretary, Roma Nell Dickert,

LELA MANLY JOINS DIGEST

Lela Manly, a junior, has recent-ly been added to the Digest editorial staff. She came to Central last year as a sophomore from Dickinson Junior High school. She is now president of the S. P. R. Latin club and is a member of the Library club. Lela was very highly recommended for this

Any students who maintain high grades in English and especially excel in composition work are rec ommended by their English teachers to Miss Sally May King for on the Digest staff. After an interview with Miss King, if they are found satisfactory they become reporters. Character and ability to work well with fellowstudents are important factors.

HONOR SOCIETY **INDUCTS 24**

The Lookout chapter of the National Honor Society held its induction service in chapel on Thursday, Dec. 3.

The Central orchestra, under the direction of Mr. K. W. John, played "March" from "Aida."

Mr. W. H. Templeton spoke

Hi-Y Pays Tribute to. Mother Callis

Special tribute was paid to Mrs. Mary D. Callis, beloved school mother of Central High school for eighteen years, during an appropriate chapel program Friday, December 4.

As a part of this program a picture of Mother Callis was presented to the school. This picture was a highly-prized possession of Mr. H. W. Granert, who gave it to the Girls' Hi-Y, who, in turn, had it framed to be hung in the first aid room, where Mother Callis served so long.

Laura Jane Tallant, as a repre sentative of the Girls' Hi-Y, presented the picture and Mr. Nelson acknowledged the presentation.
Special tribute was paid Mother
Callis by Miss Julia Ruth Richardson and Mr. George McInturff.

Dr. James L. Fowle, of the First Presbyterian church, dedicated the picture.

All the members of the Girls' Hi-Y were present on the stage. and the program was concluded by their singing of the Hi-Y song and repeating the motto in unison. SeveralSeveral presidents of the Hi-Y of former years were seated on the stage.

The devotions were led by Dorothy Butcher and Marian Sapper, members of the Hi-Y.

ONE HUNDRED THIRTY MILLION

While Americans were engrossed in a fervor of football enthusiasm and special emphasis was being placed on the love of the Alma Mater last week, the United Nations were waging an offensive wave against the enemies throughout the world which would lessen their resistance and finally open the way to punch across the winning touchdown—that of victory. Central believes that no school has a more loyal alumni group than the one we possess. This loyal group, together with the alumni of countless schools over our great country, make up the 130,000,000 rabid rooters for the American victory. We Americans abhor war. We are a peace-loving people. But we fight because an unscrupulous and crule enemy is trying to take from us something which we hold dearer than life itself. We fight for, yes, we are ready to die for our freedom.

We are fighting against tyranny and for democracy; against barbarism and for civilization; against slavery and for freedom. While Americans were engrossed in a fervor of football

We know that we are fighting on the right side of the battle for human freedom because we believe in justice for all and the enemy scorns it. And since the enemy's cause is founded on injustice, it cannot and shall not endure.

To win the war all of us are called upon to make sacrifices and yet, as President Roosevelt stated, it is rather a privi-lege for you and me to be free to decide together to do every-thing we can to help our nation win this war.—R. K. W.

A TOAST -- TO THE BEST

This year tremendous scores of 60-0, 53-0, 41-0, and 54-0 give ample evidence of the power of the 1942 edition of Central's Purple Pounders. As in other years, the team's conduct on the field was irreproachable, but this is indicative of all Coach Petersen's teams.

Team play was also an outstanding feature of this season,

Coach Petersen's teams.

Team play was also an outstanding feature of this season, for all players starred alike and the scoring burden wasn't given to one man as in the case of Knox City's Buster Stephens, and while backs like George Carden and Howard Derrick shone, they would not have if the boys in the forward wall had not carried out their assignments efficiently.

Also, from a statistical standpoint, this squad ranks high in the long, brilliant football history of the school, for they scored a total of 434 points to the opposing teams' 91.

Again the long, brilliant football history of the school, for they scored a total of 434 points to the opposing teams' 91.

Trundle, whose versatility enabled him to play end and backfield; Richard Coleman, captain and a great guard; Gene Shrader, pass-snatcher deluxe; Ned Thaxton, hard-charging tackle; Ed Patterson, whose educated toe won the Louisville game; and George Poston, who magnificently executed his tasks at the little-publicized blocking back spot. Space doesn't permit mention of the others who performed equally as brilliantly.

Summary of Art Work

Never a dull moment in 323 Central's art department, you know. Here is a brief survey of the work that has been completed by the various classes. Portraits, landscapes and still life studies in mediums of oil, pastel, charcoal and pencil constitutes the life drawing class. Then posters and lettering, textile design, leather work and weaving by the advertising and design classes. Model rooms and homes were made by one class, and a number of Christmas cards have been turned out by all-original hand-printed block prints. Some of the most outstanding, industrial students are J. R. Davis, Billie Bradley, Willie Lois Jones, James Ortwein, Betty Duggan, Barbara Crawford, James Gass, Gladys Mc-Kinney, Barbara Gill, Hazel Ogle, Rosalie Guinn, Melvina Stegall and Dan Stanfield.

PRINCIPAL S. E. NELSON SENDS MESSAGE TO SERVICE BOYS

To My Boys out there on every front active in the fight for our country and for the high principles for which it stands,

Through the medium of the Central Digest I am pleased to send my greetings: I am proud of you boys, and Central is broad of you because you ore standing courageously for the things in which you were taught to believe.

You will be interested to know that? Central is carrying on and going forward in the same old way. We are trying to keep alive those fine traditions that you had so large a part in fostering and building. Our boys and girls now are motivated and stimulated by what you did and are doing. We are often thrilled by the acts of heroism which we learn from time to time are achieved by you, and some-times we are almost brought to our feet shouting as once we did when were carrying the ball down the We look forward with happy anticipation to the day when you come marching home victorious.

Please let us have a letter or a card from you. We will try to answer personally or have answered any corersonally of the receive.

HOW TO FAIL YOUR TESTS

Much has been written on how to pass a test, but this is the first to be written on how to fail one. The first essential in failing a test is sleep. You are sleeping peace-fully during seventh period, when through the din of other snores comes the word "test." You open your eyes, look hard at the teacher, then turn over and dream of the day you will be handed a diploma ending all school work,

That night you open your book, study for three minutes then "Red" Skelton yells "I dood it," and that ends studying for the night. The next morning on the street car you open your book just as that peroxide blonde in your second period class sits down beside you and-well-you know how it is

Seventh period comes and at the end of it you are the possessor of

This party was held at the Tivoli Theatre and had a fairly good attendance. Everyone enjoyed the show and had a swell time (if you saw the show you need no further explanation). The feature picture was "Somewhere I'll Find You" starring Clark Gable and Lana Turner.

After they had seen the picture (I don't know how many times) they all retired to the Cloverleaf Drug Store for refreshments. (They also sat in the balcony at the drug store.) R. MALLETT HELPS ZACH COFER SINK JAP SHIPS

"Since I've been in the navy, I've been thinking about Central a lot," said Richard (Scooter) Mallett, Central graduate of 1937, who was serving as deck-hand on the U. S. S. Boise, when it recently sank six Jap warships in the Pa-cific near Guadalcanal. "During of the twenty-seven the course minute battle, the ship received a lot of hard jars, and at times it seemed to be sinking," Scooter stated and then he added that he was a little worried at first concerning the probable outcome of the skirmish. He was below deck, handing out ammunition, at the time of the firing.

While at Central, Scooter was a member of the "C" club, Boys' Glee club, and played halfback on the football team in '34, '35, and '36.

His ambition in the navy is to become a gunner's mate.

Five on All-City

As the result of a very successful season the Central eleven came out on top with five men on the Chattanooga News-Free Press annual All-City team. Central, also, had five players on the second team. Baylor ran a close second with three men on the first team and four on the second. Howard Derrick, junior player, made all city on the first team.

The first team was as follows: Payne (McCallie), R. E.; Talley (Baylor), R. T.; Steffy (Baylor), R. G.; Miller (Central), center; Coleman (Central), L. G.; Boyd (N. Dame), L. T.; and Schrader (Central), L. E.; Backfield, Love (Baylor) (, Carden (Central), Rob-inson (McCallie), and Derrick

Second team: Trundle (Central), R. E.; Thaxton (Central), R. T.; Smith (Central), R. G.; Nelson (Baylor), center; Frassrand (N. Dame) L. G.; Lonas (Central), L. (McCallie), backfield: McConnell (Baylor), Mc-Broom (Baylor), Poston (Central), and Gaskin (Baylor).

Season's Resume

This week the Digest is presenting a resumé of the whole football season for the benefit of the serv-ice alumni of Central, for whom paper is presented.

This season saw probably the best experienced Purple eleven during the past decade. Coach Petersen rounded his boys into such topnotch shape that they were able to overcome all their opponents, which numbered twelve, but one,

The Purples opened their season with a 53-0 win over Red Bank. This game developed into a hard-fought struggle toward the last quarter, but the experience of the Pounders overcame the lesser experience of the Lions.

South Pittsburg, the next victim, was a much stronger team than expected. They scored the first touchdown of the season against the Purples. The game ended 33-6. Our third team was able to over-

come the Valley Head eleven by the largest score of the season. Central won 60-0 with very little opposition.

The Kingsport Indians, for the first time in years, went down in bitter defeat before the Purple

machine by the score of 41-0.

Male High of Louisville put up the stiffest opposition against the Pounders, but using every available ounce of power the Purples were able to overcome them by a not too impressive score of 14-12.

Ensley of Birmingham was the next victim of the spectacular Purple offensive. They fell before the Pounders 33-6.

The Notre Dame Irish, our first intra-city opponent, went down in defeat to make the Purple victory streak six straight. this game was 39-0. Central is still a jinx for Rome

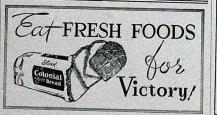

They have never won from the Purples since the start of the series. This year the score was 21-6 in favor of the Pounders.

The Knox City outfit was the only team to defeat the Pounders

Well, Central's team really rated on the All-City team, didn't it? The only thing wrong was that there weren't enough of them.

Basketball is finally under way and seeing that we have much the same team back, only better, a spectacular season will be sure to develop.

In case anyone is interested, Knox City was declared the mythical state champion.

this season. The final score of this game was 41-20 in favor of the Knox City team.

The final score of the Atlanta Tech game was 33-13, although the Tech eleven was one of the strongest teams to oppose the Purples vet.

Erwin High was overcome as nine other previous opponents were by the brilliant offense and nine opponents defense unleashed against them. They were defeated 33-7.

The Chattanooga High Maroons who fell before the crushing Purple attack 54-0, was the last victim, and they closed their winless season with a loss.

PURPLE QUINTET'S TOUGH SCHEDUL IS ANNOUNCED

Basketball is finally getting under way and with the more streng ous football now fading into the background, more stress can b placed on developing the numerous hopefuls, which turn out each year into the championship caliber which the Purple quintet will possess.

The starting line-ups for the season will consist mostly of letermen back from last year, som of whom are: George Carde Hardeman Stonestreet, captain this year's team; Frankie Trund Ned Thaxton, Bill Schulte, "Jubior" Love, and J. H. Smith.

This year's schedule is to be very hard one, but if last year's record is to be the judge we shou emerge victor in practically all ou contests.

Central's tentative schedule is a follows: Notre Dame (here), Jan uary 8; Baylor, January 26-Febru 22 (here); McCallie, Jam 19, February 2 (here); Red Bank January 22, February 2 (here); Rossville, December 15. Also the basketeers will appear on seven auditorium cards, such as the prep jamboree.

SENATE HOLDS OPEN MEETING

The committees for the first Senate open meeting of the year, to be held Friday night, December 18, at 8 o'clock, in the music room at Central are as follows: invitations, Jean Smith, chairman, Lydia Jo Alley, Marjorie Moore; arrange-ment, Joe Hurn, chairman, Kenneth Bilderback, Katherine Chap-man, Virginia Meyer; program. Dorothy Butcher, chairman, Jack Raulston

Invitations are extended especially to the former Senate presidents. Jack Cassell of '42, Arby Dickert president in '41, and Morris Quave remembered as head of the Senate in '40 are a few of the more recent presidents who will be honored guests.

Dorothy Butcher, program chairman, has planned a musical pro-gram composed of talent from the music department at Central.

The Senate open meetings are important events for the Central Senators and their friends. At this annual open meeting the president, Robert K. Walker, will deliver his inaugural address.

COAST GUARD WRITES T. TROTTERS

Mrs. Harry Nelson, sponsor of the Trail Trotters, recently received a letter from the Coast Guards concerning the fact that they are seeking horsemen living near the Atlantic or Gulf Coasts for a mounted beach patrol which will be organized in such localities as may be considered feasible upon completion of a survey now being made. Efforts are being made to determine the interest of hunt and riding club members who would be willing to maintain their own horses and bear the expense. IF YOU ACT BEFORE YOU THINK---DON'T!

In a letter published elsewhere in this paper today a former "cut-up," now in the service, writes a letter to Mr. Nelson in which he apologizes for his misconduct while at Central. Thus which he apologizes for his misconduct while at Central. Thus it is significant that in a very short space of time he realizes his past, tragic foolhardiness when he has to rely on himself. But his case is only one of thousands who say, "Oh, if I had only gone ahead and finished high school," or "Why didn't I learn that when I had the chance," and express other similar regrets. This brings to mind the oft heard expression, "If our foresight were only half as good as our hind sight how different our lives would have been." This is all too true, for criminals might have been assets instead of liabilities to society, bums might have been bankers, and "sots" successes.

Our foresight could be considerably improved if we would only think before we venture into any enterprise. Because

Our foresight could be considerably improved if we would only think before we venture into any enterprise. Because once a course is pursued there is usually no turning back.

Yet sometimes the courses of our lives are decided by that fickle factor Fate. One simple, thoughtless act may plunge us into the depths or lead us to the top rung of the proverbial lader of success. So to lessen our chances of taking the plunge, let's just use the head for the purpose for which it was intended.

A THOUGHT FOR CHRISTMAS

In a rapidly changing world the Christmas story is still the same—old but ever new—in its beautiful message to a war-torn world—"Peace on earth, good will toward men."

As we come to the Christmas season this year, America

As we come to the Christmas season this year, America has been engaged for a year and eighteen days in the worst catastrophe that mankind has ever known. In reality this is only a short span of time but to many boys on the far-flung battlefields, who have been fighting for those principles of free-dom, equality, justice, and humanity, it must seem an eternity. Members of innumerable homes which were united only last year at yuletide season are now literally scattered to the four corners of the globe in the service of their country.

While we would do nothing to mar the Christmas spirit, surely it would be wise for us all to take a rather sober and serious attitude toward the Christmas season when many who are dear to us are far away and deprived of the comforts which we enjoy.

are dear to us are far away and deprived of the comforts which we enjoy.

One has but to pass through the stores of downtown Chattanooga to see people spending lavishly on presents which will soon be forgotten. We should adopt a plan of moderation in our Christmas buying. Would it not be wiser and more patrictic to invest money in war bonds and stamps, and send our boys ship-loads of presents—ammunition, guns, and airplanes—for Christmas? By giving them more help together we can sooner achieve our mutual goal—Victory. — R. K. W.

INTRA-MURALS

Now that the football season, which necessarily required much of Coach Petersen's time, is over, he is getting under way his diversified intra-mural program.

At present much emphasis is be ing placed on the daily calisthenics of the gym classes and on the organized three-mile run which will, like its predecessor the two-mile run, become an annual run for the few boys lucky enough to take gym.

Also a weight-lifting contest is being planned. It is doubtful, though, whether the record set by We-Wee Stephens, captain of the last year's football team, will be If it is broken it will surpassed. probably be by this year's captain, Richard "Stumpy" Coleman.

Seven Pounders Gain Recognition

The Chattanooga Times, basing their choice on school records, Sponsors Contest picked seven members from the ranks of the Purple Pounders to receive berths on the annual mythical all-city squad.

The following Purples were awarded this distinction: Ben Miller, center; Stumpy Coleman, guard; Steve Lonas, tackle; Frankie Trundle, end; Gene Shrader, end; George Carden, back; and Howard Derrick, back.

CARDEN MAKES ALL-SOUTHERN

The Associated Press, pickers of the members of the All-South football eleven, chose two East Teneans to represent Tennessee in They were Buster the backfield. Stephens of Knoxville City and Central's George Carden, who was manimous choice as quarterback. George also, along with Bryan of Baylor, was chosen to represent Chattanooga on the All-State team.

The Associated Press described George as one of the best backs in state and the south. It was he who sparked the Chattanooga Central Pounders to the berth of the third best team in the state. He was leading his team to an undisputed state crown till they met a brick wall in the form of Knox

George, if he is able to attend college, plans to go to Georgia Tech or Georgia. If he is able to do this, it will be a safe bet that he will not only uphold his many records and laurels but will add many more to them (maybe even one in the form of All-American). George's chances of going to a Southern college seem to be pretty good. Coach Wallace Butts, men-

tor at Georgia, recognized the po-tentialities of Carden by inviting him to the Alabama game.

1943---WHAT SHALL WE MAKE IT?

1943-what will this composite of three hundred and sixtyfive days hold in store for you? This interrogative can be answered thusly: "It will be what you want to make it, either a success or a failure." Let us disregard the latter and concen-Let us disregard the latter and concen-

a success or a failure." Let us disregard the latter and concentrate upon making it a year of outstanding accomplishment. This cannot be done if we sit idly by and nonchalantly "watch the rest of the world roll by," but if we possess the everimportant ambitious attitude and are alert to all opportunities, we may make this one of the outstanding years of our life. Should not our best efforts and talents be exerted in preparation to meet the call for leadership extended American youth when a new world shall be in the making? Throughout the world the men and women of the United Nations are striving forward in the task of winning in this major catastrophe, whether it be in the factories, on the farms, in the armed services, or in the governmental areacies.

phe, whether it be in the factories, on the farms, in the armed services, or in the governmental agencies. We should profit by this example set by these "knights of democracy" and put forth increased efforts that we may be better qualified to accept this role. In America and in America alone the young men and women who have enjoyed more opportunities during the war period will have the strength, the health, and the educational opportunities which fit them for the task of leading the world toward stability in which the principles of justice, tolerance, and humane ways of living shall predominate.—R. K. W.

"TIME CHANGES EVERYTHING"

"Time changes everything"—never has this axiom been more true than in this war. For instance, let us compare the present period with the corresponding one of a year ago. We had suffered loss after loss at the hands of the Japs in the Pacific; the British were in a bad position in North Africa; in fact watching seamed to go wond. everything seemed to go wrong.

in fact, everything seemed to go wrong.

While the Japanese still have a great advantage over us
in the Pacific, we are at least waging an offensive war as evidenced in Buna, where after one continuous, terriffe battle our
forces exterminated them.

forces externmated them.

On the North African front the British Eighth Army, to
the surprise of everyone, suddenly began to drive Rommel
fearcely, after they had been on the defensive for months. This
began at the same time American forces invaded North Africa
from the western side to put the Afrika Korps in a pincer movement.

movement.

On the home front we have sugar, coffee, and tires rationed, with many other commodities threatened to be likewise. On the other hand in January 1942, these things were plentiful, but they have to be substantially curtailed to the public now so that we may feed our allies. The North African colonies were taken not so much by military might as they were by promises of food, bearing out the statement, "Food will win the war and write the peace." So America in 1943 has a job to do in the fields, factories and fronts.—H. N.

Mayfield Speaks To Senior Class

"There will be needed thousands and thousands of young men who will be trained in meteorology," stated Dr. George Mayfield, head of the language department of Vanderbilt University, who spoke to the senior class on Wednesday, January 6, at the third period. Dr. Mayfield who is a former teacher of Mr. W. H. Templeton, assistant principal of Central, spoke as a representative of the U. S. Government, offering a course in meteorology for boys who are considering joining the armed forces. This course is open to men between the ages of 18-30 who have had two years of mathematics.

Dr. Mayfield said that this was a study of not only the moon and stars but also of all phases of weather conditions, and explained how important a place meteorologists held in helping to win the war. The course would be taken at Vanderbilt and the boys not only would get their expenses paid but also \$50 a month.

Vanderbilt and the University of

Virginia are the two institutions in the south chosen by the govern ment as training centers for this course in meteorology.

G. I. REVIEW

The R. O. T. C. unit of Central High offers helpful training to boys who will soon be in the war some branch of the service. Canable Army instructors, Lt. Colonel D. N. McMillin, Major W. H. Byington, and Drill Sergeant F. B Kessler teach many and varied military subjects ranging from the fundamentals of drill to the employment of combat principles in modern warfare. With three years of Junior R. O. T. C., which is equivalent to one year of basic in senior course in some universities, a draftee could probably advance more rapidly than others.

It is usually asked upon the application for some part of the se ice if the enlistee has had military training. Now more than ever the military course should be taken seriously as a vital factor in a member's studies. This is only one of many ways that a student car

help his country.

Several of the military boys that enrolled at the beginning of the school year have been inducted into the armed forces

The boys are now being instructed in the manual of arms and are looking forward to a successful annual inspection.

WAR INFO CENTER GIVEN CENTRAL

The Central Library prouds presents the school its or Information Center which feature books and pamphlets on the sub ject "What can I do for my try now?"

All over the country War Information Centers are being established to provide vital war information to the public. Mrs. Clar-ence Kolwyck, head librarian, in selecting material, had students in mind and chose only material pertinent to their needs and interests

The books and pamphlets pro vide information on many subjects relevant to the war. Data on the armed forces and civilian defense information on how to interpret news (distinguish between tr and propaganda), and how to cor serve are featured in the Central War Information Center.

The newest editions, presented to the Central library by the Central High School finance commit tee, are ten bulletins on military and war work careers. The title are: "Clerical Careers in Govern-ment Service," "A Career in the United States Marine Corps," "Careers in the Naval Services of the "Careers in the United States," United States Merchant Marines "Careers in the Army," "Careers in the Armored Forces," "A Career in the United States Coast Guard, "Careers for Women in Factory Work," and "Careers in the F.

Art's Part In Wartime

During the present crisis, art is playing a tremendous part. All types of artists have been considered-the painter, weavers, metal workers, draftsmen, and designers. One group of particular note are the may makers, who draw routes for our soldiers, newspaper men; magazine artists provide up-todate pictures for civilians; numerous posters are seen in every store window advertising the sale bonds and stamps, the conservation of foods, and saving plans. If it were not for this work, the War Department would be without one one of its mfwyp

of its most effective means of spreading vital information.

THE SPECTATOR

There seemed to be quite as round of parties during the holi-The Ramblers started the "ball rolling" by "throwing a stagette" on Friday evening, December 18, at the Bobbie Borin studio. I breezed in for a little while but didn't stay long enough to see everyone, but here are some who were there. Seemed to be quite a few stags (due to the man shortage). Alicia Ware, president of the club, headed this list (wonder where Eugene was?). Secretary Lorraine Imrie was with H. D. (Honey-Darlin') Gang as us-Treasurer Mell Jean Ennis came stag too. Vice-president Frances Shedd was there looking cute; I didn't get the name of her date but she had one. Jnanata Childers and Otis Smith were together; blonde Jane Talley and Glen Baker were paired. Jackie

liams, Frances White, Lorena Cobb, and Mary Ruth Ulrickson; boys: Dick Leiper, Walter Hill, Jimmy Black, Sheepy Lamb, and Ned Thaxton, and Bill Schulte breezed in for a while.

Avis Bass also entertained a few of her chums at a "spiffy" luncheo nat her home in Brainerd during the holidays. The girls had a marvelous time doing "a little bit of everythting." of everythting." Included in on this party were: Marjorie Bales, Miriam Leeper, Dorothy Brewer, Eva Mae Watkins, Alma Schlack, and Laura Jane Tallant.

A gay New Year's Eve party

was given by Ann Mavity at her home on Cedar Hill. When we say gay, we do mean gay! Just anyone.

Well, that's about all for today, but I want to remind you that we're starting a new year, so everyone be sure and make some good resolutions

KLUB KOLUMN

Central will soon be blessed by number of luscious little dreams attired in red jumpers, blue socks, and many blue blouses, with tiny anchors adorning their collars. you haven't already guessed, they are the Anchors Aweigh girls in their new club uniforms, a slight deviation from the blue skirts, white sailor blouses and blue ties last year. Jane Talley is president with Mrs. Reba Lou Fults as club sponsor.

The S. P. Q. R.'s, Central's club for Latin students, have recently been participating in a series of quiz contests based on mythology. So far Laurine Duggan and Evelyn Riddy have won first honors. Lela Manly is president of the club and Miss Helen Pryor is club sponsor.

The Sergeants club and dates had a swell time Friday night, De cember 18, to the tune of hamburgers and cold drinks, at a holiday celebration held in the armory. Among those present were Coilene Jones and Harvey Kellog, Nancy Erp and A. B. Chamberlain, Ed Norris and Barbara White, and Betty Kington with Leon Hudson. Stags were O. K. McCullom, Gene Carroll, and Oscar Lyle. All in all it was a wonderful party, com-plete with chaperones Dot Davis and Sgt. Kessler.

Among those present were: Vic-Greene and Ann Jordan; Hal Williamson and Betty Kreis; Tommy Jewell and Lorraine McEn-Mac Erwin, Sam McEntire, Archie Adams, Catherine St. Clair, Carolyn Broyles, Billy Hale, Bet-ty Brown, Billy Crockett, Geanne Carlton, Ed Norris, Betty Allison, Bill Edwards, Gwendolyn Westbrook, Joe Baker, Eva Mae Wat-kins, Don Womack, Betty Hope Dale, Kenton Hixon, Clarissa Reece, and Bill Bookout.

"Hey, Texas," drawled a blonde handsome. "Why, hello, Tex," returned the dak-haired frail. And they had that certain gleam in their eyes, because, you see, they got "a touch of Texas in their blood." And just in case you've been wondering, these unusual people are none other than personality plus Dot Butcher and Tommy Hemphill.

Dot, better known as Butch, is in the Girls' Hi-Y, Ushers, Gadabouts, Vagabonds, and the National Honor society-is chief of Announcing staff, program chairman of the Senate-likes chocolate pie and is crazy about sweet milk. Her favorite pastime is having a good time and her hobby is collecting tie pins. (My, Butch, how you do get around!) When referring to men this damsel stated, "I really don't care how they look just so they have mellow personality."

Dot is outstanding in dramatics and has had a leading part in practically every play that has been presented in the last two years at Central. In short, that dame has got what it takes.

Tommy plays a clarinet in band. He's a rather new addition to Central, for he just entered this year. "His women," he explained, "must have dark, curly hair, blue eyes, an agreeable personality, and long eyelashes. He adores Mexican food, especially inchiladas and ta-

"I resolve to beat the milk an home at least once a week." 9. "I resolve to have my home work each time I say 'prepared.'"

RAMBLING 'ROUND

Amid a roar of yells whistles and of singing "Auld Lang Syne," a large crowd of Centralites helped to welcome the New Year in at Ann Mavity's house

The party was given by Ann lavity and Imogene Miller at Mavity Ann's house on Fifteenth Avenue. Everyone was given a small hat

as a favor as they entered the room. There were about fifty persons present and all had a swell time

Amid the loud talking of everybody there was dancing, playing of games, and listening to the victrola and the radio. Ann Mavity and Tommy Hemphill seemed to be the center of attraction.

Western College Offers Awards

Western College for Women in Oxford, Ohio, has announced that four trustee scholarships of \$1,800 each will be given to girls entering as freshmen in '43. \$450 will be paid each year for four years as long as the student maintains a high level of work and conduct.
All candidates will take an examination in April. Those who are interested should consult Mr. Nel-

son as soon as possible.

Western is a small liberal arts college for women with an enrollment limited to 350 with a ratio of one professor to every six students. Open to Western graduates are excellent careers in such fields as journalism, home economics,

commerce, laboratory work, and teaching. Western has recently added courses in meteorology, photography, accounting, business ganization, typewriting, and shorthand. In the speech department radio, dramatics, stage craft and puppetry have been added.

With the demand for college trained women rapidly increasing Western alumnae are holding many positions of responsibility and leadership.

Central Boys to Make 100 Planes

Once again in our war effort Central is called on to help by building model airplanes for the navy. This is the second time this year that the school has been asked to contribute in this manner, and the plans are being made so that models can be finished ahead of schedule.

The planes, which must be made an exact scale, require a great deal of carving skill and long hours of work. For each plane accepted the boy will be given a certificate and if he markes five models which are accepted he will be given onehalf credit in manual arts

Central will be expected to make at least one hundred planes, and plans are being made to exceed this mark

Miss Shearer is the teacher who has taken the place of Miss Ida Nickel. Miss Nickel has gone to Hebron, Nebraska, where she will be with her mother, who is ill.

Previous to coming to Central Miss Shearer spent a year in South Carolina, where she taught short-hand and dictation in a public school there. Recently she has been teaching at Edmondson's School of Business.

Miss Shearer graduated from the State Teachers College in Murfreesboro, Tennessee, and while at-tending there majored in English and History.

Central Loses Many Outstanding Students as Midterm Ends

Central will be deprived of some of its outstanding students Jan. 22, 1943, when the midterm seniors will graduate. Some of those who graduate will continue until the end of school and all those who graduate will return to participate in the Commencement exercises as none will be held at the half.

Among those who will graduate are Rufus Abercrombie, C. L. Thomas, Martha Frances Hale, Lily Jo Filer, Mable Mueller, Pete Llewellyn, Ray Callaway, Lucille Simpson, Mae Elsen, Mary Nesbitt, Margaret McCurdy, Christine Moore, Vernon Duckett, Ben Mill-er, Evalyn Exum, Dorothy Stephcommerce department, has been ens, William Tucker, Mary Frank teaching the first-year shorthand classes since Christmas.

Those who will receive enough credits to graduate but will con tinue until the end of school are Jake Beard, Bill Hale, Harry Green, Cooper Holt, Bill Daniel, Eugene Glenn. Willa Dean McCormick, Bill Woods, Betty Exell, Dexter Smith, and Mary R. Klien.

When asked what they planned to do after graduation we found that Dorothy Snodgrass, Opal Johnson and Frances Shedd plan to get married and Mary Frank Waldrop plans to join her husband. Mr. Bill Thurman, in California. College life seems to attract Mary Nesbitt and Ben Miller, while Vic tor Sterchi, James Skeen, Ray Callaway, and Rufus Abercrombie will probably be in the Arvy and Navy shortly after graduation.

DISCRETION AND THOUGHT

Discretion and thought-these two should be used to the utmost in the election of the officers and people to fill other places of honor. For instance the senior class about this period of the school year elects the valedictorian and class representative, while the salutatorian and faculty representative are chosen

tive, while the salutatorian and faculty representative are chosen by the faculty.

Naturally, the people eligible for these positions must meet certain qualifications. Those for valedictorian and salutatorian are: a minimum of thirty-six A's by the end of the first semester of the senior year, no F's and good speaking and writing qualities. To be faculty or class representative one must have at least a B average and no F's.

Since these honors are the highest and the last that the seniors can confer on the students, they should represent the quintessence of excellence of the outgoing class. That is the reason great care should be taken in these selections, or rather

quantessence of excellence of the outgoing class. That is the reason great care should be taken in these selections, or rather elections. This is a reiteration of the time-worn, thread-bare, but worthy advice, "Don't vote for a person on personality where merit is the prime requisite." Popularity is highly desirable and if a person has this and merit also so much the better, but if you broke a delicate spring in your watch, where would you take it, to a friend or an expert jeweler? The jeweler, of course; so let's apply this principle to ourselves when we make important' (to some people) decisions.—H. N.

GET BACK IN THE GAME

A splendid point was emphasized in a recent assembly ad-dress in which the speaker taking his text from the realm of the athletic world urged the students to get back into the game and with increased vigor and ambition to successfully complete the task facing them

with increased vigor and amouton to successiumly complete the task facing them.

This being the first week of the new semester many will probably be discouraged after receiving their report cards and others will be inclined to assume the "it doesn't make any difference any more" attitude and want to give up and quit.

But instead the aforementioned words should be adhered to and provide an innentive to spur the individual student onward and encourage him to strive for more initiative and determination to see the job through because giving up when there is still a chance left is por sportsmanship. Let us accept those very familiary words as our motto: "Not to the strong is the battle, not to the swift is the race, but to the true and the faithful victory is sometimes won through grace," and proceed in the accomplishment of our undertaking.

Certainly the second semester is no time to let the principle of procrastination take a hold on you. But it should be a period in which every moment is made to count in preparation meet

in which every moment is made to count in preparation to meet the call of our inevitable responsibilities ahead.—R. K. W.

G. I. REVIEW

As the first semester of the 1942-43 school year draws to a close, the military department is deeply concerned with the grading the personnel of the regiment.

The cadet colonel usually decides the field grade of his staff officers. The grading consists of two parts: the field work of a cadet or out-side drill problems and his theoretical class grade, which is de-cided by his instructor. The cadet is placed in one of three classes which are held every Monday and Friday, according to whether he has had one, two, or three years

The cadet non-commissioned officers and other cadet privates are graded for field work by his com pany commander. Every cadet is equally classed when grading is concerned. Each one is graded according to the extent he has filled his positions. A cadet works to one goal, that of completing the

YALE OFFERS **SCHOLARSHIPS**

Yale university, of New Haven Connecticut, expects to have available more financial aid for freshmen this year, because of the decrease in the number of scholarships in the upper classes

Scholarships are awarded on a threefold basis: intellectual promqualities of leadership, and ise, need

Yale will continue to offer undergraduates its regular curriculum including the special courses in preparation for war service. Terms will begin in February, July, and October. This arrangement will permit qualified students to enter soon as they have completed their secondary schooling, and to secure the maximum number of terms in college before entering the armed forces

The College Entrance Examina Board will offer series of aptitude and achievement tests early in January, April, June and September. These tests will be used for scholarship applicants. Formal applications for financial aid from the university in freshman year will be forwarded to the applicant upon request.

REV. WILEY SPEAKS TO STUDENT BODY

"Get back into the game and fol-low the rules," said the Reverend E. E. Wiley, pastor of the St. Elmo Methodist Church, in an address to the student body of Central Jan-"We can carry the bal uary in the wrong direction in our churches, schools or home," he

"When a player thinks he must remain off the field, because he has run in the wrong direction, the coach encourages him by saying that the game is only half over and that he must play," continued Rev. Wiley as he compared these words with our Savior's, "Your sins have been forgiven. Arise and walk,"

He concluded his speech by reading the poem "Ultimata Veritas," and stating, "We are in the midst of a hellish war. I pray that the

CENTRAL DOWNS McCALLIE 46-32

The Purple quintet entered their seventh game of the season last week with neither team favored, but the versatile strength and reserves of the Central powerhouse bore out the fact they were the best team and McCallie fell before the Central attack by a score of

The Purples opened their brilliant offense early in the first period and kept up such a relentless barrage of field goals and foul shots that the Blues were never in the picture

Carden led the attack with a total of 14 points. Foul shots were greatly responsible for the Purple The McCallie five in the win. feverish excitement had a total of 18 fouls called on them. Of these the Balesmen were able to sink 16.

This win gave Central an undisputed claim of first in the race among the City Prep League.

Central Loses Weight Lifting To Red Raiders

Due to the inexperience of the Central contestants the Purple weight lifting team lost a hardfought meet to the Baylor Red Raiders last week by the close score of 2250 to 2090

Joe Steffy, star of Baylor, nosed out the Central star, Stumpy Coleman, by a mere five points. the three divisions Steffy lifted a total of 530 pounds while Coleman lifted 525 This was the first contest for the

Central team and the sole purpose for entering was to gain experi ence for the more widely acclaimed meet, the Frye Institute's contests. Coach Petersen expects great results from not only Coleman but the rest as well after they gain the greatly needed experience.

Most local sport scribes are rating the Purple quintet above all local teams and in the same brackets with Knox City, Norris, and Johnson City (conqueror of Knox City).

That "C" club jamboree was really a bang-up job. Gene Payne and Charles Rogers get our bid as best performers, with the Golden Terror running a close second. Coach Petersen was in every sense a master of ceremonies.

The Blue and White, the Knox City paper, really gave Coach Petersen a going over last month. It seems they considered they got a raw deal in the Knox City-Central game and them on the upper end of a 41-20 score.

INTRA-MURALS

If plans go through as they were scheduled, in the near future a citywide intra-mural program will get underway. The Frye Institute is sponsoring a prep school program in weight-lifting, boxing, wrestling, etc.

Last year a weight-lifting contest was held, with the Central entrants placing in quite a few contests. If this year's program meets with as much success as the previous one, it will probably be instituted as an annual affair.

In the Central intra-mural pro gram the team system Coach Petersen put into practice is working out very nicely.

The way it works is very sim ple. In every contest, whether it be cross-country, chinning, relays, or what not, each member of a team is entered individually. The first ten in each race then acquires so many points for his team. They then are added to the previous total

At the present all the teams are closely bunched, but as new races are planned wide margins can be expected of the best teams.

Purple Five Wins From Friendsville

Friendsville's Knox County tet lost to Central's cagers on Fr day the 15th, in the Central gym to give the Pounders their se straight win. The final score was Central 40—Friendsville 29.

The starting line-up for Centr was: Schulte, Shrader, Carden Stonestreet, and Trundle Thaxton, Casey Love, Smith, an Martin substituting. The first quar ter was a close one with the Cen tral boys emerging in the lead with seven points to six. Trund made sixteen points to his credit with Schulte a close second with 14 points. In the second quarter the blue

and white clad boys led by Hamil came out on top with a 15-12 at the half. Friendsville shot severa good long ones to score. Hami made eleven points in all.

The Pounders pulled away with some fast playing and shooting to make the score at the end of the third period 29-17. Substitutes w sent in for Central, and the first team came back in before the score 40-29

The Friendsville five was rated one of the best teams in the state, having beat Norris, till they ran up against the attack poured by the Purples.

Although the Upper East Ten nessee boys played a fine brand of ball, they were unable to stand up against the reserve strength of the Central powerhouse.

Central Cubs Win 6, Lose 2

The Central High baskethall "R" team, under the capable coaching of Coach E. B. Etter, have had successful season thus far by winning six games out of eight.

The games they have played are as follows: won:-with McCallie, 33-31, on Dec. 17, 1942; McCallie B, 32-29, on Jan. 7; Rossville 32-21, Jan. 1; Rossville B, 26-20, Jan. 13; Soddy-Daisy B, 36-18, on Jan. 14; Tyner Varsity, 24-21, Jan 15; lost to: Sale Creek's varsity 49-13, on Jan. 4, and to Hixson's varsity, 33-24.

Other games are to be played in the future with Red Bank, Notre Dame, City and Baylor.

Some of the "B" team's players are Ferry Craft, Charles Burt, Charles Smallen Frank Smallen and Jack Robinson. Coach Etter's boys will furnish some good material for next season.

WATCH BILL JONES

For good, homely, every day philosophy Bill Jones can hardly be surpassed. Sometimes we see things so often and so much that we become so calloused or accustomed that we pass things by almost without seeing or hearing. It is possible that in this way we may miss some very good things.

From week to week appearing on the bulletin board are posters which under the signature of Bill Jones give some very good ideas worthy of mention.

"Don't envy the successful man. Learn his methods. Give him competition" is a good attitude to assume toward the person we sometimes see getting ahead.

him competition" is a good attitude to assume toward the person we sometimes see getting ahead.

Giving up and bemoaning one's outcast state helps so little, but it does make a great difference if the fellow who is true discouraged forges ahead doing his best and allowing nothing to overcome him. Instead of being reconciled to one's fate, the lesson set by those who are successful should be accepted as one way in which success can be attained. A person who has climbed high on the mythical ladder of success has not done so without maximum effort and work and it is the individual who is willing to accept added responsibility and work who will in all probability go far toward success in life.

It isn't a bad idea to observe our successful fellowmen and try their methods in climbing the road to success in life. The habits that are developed in high school years will be practiced in later life.—R. K. W.

BRING A CAN . . .

When the Japs invaded the Malayan Peninsula and other

When the Japs invaded the Malayan Peninsula and other rubber and tin producing lands of the Far East, these two essentials (rubber and tin) were cut off from the United States. The shortage of rubber was felt immediately while lack of tin is just now being noticed by the general public. So for this reason there is another "drive" on. This one for tin cans. During the past few days which have been designated as "Tin Can Week" we have been urged to bring empty tin cans to school. This seems to be somewhat of an inconvenience but let's consider an average tin can prepared as the government has suggested, which is with both ends removed and palced inside the can which is then flattened by merely stepping on it. It measures after this processing about four by five inches. It can be put in a book, coat pocket, or in the girls' case in their pocketbooks.

pocketbooks.

Several could be brought in this manner with little hardship on the part of the student. It is necessary that a great number of cans be collected because although it is known as a tin can it has only a thin coating of this metal on it while the remainder is steel, another critical material. Thus a double purpose is served. Tomorrow is to be known as "Tin Can Day" so to use a rather corny phrase "Bring a Can to Lick Japan."

What are We Doing at Central to Help Win the War?

is the most vital question This is the most vital question of our day. For me to fully dis-cuss it, would take an entire page of this edition, much more space than I am allowed, so I can onlymention some of the most important activities.

tant activities.

One of the important acts in our school toward helping win the war was the formation of the R. O. T. C. at Central by the school board. This training provides physical property for all parties for all par vides physical exercise for all male students past the freshmen age and it offers opportunities for many students to be trained as privates, sergeants, lieutenants, captains and majors under the direction of trained U. S. Army officers. Thus students are trained in discipline, co-operation, manual of arms and organization.

A year ago the Industrial Arts department was called upon by U. S. government to make 150 model aeroplanes. They responded by making 168 planes of thirty different designs of A. B. and C series. It takes from 9 to 30 hours to make a plane. We are again asked to make 100 more of the D E. F. series. Many designs are requested as United States, British, German, Japanese, and Russian models.

Out of every 100 men called to the service of the U. S. Army and Navy 63 are required to be technically trained.

How-ever, the females of Central stubbornly disagree and speak of him as a good-looking blond with a swell personality, but shame on it he's got another girl! This hand-some personality is in the Officers club, Dogpatchers, Depression club, and Bachelors' club—likes Ginger Rogers, spaghetti and meatballs swimming—"loves" basketball. His pet aversion is "girls who stand around the rotunda and talk too much." After graduation Herbert intends to go into the air corps.

Her favorite foods are hamburgers (she'd get along well with Wimpy) and hot dogs. She's in the Grady Literary society and is president of the Library club.

Next we come to the first blonde. Catherine Ryner is truly a blonde with yellow hair, blue eyes, plus es and cream complexion. Her favorite food is steak well done, is in the Girl Reserves, hobby is reading good books, subject is typing and as for boys, (listen closely) she smiled and sadi "Tall, and handsome.'

While speaking of men, let us orate on the topic of Gene Carroll -that Romeo with the brown eyes and black hair. CENTRAL

Central is famous for its beautiful singers, and some of the re-cent tunes are very suitable for these singers (singers???). Well, anyway, I heard them singing these songs.

"Why Don't You Do Right". Eugene Schrader to Alicia Ware. .. Seems to be Basil Irwin's theme song, too (did you hear him sing it on the "C" club program?)...

Pat West to Jean Smith... And all the teachers to their "sweet little angels."

P. T. A. Celebrates 46th Anniversary

The P. T. A. celebrated the forty sixth anniversary of the founding of the National Congress of Parents and Teachers, February 10 with a program in honor of its founders, Alice McClellan Birney and Phoebe Apperson Hearst.

Juliet McBroom opened the program by telling the purpose of the celebration and stressing the imand community relationship during these uncertain times.

Brief reviews of the lives of the founders were given by Doris Hendrix and Frankie Wooden. On the program the following seven girls represented these parts: ideal, Gwendolyn Westbrook; hope, Betty Crane; cooperation, Lela Manly; diligence, Martha Stewart; courage, Betty Allison; comradeship, Doris Underwood; wisdom, Juanita

Mrs. A. P. Stewart had charge of the program.

FORMER STUDENT TEACHES IN INDIA

The war has caused many Cen tral students to be scattered to all points of the globe in various capacities. Recently teachers at Central have received Christmas cards, which came by way of Bombay from Beulah Dell (Hagaman) Blanchard, an alumnae of the class of '38, who is now stationed in India. Beulah Dell was very outstanding during her years at Cen-tral, being president of the Girls' Hi-Y, editor of the Times page, and later associate editor of the Digest. Soon after her marriage she left with her husband for mis sionary work in India under the auspices of the Baptist church. They were first stationed at Rangoon, Burma, but at the outbreak of the struggle they went to India, where they have been since. They are now teaching children of misby three members. MAJORETTES AID PARALYSIS DRIVE

During the recent campaign for funds to fight infantile paralysis. Central's majorettes covered various streets, in the downtown area receiving contributions from ne destrians in return for the white tags carrying a picture of an infantile paralysis victim who is fighting the way back to recovery. They had their booth headquarters on the east side of Market street near Seventh, and as a result of their efforts the considerable sum of two hundred thirty-five dollars and fifty cents was collected.

The majorettes, an outstanding group of girls who appeared in many entertaining exhibitions during our football season last year, are Elizabeth Morton, Betty Hope Dale, Dot West, Roberta Smith. Dot Gibson, Rosemary Kirk, Eva Mae Watkins, Maxine Morton Frances Beene, June Hardy, Virginia Parks, Marguerete Duke, Sue Nye, Margaret Gibson, Janette Lee, Mickey Jarrell, Martha ette Lee, Mickey Jarrell, Martha Medley, Mary Gillette, Mildred reserve desk in the library and Tucker, and Virginia Perkins.

LINCOLN-IN CRISIS OF TODAY

Tomorrow we celebrate the birthday of one of the greatest presidents, statesmen, and humanitarians of all times—Abraham Lincoln. Abe Lincoln's aptly-expressed morals have been applied to many generations and occasions, but they are especially adaptable to this great crisis when we often find ourselves becoming embittered as our friends, brothers, and fathers become a part of what we often think is a horrible and bloody war. a part of what we often think is a horrible and bloody war. Lincoln gave everything he had, not for his own benefit or for the welfare of his political party and the North, but for the endurance and well-being of the beloved Union. Although it hurt him to see those he loved killed in a horrible strife among themselves, the most heart-rending of all experiences was to see the country he so cherished tottering and crumbling in its

If he is a senior and expects to enter the air corps he may take a pre-flight course. In any branch of the service one needs to be highly skilled in mathematics. For example, a navigator, who is one of the most important men in an airplane crew, would be helpless without mathematics. Even a common buck private needs a practical knowledge of this subject. If a boy expects to make good in the army he should get as much knowledge of mathematics as possible. A soldier efficiently trained in these essential subjects is worth more to the army than two soldiers who have not been sufficiently trained in pre-induction courses.

CERAMIC CLASSES MAKE POTTERY

lasses in ceramics are real producing some professionallooking pieces of sculpture and pottery. It takes an experienced and patient craftsman to do this, and a beginner has a great deal to learn. Here is a brief descrip-tion of how they go about it. First, one must "work" the clay with his hands till it is soft and pliable, and stiff enough to model well. Then it must be pounded and cut, to rid it of the air bubbles which would cause cracking when it is in the kiln. In the case of sculpture, one may either build up the image by sticking on pieces of clay, one on top of another, or cut pieces off till the desired shape is reached. The former is the French method while the latter is English. In pottery, the bowl or dish can be built by rolls of clay on top of one another or by molding a center in a solid piece of clay. After the modeling is done, and perfectly dry, glazes are applied by either the hand or spraying method.

The first finished pieces were baked in the kiln last week and produced satisfying results, which may be seen in 323

Introducing

"I'm failing in my prime," dole-fully replied one Central flower to another, and continuing in a crestfallen voice stated wearily, "what I need is cultivation." One flower who is definitely not failing, but deserves cultivation, is pretty Gerry Sells-that agreeable personage who is blessed with lovely corn-flower blue eyes. Gerry has a mischievous grin and soft brown hair is in the Home Economics Club - devours Martha Peddler's books-wants to be a private secretary. When asked what type of a man she wanted, she sighed and wistfully murmured, "A tall man, with broad shoulders, who smokes a pipe, wears tweed suits." Denny Jones

Denny Jones isn't particular when it comes to the ladies. His sole request is that they don't have red hair. This brown-haired, dark-eyed, fascinating gentleman is in the Depression club, Officers' club, and Bachelors' club - is a captain in the R. O. T. C.-likes hunt-thinks Ginger Rogers and John Wayne are just about all right. Denny is an ardent lover of poetry, especially Kipling's, and likes both kinds—serious and humorous. He prefers semi-classical music and his favorite song is "Dixie." After graduation he in-tends to join the Navy Air Corps and become a fighter pilot.

VALENTINES

There are different types of boys, girls, who send different types of valentines. So here is the list of boys and the types they send.

The "Class Room Romeo": He is the boy who gives every girl in his class an expensive valentine and expects to be a great favorite with the girls-but, for some reason, he isn't.

The "Serious Type": He gives his "one and only" candy and the most expensive of valentines.

The "Palsy Walsy" boy: He gives everyone a comic valentine and usually signs it "Guess Who",

The boy who has the "I think valentines are silly" air is one who gives no valentines but will prove the best man in the end.

Well, there they are. You may take your pick—if he hasn't al-ready taken you—and don't forget, girls, there is the fellow who actually expects you to give him something for Valentine day.

Plans for this tourney have already been laid and the date has set for the third week in March.

Possible entrants for the Purple and Gold will include Pie Covington, Butch Williamson, Joe Jenkins, and Frank Scoggins, along with a few others to make a full team.

Another event to be held in the Gives Awards letes will be the annual Times fivemile race. The race was held last year on Chamberlain Field but officials think these facilities will not be available this year and the race may have to be run over the original five mile cross country jaunt. The usual date in the past has been the Saturday after George Wash ington's birthday, but this year the date for the race has been changed to Saturday, February 20.

U. T. B's LOSE TO PURPLES 40-30

Last Saturday night in Knoxville basketball fans saw a seldom seen and most spectacular feat per-formed on Tennessee's floor. The Purple quintet not content with playing high school teams took on the Tennessee "B" team and emerged on the upper end of a 40 to 30 score The Purples took the lead early

and held it throughout the game. At the end of the half the score stood 23 to 22 in favor of Central. Ned Thaxton starred for Central and in doing so he displayed the

Last Thursday afternoon the Central boys lashed out to show another victory by romping over another vectory by temping to the Everett High at Maryville by a score of 34-26. Trundle scored high with 14 points with Schute Purples Upset second with 8 points. The start-ing line-up as usual was Stonestreet, forward; Trundle, forward; Schulte, center; Carden, guard, and Thaxton, guard.

Webb scored the greatest num-ber of points for Everett.

Later the same night the Pounders clashed with Friendsville to defeat them for the second time by 38-33 margin. The Friendsville team will be remembered as a tough one that consisted of several long-shooting players.

The beginning line-up was the same with Schrader substituting. Carden scored highest for Central with sixteen points; Schulte had eight. High man for Friendsville was Baring with eleven points. Friendsville has been considered Central's toughest opponent. This Stonestreet (8) F (4) Hombdo game marked another victory that adds one more rung in the ladder toward an undefeated and successful basketball season. Central is hoping, and so are the boys on the team, for such a season.

Purples Down Blues 2nd Time

Last week on the Purples' flo some 900 fans saw a st tral five down a quintet from Mo Callie by the score of 35-29. victory marked the twelfth straight for the Purples and the secon over the Blues.

At the end of the first period the score stood at 9 to 2. This margin was attained as a result of the a curacy of Bill Schulte and Geon Carden. "If you boys don't start listening now, you'll be doing K. P. duty in the near future," was the statement voiced by Mr. Tal-lant in a special address to his back-row sluggards. Although the class roared in mirth at the thought of future potato peelers, this vision is in reality no laughing matter.

Much of the information concerning scholasfrom his education. Much of the information concerning scholastic subjects is received through what is said by the instructor. This ability to concentrate is an art rarely acquired later in life if not cultivated in high school. It is one of the necessities for the successful execution of any task with which one might have to cope. In this modern world we must be successful in our undertakings or be left by the wayside. Now, during wartime, for deriasings or be tert by the wayside. PROBLEMS YESTERDAY-TODAY

On Monday, February 22, two events of national importance

occur—the commemoration of the birthday or our mass manner, hero, George Washington, and the beginning of food rationing. This coincidence makes one compare the difficulties which on conficience makes one compare the difficulties which confronted Washington during the Revolutionary War with the difficulties of the present conflict. Our present problems are on

officiations of the present conflict. Our present problems are on a gigantic scale, vaster by far than those of the Colonial Army. Yet, Washington's difficulties were no less crucial. One of the more important of Washington's problems was the difficulty of procuring a sufficient food supply and adequate clothing for his men. Fortunately, America need not cope with this problem. America's resources are adequate to expect with this problem. America's resources are adequate to cover both military and civilian needs; however, in the event of any short-

A similar element of the two eras is adverse criticism. It is now as detrimental to the war effort as it was in 1776.

Politically, there is a wide difference between the Tories of the Revolutionary period and the fifth column of today. However, in their hindrance to winning the war, they may be lik-

RAMBLING ROUND

The Warner park skating rink really saw some fast action on Monday, February 8, when the English classes of Mrs. Bruckener forgot their verbs and participles for a while and celebrated with a

skating party.

To Marjorie Ogle, chairman, and her able assistants, Martha Keener and Emily Peoples, who formed the committee for making all neces-sary arrangements for the afternoon of fun, goes a rousing vote of thanks from all who attended.

Seen skimming lightly over the floor in time to the music were Betty Duggan, Mary L. Meyers, Dorothy Davis, Clio King, Martha Keener, Frances Martin, Frances Miller, Sarah King, and Dorothy

Mildred Bledsoe, a whiz on skates, was right in the middle of all the fun, as were Jane Moore Bobbie Martin, Florence Carrol Carrol. Nelson Snyder, Lorna Andrae, and Elizabeth Johnson.

An occasional tumble only added

to the fun, and spirits were high.

Laurine Duggan took several these falls, for, believe it or not, it was her very first time on skates. Enjoying the merriment were La-Verne Tea, Lester Cobble, Wayne Adams, Wilburn Hope, Dollie Sue Gilby, and Pauline Brooks.

Mary Ruth Gillet and her partner (whose name I couldn't get) astonished the mob with their spec tacular waltzing on skates. Good gaines, Mary Ruth!

The ever-popular hamburgers and bottle drinks were the order of the day, and Clay Parton, Wade Wheeler, Joe Hammack, Marjorie Ashworth, Eugene Sheets, and Marjorie Ogle, seemed to really be enjoying the "pause that refreshes"

Mrs. Breuckener was there, of course, and with her was Miss Elizabeth Smith, English teacher. If every party was as swell as this one, what a wonderful world this would be.

JR. PERSONALITIES

This week we introduce three ore outstanding Juniors:

First, let's introduce a precious brunette. Her name is (listen closely) none other than Helen Mc-(listen Cuiston. She is really a cutie-is in the Bible club. Favorite subject is typing—food is cherry pie (um! um!) As for boys, she says, "Yep, I like 'em tall, dark, and hand-Some "

Now, let's orate on the subject of Roy Bush, a handsome Romeo with personality plus, has black wavy hair and brown eyes. He is

in the Sergeants club - favorite food is hamburgers—subject is history (of all things) and as for girls they must be medium size, brown hair and brown eyes. Next we shall meet a tiny (and I

do mean tiny) junior. You may have to look twice before you can find her. She has brown hair and brown eyes and her name is Mollie Childress. She has really got the dimples and smiles, hobby is cycling, subject is typing-favorite food is hamburgers. As for boys (this took quite a bit of thinking) she said, "Tall. dark, (white skin. of course) handsome and big blue eyes.

Lt. Skoien Speaks On Armed Forces

"The Armed Forces in the World Today" was the subject of an address by Lt. — Skoien, of the United States army, on Wednesday, February 10, at the chapel

I.t. Skojen stated that in the past have taken many things for granted-gas, meat, sugar and sugar-but no longer can we do this. We are in a period of history when we must know the penalty of denying ourselves and of even giv ing up our lives if need be, he con-

In stating the good qualifications for serving in the armed forces, Lt. Skoien mentioned the following: Sense of humor, attitude of wanting to learn, religious faith, the spirit of song and keeping one's self pure and strong.

In conclusion, the speak said:

'Our security today lies in the fact that we have enough men who are clean and pure who form our bul-wark of strength."

Ten Promotions Made in Band

The Central High School band directed by Mr. E. S. Vanover, has recently promoted ten officers in its staff. Mr. Vanover has chosen these students for their ability and their willingness to cooperate.

The students selected for promotion to second lieutenants are as follows: Ernest Johnson from a technical sergeant; Wallace Miller from a sergeant; Lorrainie McEn-tire from a sergeant; Tommy Hemphill from a sergeant; Kenneth Conley from a technical ser-geant; Pat West from a sergeant; Verlin Smith from a sergeant and Bill Tucker from a master ser

FRYE SPONSORS PREP SPORTS

The Free institute, as in previous years, is to be an important factor in local prep sports this year. They have lined up on their program for prep schools this year a great variety of sports, including boxing, wrestling, weight lifting, etc.

They have already sponsored a weight-lifting meet this season and Central's team emerged winner.

Toward the latter part of February, a wrestling tournament will be staged and all local prep schools are asked to enter in order to make this event successful enough to be sponsored annually.

A boxing meet will grace the limelight in March with all schools expected to enter. This is probably the first all-prep boxing meet held in this locality and all sports fans are looking forward to its success and institution as an annual affair for prep schools in Chattanooga.

INTRA-MURALS

Tumbling still seems to be the nain cog in Coach Petersen's gym conditioning program other intra-murals are coming into the limelight now.

Boxing and wrestling, along with weight lifting and field sports, are to be stressed in view of the pro-gram under way by various athletic associations in this locality.

The weight-lifting tournament bore out the fact that we are capable of producing teams for inter-scholastic sports other than baseball, basketball, and football. So with this fact in mind Coach Petersen intends entering teams in

all contests regardless of the nature so long as Central students show the interest they had for the weight-lifting tournament. If a good showing is made in others as in this tilt, many more laurels will be won by the now growing intramural program.

All local prep schools are expected to enter the meet Prizes will be given to class and team hampions

There are to be ten classes run ning from the 100-pound to the heavyweight class. National intercollegiate rules will govern the meet. Entries will close Thursday

Boys who will represent Central in the meet are John Allen, Harold Bracken, Dan Lamb, Mickey Parks, Butch Williamson, IB Gonia, Hubert Phillips, Bill Manning, and maybe a few others who will enter later.

If there are any more boys in Central who think they have potential wrestling ability, please see Coach Peterson in the gym and enroll now so you can start training and gain the much-needed and valuable experience.

Freshman Cubs Down Brainerd

Last week on Tuesday, the 9th the Central freshman cagers, that are led by Coach Newton, defeated Brainerd Junior High to the tune of 21-16. The "C" team, as it might be called, are in the Junior High School Basketball league. This makes their fourth win matched with three losses. The "C" team helps to develop the boys into better players by giving them more experience.

The starting team for Central was Pickering, forward; Ratch-ford, forward; Haskell, center; Gonia, guard; Burgess, guard; with Crowe substituting. The game was fast and tight, the score being at the end of the first half 10-10. The high point man for Central was Haskell, who scored sixteen of the twenty-one points.

For Brainerd was Saunders, for ward; Loney, forward; Vaughn center; Gill, guard; and Cousen guard. Vaughn took point honors for Brainerd with eight points.

Brainerd pulled loose late in the game to trounce Brainerd with the final score of 21-16. The frosh team plans to play Brainerd again

Gordon not only won the first place wrist watch and minor letter from Coach Petersen, but captured the ovation of the crowd for his brilliant sprint in the last lap of the race.

This last minute burst of energy became a necessity when young Bobby Sparks frm Soddy-Daisy started moving up on him, but the endurance, stamina, and experience of Gordon bore out the fact that he was destined to be champion of champions that day. Lloyd McGraw, 15-year-old freshman, also attained glory for Central by running a close third place. Every entrant from Central who started the race had the distinction of finishing the grueling five-mile jaunt.

From all the indications, it is gathered that since we entered the war high school students are studying harder and more eagerly than ever before. This is undoubtedly due to the encouraging fact that the young people have grasped the seriousness of this war and the share of their responsibility in it.

Congratulations should be extended you on this trend and to urge you to continue to study even harden. Consider yourselves not as being too young to take part in the war, but rather as a great student army, training to take your place to help win the war and then carry out the objectives of peace.

We, the United States alone, spend in a single day about twice as much as we had spent in the entire period of the Revolutionary War. In the far-flung battles we have thousands of costly war machines. But money and machines alone do not win battles. Men are the decisive factors. Not just men but educated and well-trained men. It is the specialist who usually determines the outcome of a battle.

educated and well-trained men. It is the specialist who usually determines the outcome of a battle.

Knowledge and training will be even more important when the war ends. This war has fortified our convictions in reference to the necessity of an education. When the war is over, we will need great numbers of young people equipped with the knowledge to reconstruct the world and improve it.

May I reiterate the point again: Study harder than ever before. Prepare yourselves with confidence.—R. K. W.

ADAPTABILITY . . .

The attempt to adjust is continually being made. In nature animals have fur to guard against cold or colored skins so they may not be observed easily in their environment. Even the army makes provision for this quality of adjustment. Some troops are trained in sub-zero weather for fighting in frigid lands, others in the desert for combat such as that now in processes in North Africa. There is appeared to the company of the progress in North Africa. There is even a camouflage corps

progress in North Africa. There is even a camounage corps to provide effective adaptation.

This (adapt ourselves) is what we have done excellently so far and what we shall probably continue to do as other unavoidable contingencies of war arise.

American forces had retreated eighteen miles in the face of a German drive. We shall, among other things, adjust ourselves to defeats and disappointments should they come. For an example of adaptation here at school, last week we had a four-day break, so this week we will have to labor a little harder to compensate for the holiday. This is somewhat difficult as although the human brain is a marvelous machine, it is apt to forget small details, but these with a little review can be brought back quickly (providing these details were learned in the beginning.

The Voice of The Faculty

To produce anything of value one must be busy-mentally and physically. In my opinion one of the most worthwhile ways to spend leisure time is by developing abilities that we have inherited or acquired. Hobbies are a means toward that end since they provide amusement, knowledge, and desirable uses of leisure hours.

By indulging in things that interest us, we are certain of pro-ducing something that will give self-satisfaction. Currently, hobbies may be directed toward the war effort. Those who model planes and ships will find a double pleasure in their hobby by contributing their results to the war department. Stamp collecting also has merits. Introducina

Among the cutest couples at Central who have been thoroughly smitten by Cupid is that of Juanita Crawley and Albert Miller.

Juanita started her eventful life out with a bang by running into a bookcase at the innocent age of one and has lived in continual ex citement to this day. She is in the Ushers, Seventeeners—is vice-pres ident for Senate, treasurer's aid for for the Hi-Y, advertising manager for the Digest, feature editor for the Champion, sponsor for Company I-likes tall, dark and handsome men with a good per-sonality—plays the piano—has blonde hair and lovely blue eyes and wants to be a secretary.

Albert is one of those men who

are endowed with the miraculous ability to live through solid geometry and love it. He has black wavy hair, blue eyes, is tall and blessed with a sense of humor—is in the Officers' club, Bachelors, and Depression club-likes Ray Milland, sports, and blondes with blue eyes-favorite song is "Moon-light Mood"-intends to join the Air Corps after graduation.

JR. PERSONALITIES

This week we take pleasure in introducing two more juniors.

First let us start with an attractive brunette. She has brown hair and dark blue eyes. Of course a girl like this one could be only Joyce Gillespie. She's one in a million, a girl with a dynamic per-sonality. Her favorite food is chocolate cake (um, um), favorite sub-ject is English. Hobby is reading about horses and collecting picture postcards; she is in the Trail Trotters, Hi-Y, Girl Reserves, Checkers, and Digest. As for boys, she prefers 'em tall, handsome and plenty of pep.

Next we come to a gentleman He is something on the shorter side. His name is Jimmy Huskey and he is "re - - - ally" cute. He has brown hair and green eyes, favorite food is cherry pie, subject is Spanish, hobby is eating (so true of us all); is in the Safety Council, Senate, Digest, and Grady Literary society. (When asked about what kind of girls he liked his only answer was "I don't.")

Nancy Sue-Layton, you have the prettiest black hair. Layton-Yeah, someday I'm go-

ing to wash them.

Central through the Digest expresses sympathy to Mrs. A. P. Stewart in her recent bereavement in the loss of her mother.

That horse-loving gang cer-tainly stepped into full swing Saturday, February 13. They posted (or took consequences) down to that famous horse hitch ing post and water trough Edge-Water Beach. After a ride "where you and the saddle rarely meet," everyone went up to Virginia Cofflin's beautiful home on Signal Mountain for lunch. The riders and guests included Virginia Cofflin, Jerry Arnold, Janice Johnson, Ken-neth Bilderback, Betty Arnold, Amos Johnson, Mable Criswell, and Milton Wooden. After devouring a delicious meal the afternoon was spent in taking pictures in the snow, exploring the mountain, and dancing.

Mary Gilreath, a senior,

Mary Mertins and Marjorie Moore, juniors, were voted in the Girls' Hi-Y at a regular meeting held Monday, February 15.

"We'll have to notify the police at once, of course; come on, let's hurry!"

Betty and Doris ran as they had ver run before. Looking back now on that Sun-

day of February 7, these two Cen-tral students can hardly believe that such an exciting adventure could happen again. For, you see, they had ended a casual hike on Lookout Mountain with the patriotic, as well as exciting, disc ery of some hidden tires.

Prof. Winter Speaks on War

Among the 1600 American pris oners exchanged with the Japanese in 1942 was Prof. Chas. E. Winter, now a teacher at Southern Junior College, located at Collegedale,

"Sometimes we Americans do not appreciate what we have in this country. Get interned some-time and you will," stated Prof. Winter in a talk before the student body Friday, February 19, 1943. At the outbreak of the war

Prof. Winter was teaching in Hong Kong when the message came, December 8, to evacuate immediately. The speaker told of how he was one of 160 prisoners to be crowded into a small hut 50 by 20 feet with meager half cup of tea and a half cup of rice soup as food for a day. Many times he despaired of ever seeing America again.

HENLEY SPEAKS TO STUDENT BODY

"The Way to Know Right from From Wrong" was the subject of Rev. James W. Henley, pastor of the Centenary Methodist Church, when he he spoke in chapel on Tuesday, February 16th. Rev. Henemphasized certain principles people aid in directing which aright. He said God must be on the side of right, and in order to know the right way people should read the Bible, follow the God-given sense of direction, consider whether it is something to be re gretted later, consider whether it helps or hurts other people, and see if it fits into your basic pattern of the best people you know He challenged the students to try these principles.

PURPLES DOWN MURRAY 70-30

Last week in the Central gym the Purples, before an overflow crowd, ran roughshod over an overrated quintet from Chatsworth, Murray County, Georgia, to the tune of 70-30

The Purples were snapping the Murray five's record which had carried them to 45 out of 46 wins. The "free lance" play of the vis-

completely shattered. Carden, Shrader, and Trundle starred on the backboards with Schulte starring in the scoring col-

He is not only a gentleman in sports but in school life as well. He is probably the best gym student ever to enter Central. Not George Carden and Gene Shra only can he play basketball, football, and baseball, but can wrestle, tumble, and, above all, box. He is undoubtedly the best boxer in this locality. He displayed his knowledge of this art last week in an impromptu affair in the hall with the great local monster of fisticuffs James Harold Ingle. Although "Muscle Bound" Ingle put up a fight, Bo-Bo's strength and endurance made him winner.

Central Five Finish Perfect Cage Season

For it was on this day that the powerful Purples defeated Etowah for their twenty-second consecutive victory. This record was nearly made but for the loss of one game in 1921 and again by our great "1929 team."

Led by the standard five: Car-den, Trundle, Schulte, Stonestreet, and Thaxton the team has blazed a trail of victories that will long be remembered. The team is characterized as one with fast players, smart teamwork, and expert pass-

Although the Central boys, a one smoothly operated machine, has an undefeated scheduled sea son behind them, there is still that long, hard climb to state honors and national competition. After winning all scheduled games, the team must win four games in the district tournament. This being done, there are four games in the regional tournament.

In the state tournament eight teams begin; four are eliminated, they play; then the remaining two victors battle for the state ch pionship. If the state championship is taken, the team would then try for national honors. In 1925 the Central basketball team won the state tournament and played in the national.

CONGRATULATIONS CAGERS

When the timer's clock registered the completion of the When the timer's clock registered the completion of the fourth quarter last Tuesday, March 2, in the Etowah game, it marked the first undefeated basketball team for Central insofar as records are available. This unblemiched record was not a gift of Lady Luck. No, there are reasons for it. One of the foremost is the tutoring of Coach Bales, who consistently whips together winning combinations year after year. In 1929 he produced a team that some say in greater than the present one, although it didn't have the record this one has.

Another indication of his ability is the fact that he had only one requilar to start the 1938-40 season; yet the team fin-

only one regular to start the 1939-40 season; yet the team fin-

ished fourth in the state tournament.

Then there is the team itself, which has great inherent ability and plenty of experience. Their ability is best shown by deluging supposedly great teams like Murray County under by deluging supposedly great teams like Murray County under mountainous scores. Experience? This five has, with the ex-ception of one or two cases, remained very cool when a game became very close. When a quintet mets such stiff opposition as Etowah, University of Tennessee, McCallie, and others equally as good, there should be no doubt as to their ability and experience

Also student support this year has been excellent and on the whole visiting teams received all the courtesy that was due them, but the student body's conduct only equalled that of a sportsman-like, clean-playing team.—H. N.

LOOKING AHEAD

One hundred and fifty-four years ago, a distinguished group of America's leading men gathered in New York City for the purpose of creating a government for a county which had only recently fought a horrible battle for its independence. These great men, who were gathered for the historic meeting of the first United States Congress were working to create a democracy in view of the fact that no nation, governed by the ad ever survived.

democracy in view or the ract that no hauon, governed by the people, had ever survived.

They had no pattern on which to lay the foundation of our government, and were compelled to rely entirely upon their strong belief in freedom and justice, and their faith in God.

Needless to say, the government for which they laid the cornerations has proved to be strong; otherwise, it would not have stood the severe tests throughout the years.

Each Central student, when he stops to think of the great privilege he has of living in a country where he can voice his pointon, and take an active part in the government, will be more anxious to prepare himself to be a good citizen. The habits he develops in his high school days will follow him through life, and if they are good he will help to support honorably our government created so long ago.

It is up to us, the youth of our nation, to plan and look forward to the post-war days when there will be much need for careful planning and thinking to rebuild the world.—L. M.

The Boys' Hi-Y is sponsoring the annual Sunday School drive which is to encourage all students to attend Sunday School each Sunday. In the Bible Love offering envelopes appeared a bookmark on which was a pledge all students were urged to keep. The pledge is as follows: I covenant to read my Bible and pray daily.

1. For humble and devoted dedi-

cation of myself, my service, and my substance to the Lord Jesus Christ.

2. For my local church, its pastor, its leaders, its members, that we may experience a genuine awakening

Sociology Classes Make Survey

In the study of "Chattanooga in War Times" in sociology classes of Mr. J. Pope Dyer some interest ing reports have been made Cooper Holt on juvenile delinquency, Gloria Howell on accidents, Nanncilu Wood on smoke abate-ment, Billy Couch on the education

system, and Betty Rowe on crime.
In addition to the above mentioned subjects other subjects studied were transportation, man riage and divorce and other problems which concern the people in times of peace as well as war,

Each student was given a subject to report on and was told where

he might obtain information on it. In getting the information on the subject the student might visit the jail, the courtroom, to hear cases on the subject or any place where the information might be obtained

Finally on February 19 the re ports were given and the unit was declared successful.

G. I. REVIEW

The ROTC rifle range in the armory is now coming into use. The officers are now taking their practice shots with the small bore, .22 calber M2 rifles. The cadet fir ing on the range is given a target sheet on which is printed five offi cial, fifty-foot targets. Three shots are fired at each bull making a possible score of 150 points. There are four different firing position prone.

In previous years the military unit has sponsored target practice, but the range this year is the best vet. A very large section of iron approximately one-half inch thick is placed at a 45 degree angle to cause the bullets to glance off into the sand box on the concrete floor. This practice gives experience in firing and it proves the cadet's ability to use firearms more accurately

Four Students Appear On WDOD Program

Carey Crantford, Laura Jane Tallant, Betty Sue Barker, and Doris June Turner represented Central High School on Friday, February 26, over Station WDOD on the program entitled, "Salute to the Schools." This is the second time Central has conducted this program within the past two months. The first appearance was greeted by such a large number of complimentary letters and tele-phone calls that Central was again given the honor of appearing on the program.

Laura Jane, Betty Sue, and Doris June sang, and Carey spoke "The Importance of Clubs in the High Schools." During the course of his talk, Carey told of some of the activities of the clubs at Central, both educational and Hargrove! social organizations, and he especially stressed the importance the manner in which clubs tend to bring out the personal interests of

Band Marches In R. C. Parade

Central High's crack hand, with its corps of majorettes and color guards was one of the features in the parade sponsored by the Red Cross on March 1.

The parade was the first event in the opening of the annual Red Cross Drive. Besides Central's band, there were several platoons of WAACs, representatives from the Nurses Aides, Gray Ladies, Canteen Workers, and a float depicting a Red Cross Worker with soldier, sailor, and marine.

This year the Red Cross War Fund has taken on greater respon-sibilities than ever before. The month of March has been set aside as "Red Cross Drive" month.

Y. M. C. A. Launches Membership Drive

Starting the twelfth of March and continuing through the nine-teenth, the Y. M. C. A. will spansor its annual drive for memberships in Chattanooga.

The object of the drive is to induce previous Y. M. C. A. members to renew their membership and to interest new boys in its many and varied activities. While the drive is being held, new members will be given reduced rates.

There are posters on the bulle tin board giving information con-cerning the objects and activities of the "Y" club. Any Central boy of the "Y" club. Any Central boy interested in joining should see Coach Lester Newton, who is sponsor of the drive at Central.

The glee club, under the direc tion of Mr. K. W. John, head of the music department, will be as-sisted by the orchestra in this performance. Almost any type of number desired may be heard on this program ranging from sacred and classical to "boogie woogie." "High Jinks," "Good News," and "Joshua Fit the Battle of Jericho" are a group of negro spirituals that will be greatly enjoyed. These are songs that have been handed down by the colored race and will

be interpreted just as the colored singers would interpret them, of the audience.

Junior Hi-Y Prepares Cans

The Junior Boys' Hi-Y of Central in order to do their part the war effort are preparing tin cans to be taken to smeltering plants. The cafeteria of Central uses a great deal of canned goods, and the cafeteria staff does not have time to prepare the cans.

The president, Walter Wenck, will assign the members a day on which they will meet after school to flatten the cans. When the cans are prepared they will be picked up by trucks and taken to the smeltering plants.

The Junior Boys' Hi-Y is com-osed of twenty-two members, with Professor Fields as the sponsor.

Conference Held At Baylor School

At a group-study conference, on the question "The Basis for a Just Peace," at Baylor school last Fri-day, Central High was represented by H. D. Gang, Robert Walker, James Ivey, and Ernest Andrews, Included in this group of delegates was Mr. J. Pope Dyer as faculty representative.

The discussion, led by President David Lockmiller of the University of Chattanooga, was attended by groups from all city schools and several county schools.

CALL OF WORLD'S GREATEST MOTHER

"Now I am at the end of the world, and the American Red Those I am at the end of the world, and the American Ned Cross is filling a large job here. In almost every town and city over here is found a unit of the Red Cross. At headquarters a soldier will find a good meal, a hot shower, a comfortable bed to sleep in, and, what is more amazing, a bed with honest-to-goodness sheets—fresh clean sheets! Next to home there to-goodness sheets—fresh clean sheets! Next to home there isn't a place in the world where a soldier feels as near to heaven as experiencing the above comforts after a couple of months out in the bush," wrote an Air Service Command Lieutenant on duty in the South Pacific to a friend here. And that is just how our boys overseas feel about the work the Red Cross is

are utilized on mass feedings and nursing in time of inunda-tions or various other disasters and needy situations.

At present this association is launching an annual nation-wide drive for \$125,000,000, lasting through March. The goal for our own city is \$187,000. When one contemplates this sum of money it appears overwhelming, but this quota can and will be reached if every able person gives the maximum amount that he can afford. that he can afford.

Of all American organizations none is so vitally important to our armed forces, the suffering, and the poor as the Red Cross. Let us all contribute generously and make this campaign a success.—V. M.

The cafeteria at Central is serving the school under rather difficult conditions. Food prices have advanced everywhere and many foods once on the market cannot be bought at any and many roots once on the market cannot be bought at any price. The cafeteria managers and all concerned are trying in every way to meet the needs of students without advancing prices. For your convenience a generous supply of milk is furnished every day.

furnished every day.
Students are being asked to be especially careful to return every milk bottle to the cafeteria. This seems a small request and surely one that no student who enjoys the privileges of the cafeteria should fail to recognize. The thoughtless person might say, "What is a milk bottle—only three cents?" When one stops to think that three cents multiplied by 400 makes \$12.00 (the amount Central boys and girls wasted in milk bottles last month), he realizes that it is time something is being done about this. Surely the only thing to do is to be very careful when you have enjoyed a bottle of milk from the Cafeteria and see that this bottle is returned immediately.

Varsity Will Sing From "Messiah"

Nobody will be surprised tomor-Nobody will be surprised tomor-row evening when the audience rises to its feet when the varsity sings the "Hallelujah Chorus." This is a custom of long standing and of interesting association with this number since 1743.
"The Hallelujah Chorus," taken

from the "Messiah" by Bach, will be a number to be sung by the Varsity Glee club tomorrow night well worth hearing. The number is a very difficult one and is seldom attempted by a high school chorus. The standing of the audience throughout the number is an interesting feature. The story goes that King George II and his Queen in 1743, so overwhelmed with the music, stood, and in respect to the king, the audience also arose. This is said to have started a custom that will live as long as "The Hal-lelujah Chorus" is sung.

Senate Gives Play Monday

The annual Senate play will be given Monday, March 29, at chapel period. The play, directed by Mrs. George Harding, is an English comedy. The plot concerns a grandfather who everyone thinks is dead. He has a small fortune. This causes his two daughters to quarrel violently when, with much excitement, he comes back to life. The old man then tells them he is going to leave his fortune to the one with whom he is living when he dies. The sisters then begin to tell him their good poinnts. A surprise ending follows with the daughters receiving a very great disappointment.

Ethlyn Peace, who was to take the part of Victoria, a young girl, is unable due to illness to particitate in the play. Roma Nell Dick ert, a senior, has taken her place. Roma Nell has had much experience in play performances in the past. She was assisting Mrs. Harding in directing before being given the part. The Senate is the only club in Central that gives a play every year.

PLEBEIANS SELECT CHAPMAN, MEYER

Last Thursday, March 18, the candidates of the Plebeian party of the Senate were chosen. Robert Meyer and Kathryn Chapman were chosen candidates for president and vice-president respectively. The nominees for vice-president were Kathryn Chapman, Virginia Meyer, and Carolyn Broyles.

Kathryn is a member of the Girls' Hi-Y, Ace club, Checker's club, Rec club, and Badminton club. She is an active participant of the Senate, secretary for the Biology club, and club editor for the Digest. She came from Lookout Junior High school in her freshman year, and is known for her brilliant scholastic record.

Robert is treasurer for the Boys Hi-Y, chaplain for the Senate and Grady Literary society, and an active member of the Announcer's club. Last year he held one of the leading parts of the Senate play, "Beginner's Luck."

Joe G. Kelly Wins Trophy

Another Central student has stepped into the limelight, namely, Joe G. Kelly. He has won a trophy here in Chattanooga boxing for Peerless Mills and has gone as far as Nashville in the finals, where he lost but won a jacket. "FOOD WILL WIN THE WAR . . . "

At the present time the Victory Garden campaign is being publicized very much, but its importance can't be over-emphasized. The newly instituted point ration system brings home the need for a plentiful supply of fresh foods as the forty-eight points per person go but a very short way towards supplying adequate food and the unrationed edibles such as vegetables are surprisingly high-priced.

vegetables are surprisingly nign-priced.

Then the manpower problem is another obstacle in the way of food production because a recent Departmentof Agriculture survey shows that crops will be down from ten to fifteen per cent in each state, manpower being the principal cause. Thus at a time when our army is expanding every day and our allies are to be fed, agricultural production is on the decrease when it is vital that it be on the upswing.

One answer to this is home gardening. While most people in the city have very little space, they should utilize it to the greatest extent. One little family garden seems inconsethe greatest extent. One little family garden seems inconsequential but when it is multiplied by thousands of families, tons of food can be diverted to the purpose already mentioned. Always Secretary of Agriculture Claude Wickard's now famous statement should be kept in mind: "Food will win the war and write the peace." As we have the best opportunity to produce this peace scribe, let's dig up that vacant plot of ground today. — H. N.

State Champions of Tennessee

With so many trophies and honors heaped high upon their heads, the Digest must add one more congratulation to Tennessee State Basketball Champions and their coaches. Bringing home three trophies with two men and a coach proclaimed the best in the state is no child's play. This fine team has been the pride of the student body and faculty all season. From game to game interest has mounted until Saturday evening in the East Nashville gymnasium enthusiasm knew no bounds for the Central supporters at the end of the State tournament when the Central supporters at the end of the State tournament when Central of Chattanooga came out State Champions of Tennessee.

Appreciation for such recognition as this cannot be expressed in words. Teams like this are not built overnight but are rather the work of hours, months, and years combined with perseverance, patience, and sacrifice on the part of boys and coaches. In our praise of the first team and Coach Bales' fine work Central is not forgetful of those other teams and their coaches, Etter and Newton, who furnished the practice material for Team No. 1.

Again congratulations. Coach Bales, and your payer hours.

Again congratulations, Coach Bales, and your powerhouse
—Carden, Trundle, Shrader, Thaxton, Schulte and Stonestreet
—and all who had any part in bringing this honor to Central.

Central's Band Is Among Best

On Friday, March 5, the Central High band gave their annual concert. This fine concert was made possible by many factors but none more prominent than the excellence of the instruments used. Since Mr. E. S. Vanover arrived in Chattanooga to take over the direction of the band, instruments have been secured that are equal to those of any band in the country.

The equipment of the band has been compared with the best bands in the country and has proved to be as good if not better than those of bands of the armed forces and nationally known organizations.

Some of the outstanding instruments are: two bassoons were made in France and are the best that can be had; two oboes also made in France; four baritones and an ephonium; one of the largest bass saxophones in the world; the finest percussion that can be had; three glockenspiels; eight basses including the jumbo bass of which there are only two in the United States, the other being at Purdue university.

These instruments were secured through the tireless efforts of Mr. Vanover and the parents of the Band Members club.

Excellent leadership, a fine mu sical library, and the best of instruments are all factors which have made the Central High band what it is today.-Jimmy Huskey.

Letters to the Editor

(The following letter was received con-cerning the coming Senate election to be held April 8. It is a policy of the Digest to print worthwhile views of students through its editorial columns.—Editor's Robert K. Walker,

Editor, Central Digest,

Chattanooga, Tennessee

Every year the Senate, one of the most prominent organizations at Central, gives to the student body the privilege of electing its president and vice-president. It has been customary for this cam-paign to be conducted with some degree of mirth, although by actually are determined two posi-tions of extreme importance. The Senate has meant much to our school tradition, and in future years it should be the desire of all attendants of Central to maintain this standard.

Recently in the Senate the plebeian party, of which I am a mem-ber, nominated for its candidates Robert Meyer and Kathryn Chapman. They have made an excellent record by constant work and unending loyalty to their school. Robert has held responsible offices in the Boys' Hi-Y, the Grady Literary society, and has shown his ability as a leader on the floor of the Senate. Kathryn has done efficient and dexterous work on the Digest staff.

For two whom you would be duly proud, I should like to submit these two persons for the students' consideration

Music, Ah! Yes.

"Singing," such a word! might be better if the thing had never been invented.

Let's think of some of our own ingers, not well known to the public . . . just the little fellow Joe Doaks and Mary Jones. . just the little fellow . .

First, for courtesy's sake, think of Miss Jones. (She's one of the Jones girls.) She sings, but oh, brother! what a voice! Some cows can bellow better.

Miss Betty Jones (Mary's sister) has a voice of different qual-ity. She sounds like a rooster trying to wake up the land in the wee hours of the morn. She's the girl who's always available for entertainments

Now Joe is strictly the bass-inthe-bathtub type. Sounding like a benign, but noisy bull, he goes through his entire repertoire during one bath, not neglecting Figaing one bath, not negrecting a ro or "Pagliacci"—and especially be booms out on "Bells in the Lighthouse." Many are the times neighbors pounded the doors as Joe struggled to the depths of "Asleep in the Deep."

Oh! the agony of this so-called 'music."-M M

RAMBLING 'ROUND

Some of our girls really went patriotic this week-end by giving a party at the home of Lorraine Imrie.

Air cadets, air cadets and more air cadets were present at Lorraine's last Saturday night.

Hostess Lorraine looked smart yellow with Cadet Howard Hauson (who is a swimming in-structor from Miami). "Jackie" Jameson, in green, was with Cadet Max Hodge (who is really quite good-looking). Dorris Jewell, cute n navy, was with Cadet Harris Green from Memphis. Mary Ruth Ulrickson was with cute Cadet Bob McDonald. Dot Barr came with Cadet Harry Williams; Jean Ennis, in red, with Cadet Bill Morrison; Betty Rowe with Sam Skipper; Kathrine Phillips (from Wesleyan) with a cadet whose name we didn't get; and City's Joyce Holt with a cadet

represented at the affair. One of the cadets had played in three well-known bands. Another had taken professional dancing for three years. . . . Wow!

So along with all of this, and especially when a cadet said, "There's nothing like Southern hospitality!" the party was a big

It's just because you've probably never heard me speak before; perhaps that is why I seem strange. My crown is Old Glory, and you and the millions of other Americans make up my body. I stand for Democracy, Freedom, and Peace. Surely, now you know I'm your country, and that I need your help. You see, I'm battling for my life, and I need all the ammunition my body can make for me to battle against my enemy's skill. That's why I'm calling on you today. I'm asking you to gather up all the tin you can find anywhere, and please look everywhere. You see that it will help make ammunition, and the more ammunition I get to shoot, the sooner my life will be out of danger. I do need your cooperation so badly. Miller Wins Gym Rope-**Climbing Contest**

Last week the gym classes, under the direction of Coach Petersen, held their annual finals of the rope

climbing contest. All of the six gym classes held contests among their boys and the two best climbers were allowed to compete in the final held at chapel

period last Monday. Wallace Miller won the tourney by scaling the twenty-five-foot rope in 5.4 seconds. This time set a new record.

William George placed second with 5.7 seconds and Hugh Winifrey third with a time of 5.8 onds

These three boys did exceptionally well, being the first to break six seconds. Last year Julian Lane won with an official 6.3 seconds.

Coach Petersen said the winner will be awarded a tee shirt for his exceptional ability.

2nd-6th Periods Win Gym Tourney

The second period gym class, leby Harold "Muscles" Ingle, swept through all opposition last week to take the Gym Class Basketball Tournament.

In the finals the champs met a ery strong team in the form of the second period, who boasts none other than Haley, Mason, and Crockett; but even this dazzling Crockett; but even array of stars could not stop the victory-bound five, captained by Marion "Gramps" Bolden.

The second period came back after this bitter defeat to take the all-stars tourney. In order to win this crown, Captain Mason had to lead his team through the fourth period.

Observers chose no pre-game winner in this tilt due to Clyde Casey, captain of the fourth period all-stars. It seems that this stellar performer said that he could whip the second period single handed without the aid of the usual five-man team. He must have made a mistake.

IN DEFENCE OF THE MINORITIES

Recently in a conference held at Baylor school in which representatives from the various schools of our city attended, the topic was discussed, "Establishing a Just and Durable the topic was discussed, "Establishing a Just and Durable Peace." Among the topics of discussion that arose, the predominating one concerned the vicious practice of our enemies in the inhumane persecution of minorities. Intolerance, whether it be toward religious, racial, political, or national groups is characteristic of the existing Axis powers. It was obvious that one of our most imperative problems when peace comes will be the restoration of peace and justice to the oppressed.

We in the United States of America need not wait until the day of victory and peace shall be ours to vindicate the principles for which we stand. The most practical method for the individual in seeing that his country is free from ir-olerance and unjust treatment to the minorities is first to see that he is

the individual in seeing that his country is free from ir-olerance and unjust treatment to the minorities is first to see that he is free himself of all prejudices toward racial, religious, or political groups. Daily we hear slurs concerning the groups which are in the minority. We should rebuke these statements and by doing this we will show that we are in opposition to the practices of the Nazi and Fascist regimes. If we show a feeling of prejudice in this country where freedom is the cornerstone of all basic American principles, are we loyal to our ideals of freedom of mankind? — R. K. W.

USE YOUR BEST JUDGMENT

During the last quarter of this school year the seniors will be taking part in any activities prior to their graduation, but there is one event that will be participated in by freshmen, sophomores, juniors, and seniors alike — the election of Mr. and Miss Central.

This election should not be considered in a frivolous manner, for the principles upon which these two students are chosen should represent what every Centralite sees in the person who is to be the symbol of what is best in the student body. The ideals of the National Honor society may be applied to this selection. Scholarship, leadership, and, most of all, character and loyalty to the school, are the personal characteristics that these students should possess. We should be able to see in them a sum total of all that is best in the Central student and an exemplification of the "Central Spirit" which is so widely known.

known.

No doubt several Central seniors will be qualified for the honor of becoming Mr. and Miss Central, and this obvious fact will serve to make our decision more difficult. Every student should set aside all partiality to any person and from now until the date of the election consider seriously the qualifications which the boy and gril who are to represent our school to the entire city must fulfill. Since we want someone of whom we can be proud, we should use our best judgment in casting our ballot.—K. C.

KLUB KOLUMN

The Bible club is planning a chapel program for Friday, April 9. The program will be carried out in the form of a regular club meeting with group discussions on home, African, and South American missions.

The Band Girls' club mome

tarily ignored the unquestionable charms of music and instantaneously rushed the most delectable of the season at a hamburger hamburger fry given at the home of Kitty Barker on Friday, March 26. After all traces of food were demolished, the girls enjoyed a movie at the Skyway.

You would hardly believe that they were once glamorous girls if stockings, no make-up (most make-up (most you had seen them in long white blessed of all inventions) and long dresses. These girls, who were made to appear at such a terrific disadvantage, were not suffering in vain but in order that they might become full-fledged Ace club members. The ladies we are referring to are Dot Barr, Dot Henly, Christine Henry, Lucille Cox, Charlotte McGee, Opal Moore, and Roma Nell Dickert.

Nancy Sue Hill is president the Ace club and Miss Sara Hubbard is sponsor.

It Could Happen Here (Or Could It?)

The other night I went to the show and saw "The Meanest Man In the World," at the Tivoli. It was really a very good show, but the most interesting thing I saw was a few Centralites. INTRA-MURALS

Coach Petersen's greatly diver sified intra-mural program has fi-nally made the anticipated change the gym floor to the cinders.

He has his various classes training on the track at McCallie in preparation for the coming track and field events which he holds each spring.

Some of the events which will probably take place will be the 50-yard dash, the 100-yard dash, the one and two-mile jaunts, and last and most important, fitting to a successful intra-mural program, the annual three-mile run to be held at Frawley Field, April 15.

This grueling test of endurance as started last year by Coach Petersen and was won by last year's track captain, Morton Pace.

The winner will be presented a graved on a trophy which Coach Petersen has acquired.

Frye Sponsors Boxing Meet

Towards the end of March, if plans go according to schedule, Chattanooga prep school fans will see another Frye-sponsored tour-nament take place, and if it proves a success the prep school boxing tournament will probably be an anual affair.

Central has already made plans to enter a team coached by Coach Petersen and made up of boys from Central such as "Butch" Williamson, Frank Scoggins, Covington, Roy Crow, and that stellar master of fisti-cuffs, Charlie "Slugger" Childers.

Slugger was hesitant in entering the tourney but after John Henry ("Bo-bo") Bohannon, Jr., offered to teach him the great variety of tricks he knows, Slugger was glad to enter and now is challenging all comers, but beware, because he is now being coached by "Bo-bo,"

SPORT

When one hears the name Clyde Casey immediately the thoughts of sports comes to his mind. The reason for this is that sports and Clyde Casey have been synonomous for the past six, some say eight, years at Central.

Although having made no outstanding achievement in inter-scholastic sports, he has gained prominence and prestige among the stellar performers in intra-mural sports.

Clyde, or "Bragger" as a few call him, has gained the love and admiration of all gym students and above all the instructors.

The name "Bragger," now a byword among the gym classes, was said to have originated from Casey's ability to brag about his prowess and his endurance and stamina in standing up against overwhelming odds. Why, he even once beat a whole basketball team single handed, so he said. His counsin, "Bobo" Bohannon, at-

tached this name to Clyde and it has stuck ever since. So all hail the "Prima Donna" of gym classes. Clyde "Bragger" Casey.

Carden, Trundle Praise Squad

In the words of George Carder voted the finest all-tourname player at Nasnville, This season, basketball team is the best in the history of Central." George playe game of the thirty-three victories Central has won. He wa chosen for the all tournament teams at the district meet at Re-Bank, the regional meet in Mary ille, and the state tournament a Nashville.

George came to Central from East Side in his sophomore year and he is now taking post-graduate work. Carden is also known for his football playing ability.

Frank Trundle, when asked what thought of Central's late basketball team, said: "They are the finest boys I ever played with and Coach Bales is the best of coaches."

Frank also made the all-tourns ment teams of the district, region al, and state. Trundle also known for his ability in the field of football and baseball.

Both boys were chosen on city teams last year in football and basketball.

CHANGES TO BE MADE IN '43 POUNDERS

Coach Petersen, in an effort ! replace the '42 Pounders, seems to be rounding his '43 hopefuls into championship caliber. This is quit a job in itself, taking into cons eration the fact that it will be completely rebuilt team with ver few lettermen returning and th few who do return will probably find themselves in entirely new positions.

Those Pounders who will fin themselves in new positions are "Fisty" Black, from tackle to fullback; Mickey Parks, from tailback wingback; Billy Carter, blocking back.

The remaining part of the team will probably fill the same posi tions as they did last year.

Gene Payne will replace stellar Ben Miller at the pivot post and if he alone fills the shoes of his predecessor. Coach Petersen's

effort will not have been in vain. Frank Smith, '43 captain, will bear the brunt on defensive will also be instrumental in offens ive in the position of guard.

Chapel Schedule

During the week of April the 9th through the 15th Central will have a variety of different types of programs.

On Friday, April 9, the Bible club will present a program which will surely prove to be interesting. Monday, April 12, at chapel a picture show will be presented.

The Boys' Hi-Y will have the program for Tuesday, April 13.

The outstanding program of the eek will be presented on Wednesday the 14th, Pan-American Day, by the Spanish classes. This program will be about the Pan-American countries.

On Thursday, April 15th, a program will be rendered by the Grady Literary Society in the form of a chapel debate.

Students Select Faculty Sponsors

Mrs. John A. Shelton, Mrs. H. B. Robinson, Miss Ann Moffit, and Mrs. Harry Nelson will be the faculty sponsors of the Commencement speakers.

Mrs. Shelton will aid Luther Cope in the preparation of his valedictory speech, and Mrs. Rob-inson will help Joe Parks, who is salutatorian. Miss Moffit and Mrs. Nelson are sponsors of James Ivey, faculty representative, and Herschel Nation, class representative, respectively

The theme of the commencement program will be "The Post-War World." The topics which will be discussed are "The Post-War World from a Cultural and Religious Standpoint," "The Need for Post-War Plans," "The Social and Scientific Aspect of the Post-War teachers for if they do not return World," and "The Economic Status" the sheets in time it works a hardof the Post-War World."

Senate Gives Debate Today

Climaxing the vigorous paign of the past week the Senate will present the annual debate between the candidates at the chapel period today. The subject chosen is resolved: "Congress should adopt the Rumi pian." The Piebeian candidates, Robert Meyer and Katherine Chapman, will uphold the affirmative, and the Populist candidates, Edith Beene and Carolus Description. Rumi plan." lyn Broyles, will take the negative side of the question.

Immediately following the debate during the sixth period the student body is asked to vote for the candidate of their choice.

On Friday at the sixth period the organization will hold its second annual banquet, at which time the new officers are presented to group. President Robert K Walker has appointed the following committees for this function: arrangements, Dorothy Butcher, chairman; Fred McCuiston, co-chairman, Billy Couch, Jimmy Huskey, April 9 to 15 Huskey, Virginia Reyer; 1000, Jean Smith, chairman, Juliet Mc-Broom, Lydia Alley, Everett Good-Virginia Meyer; food, ner; decorations, Barbara Gill. chairman, Marjorie Moore, Marian Sapper; invitations, Annette Thomas, Ethelyn Peace, Geneva Bowling; program, Roma Nell Dickert, chairman, Dick Landis, Carey Crantford, and Jimmy Cald-

Manly Heads Honor Roll Comm.

Lela Manly, chairman, Emily Peoples, Marcia Basenach, and Jimmy Huskey, members of the Digest staff, have compiled the honor roll and the star honor roll for the third quarter.

It is their responsibility to r ceive the list of these making the honor roll from each homeroom teacher and to assemble the name into one complete list, seeing that the names are correctly filed and lists checked. This assignment quires both time and care that the roll may be complete and correct.

The success of this compiling depends largely upon the homeroom teachers for if they do not return ship on the compilers.

"We all love K. P.," stated Pfc W. L. Smith and S. J. Evans; they were not being sarcastic, either. It seems that the Kaypees get to eat all they want, and even the drudgery of the kitchen is offset by fre quent smacks.

CREDIT TO WHOM CREDIT IS DUE

There is no service organization in Central that renders a more vital, indispensable service to the school than the Stage Crew. Since their work is not of the spectacular type, it is likely to be passed unobserved and unappreciated by many.

The thirteen boys formerly under the direction of Mr. Jack Rodman, but temporarily under the supervision of Mr. C. J. Tow-ery, are doing a splendid piece of work for Central. They work behind the curtain that others may be seen and present the program on the stage, and so often are not given just credit for the work they render to make the presentation a success. Every per-formance or stage activity demands their service.

Their duties include the setting of the stage for every chapel program according to specific direction of those in charge of the program. This year they have both designed and constructed scenery for plays They arrange the stage set-up for such proscenery for plays. Iney arrange the stage set-up for such pro-grams as the band spring music concerts and all dramatic produc-tions. As evidenced, they do a wonderful job. At every picture some of this group are on duty in the projection room, seeing that pictures are properly timed and the machine is operated with care

The pleasing lighting effects and sound effects in plays and concerts have come from the ingenious skill of this group of hard-working boys. Through this medium may we thank the boys for a job thus far well done.—R. K. W.

ONE BY ONE THEY DEPART

Every day that passes seems to bring the war a little closer home to Central. For example, the morning paper last Wednasday carried the announcement of Coach Petersen's entry into the anti-aircraft artillery late this month, while Mr. Rodman, general science teacher, left last week for the Signal Corps. Also, Mrs. Clarence Kolwyck, our head librarian, joined her husband, a naval lieutenant, in Seattle recently, and Mr. Cleburn Hatfield, manual arts instructor, joined the navy in the fall of 1942. of 1942.

of 1942.

It is with the deepest regret that we lose these valuable members of our faculty, who have been here many years.

Mrs. Kolwyck has served as librarian efficiently since 1930 and naturally she will be missed.

Mr. Jack Rodman has, besides his duties as general science

Mr. Jack Rodman has, besides his duties as general science teacher, also served as sponsor of the stage crew, which required much extra work and time. Also, he took movies of many of Central's highlights, such as Parents' Day, City-Cen'ral game, and many others, and was coach of the swimming team which has produced many star swimmers.

Molder of championship teams, but, most important of all, molder of men—that is Coach Dean Petersen, who came to Central first as a student and later (1925) as coach. With the exception of the brief period he spent at Roanoke in the early '30's, he has been here ever since. Thus it is fitting that this past season he should turn out one of his greatest grid squads when it is his last year for the duration at least.—H. N.

RAMBLING 'ROUND

The floors of K. C. Hall fairly rocked when the Anchors Aweigh one of their most successful stagettes of the season

Prexy Jane Talley looked cute in a red sweater and blue skirt.

The date was Walter Hill. Dimple Hardin was looking nice, as usual, gargaret Divine was squired by ever-faithful Basil (Irwin of course). rances Swope was giving the boys a rush and Juanita Childers was ashing here and there. Betty Sue Barker was there, personality of all.

Some drags were: Martha Dudderar and Dick Leiper (surprise!!). Vargaret Butcher and V. A. Moore (by the time you read this he will Private V. A. Moore-get it?), Martha Medly and Sam Dorras, sequeline Jameson and Mac Hodges and just loads of others.

Some stags were: Glenn Baker, Bill Schulte, Dovie Whaley, Marprie Moore, Dexter Smith, Joe Salvatore, Ned Thaxton, Martha Gil-Dorothy Sue Whitaker, Geanne Carlton, Billy Carter. Tina and at Rogers brought their cousin, Will.

George Carden was quite the beau of the ball. A girl took two or aree steps with him and then someone cut in. My, my, wouldn't it be ce to live the life of a hero.

Those Anchors Aweigh Ink Spots, Ramblers and Seventeeners are at about the mainstay of Central. If they didn't have so many stagtes, what would Central do? Come on, some of you other clubs. Trail Trotters, and Senate ake it a contest, or something.

Just to prove the point, next Saturday, at good old K. C. Hall, se Seventeeners girls are having another affair. What else could it but a stagette? (See, I told you.) In case your're interested, the ance will be from 5 to 8.

Having just bitten into an ex cessively sour lemon, I take my pen in hand to tell you all the things I don't like.

(These opinions are strictly the sentiments of the author and do not necessarily express the ideas of the Digest.)

I especially abominate those smug demi-morons who, when con gratulated on some honor, blandly say, "What for?" Certainly, they, better than anyone else, are con-

scious of their new honor.

People who, on a test "compare" their paper with mine by the rubberneck system, are poison to Even more annoying are those who perversely hide their

papers when I am ignorant. I have a strong distaste for people who are "bright and shining lights" and make "100" on tests (except when I am one of the

In Quarter-Mile

During the early part of last week, Coach Petersen got his track and field program underway by holding a quarter-mile run.

Miller Favored

It was held on McCallie's track with all gym students participating. The best time thus far has been 57 seconds flat, run by Wallace Miller.

The semi-finals have already been run and sometime this week the finals will be held.

Wallace "Fireball" Miller will be bound to win the jaunt, but such notables as Marion "Gramps" Bolden, Harold "Muscles" Ingle, Clyde "Bragger" Casey, and John "Bo-Bo" Bohannon will push him so hard that it will take all the reserve energy and stamina of "Fireball" to overcome such comnetition

INTRA-MURALS

During the time Coach Petersen has been athletic director for Central he has instituted a gigantic intra-mural program, in collaboration with and by order of the government.

This program has been seasonal. During the wet and cold winter months he planned his program so his gym students could participate in activities not requiring a great deal of indoor space. these sports consisted of daily calesthenics, which are a necessity and pleasure to his boys, chinning rope climbing, basketball, and weight lifting.

His outdoor sports, which he is now getting into full swing, are to be the more strenuous type. He has planned various runs on the McCallie track. They will be the long jaunts—such as the 4-mile, 1-mile, 2-mile, and ending with the gruelling annual 3-mile run; and then the lesser ones, such as the 50yard dash, and the 100-yard dash, Jack Stotts, Virginia Cobleigh, Al-fred Miller, Rachel Shipman, Bill gene Shrader in 11 seconds flat to which was won last year by Euset a new record.

During the past year and the lat ter part of last year Central has probably won more honors than any school in the state.

Among them are: State Basketball Champs; rated third best football team in state; city football champs, baseball, and basketball chapions; district basketball champs; county baseball champs; seven men make all-city eleven; nine men make all-city baseball team. L. Gordon won state halfmile; Purple cindermen won every event they entered in U. T. High School Field Day. F. Trundle played on all-city, all-district, all-regional, and all-state basketball team; George Carden did the same; Carden also made all-city, allstate, all-South football teams.

If the Purple and Gold banner can be carried to as great heights in the coming year as it has the past, then it can be said that a successful year was attained.

SPORT

Although Coach Petersen bids farewell to Central late in April he will leave behind him the reputation as a builder of teams and builder of men. Foremost among these proteges of his stands Wal-lace "Fireball" Miller.

Miller entered Central in 1940 and immediately started his sports career. He enrolled in Coach Petersen's gym class and started carrying away all honors.

Wallace's achievements number many, but he is outstanding in baseball annd basketball.

So great is his love for "America's greatest sport" that he practices continually. During the early part of the year he could be seen exercising his arm too such an extent that it became very annoying.

At times Miller's love for baseball gets the best of him and he starts spinning tall yarns about his ability. Why, he once said that he could play baseball with a snowball. Of course this is very doubtful, for although "Fireball" has great ability with a ball he would melt the snow with his fire-

Coach Petersen To Enter Service

Coach S. D. Petersen, for six teen years the guiding light of championship elevens at Central has temporarily ended a coaching career by accepting a first lieuter ant's commission in the coast artillery, anti-aircraft division.

The successor to Coach Peterser has not been named, but regard-less of who it is, he will have a gigantic task confronting him in trying to fill the shoes of his predecessor. Coach has, through years of pa-

tient toil, gained the undying love and admiration of the entire student body and the faculty as well The old axiom "perseverance generates success," was true to was true Coach Petersen last year. After sixteen years of hard and patient work with his various squads he rounded out one that gained no only state-wide recognition, but nation-wide as well. His last season as the mentor for the Purple

and Gold was a fitting climax to his career and it is one he can well be proud of. Although the Army's gain will be Central's loss, the whole stu-dent body joins together in wish ing him success parallel to that he

N. H. S. Presents Chapel Program

Succeeding Miss Fain's Spanish classes' presentation of the South American program yesterday which was Pan-American day, the National Honor society will render their interpretation of the other foreign countries as well as those of South America in a variety of songs and dances to be presented tomorrow at chapel period.

This program will be in the form of a radio sketch brought by television. They will not attempt to show the countries as they are now, but will show them as they were before they became war-stricken and as they will be after this horrible strife is won.

This presentation promises to provide superb entertainment for all. The program committee is headed by Laura Jane Tallant. Her assistants are Miriam Leeper, Luther Cope, Delores Baker, Carey Crantford, Marjorie Bales, and

Attention!

The final ballot for the election of Mr. and Miss Central appears on page three of this issue of the Digest. The names of the eight seniors receiving the highest number of votes as nominees for this honor are printed on the ballot, and each student is allowed one vote for the boy and one for the girl whom he considers to best represent the ideal Central stu-dent. The six runners-up will serve as attendants in the coronation service.

The homeroom teachers will llect the ballots this morning, place them in an envelope pro vided by a Digest representative, seal it, and send it to Mr. Milton Allen, general chair-man of the Senior Day committees, in the cafeteria before the end of the third period.

MEYER, CHAPMAN TO HEAD SENATE

Robert Meyer was elected president and Kathryn Chapman was elected vice-president in the Senate election which was held on April 8. Both are members of the Plebeian party.

The announcement was made at the annual Senate luncheon, held Friday, April 9, at the sixth period. Robert is treasurer of the Boys' Hi-Y, chaplain of the Senate, and is in the Grady Literary society, Announcers' club, and Varsity Glee club. He is also on the Digest

Kathryn is a member of the Ace club, National Honor society, Girls' Hi-Y, the Recs. Badminton club. and is secretary of the Biology club. Kathryn is club editor on the Digest editorial staff.

The ballots were distributed and collected during the sixth period by Senate members. The votes were counted by officers of the Senate, President Robert Walker, Vice-President Juanita Crawley, and Roma Nell Dickert, the club secretary.

First Aid Group

Mr. Ernest C. Knight, a field representative for the Red Cross, spoke to Central's first aid detach-ment last week about the war gasses. Mr. Knight said, "War gasses usually are not used to kill the people but to annoy and frighten them. They have an effect of breaking up the soldiers' moral and of causing confusion and disorder among the troops." Along with him he brought samples of the five most used and most dangerous gasses. He permitted the first aid detachment to learn their smells and to know the effects each have on the enemy.

The concert was presented at 500 o'clock in the Patten Memorial Chapel. Recently the choir have on the enemy.

Mau Court Selects Escorts

Announcement of the escorts chosen by the May Day Court was made recently by Miss Sarah Hubbard, physical education instructor and director of May Day festivities. The escorts of the court were chosen by the three queen-elects in collaboration with Miss Hubbard; they must be seniors and have had no grade lower than "B' in physical education.

Queen's candidates and escorts are: Dimple Hardin and George Carden; Doris June Turner and Lamar Gordon, and Alicia Ware and Eugene Shrader. Members of the court and their escorts are: Virginia Coffin and Hershal Love: Betty Richey and John Hendrix; Jean Smith and Ernest Martin; Annette Thomas and Ira Templeton; Evelyn Drinnon and Dick Leiper; Marjorie Bales and Ned Leiper; Marjorie Baies and Neu Thaxton; Nancy Sue Hill and Billy Carter; Roma Nell Dickert and Walter Hill; Louise Helton and Hal Williamson; Alma and Hai Williamson; Alma Schleck and Hardeman Stone-street; Mary Dove Whaley and Bill Schulte; and Betty Sue Bar-ker and Frank Trundle.

Hi-Y Sponsors Sun. School Drive

Last Monday the Senior boys' Hi-Y started their annual Sunday School campaign. Dan Girton chairman, has appointed different home rooms for the boys to check up on. The purpose of this drive is to increase Sunday school and church attendance in and amound Chattanooga. This campaign will be held for the coming two weeks, ending on Easter Sunday. You will notice at the main bulletin board at the rotunda three ther-mometers showing either the increase or decrease in attendance. A similar campaign was promoted last year by the Hi-Y and noticeable results were obtained. We hope that this year's campaign will be much better.

AMERICAN SOLIDARITY

Yesterday we commemorated Pan-American day, to nify inter-American solidarity, which is vitally important in the United Nations' strategy, for on these twenty-one Latin-Amer-

United Nations' strategy, for on these twenty-one Latin-American republic depends a great proportion of the plans for victory because of their abundant resources and strategic position. Yet these very friendly, neighborly policies have existed only since the early "thrittes," for before that we took a very domineering attitude toward them. For instance, we had marines in Nicaragua until 1932 and in Haiti as late as 1934. Therefore, these countries have looked on the U. S. as somewhat of a master rather than the much desired "big brother." An outlook such as this has required kid-glove diplomacy on the part of the State Department, led by the sage Tennessean, Cordell Hull, who probably more than anyone else has brought about amicable western hemisphere relations.

After the war the Pan-American highway and more air

After the war the Pan-American highway and more air travel are expected to bring us in closer contact with these people, but whether they (Latin-American countries) will continue to rise in world affairs remains to be seen, as the proposed post-war global air transport with the Arctic as the hub will revolutionize the world's routes of travel and trade.

Also with this closer contact Spanish as a language will enter more and more into the commercial world. Even today some big businessmen are learning this language to aid themselves in the conduct of their inter-American trade.H. N.

A VITAL PART OF CENTRAL LIFE

When a desire for concentration and sweet peace is upper most in the mind, and noisy halls together with convivial friends become a trifle too nerve-racking for the momentary mood, what haven does Central offer?

To this interrogation there is only one answer—the library. It might be termed as the common meeting place of the student body and faculty, for it is the one place which both groups

Everyone probably has heard of the Library club, but how few pupils really understand the work that it is doing! This is a group of thirty-six boys and girls, sponsored by three librarians, who keep the books shelved, assist at the reserve desk, arrange the displays, and et cetera. These students, always polite and helpful, are recommended from the upper third of freshmen and sophomores by English teachers. They are chosen on the basis of dependability, promptness, ability to work with others, tact, and ability to take directions. These boys and girls are definitely rendering a service to the school, for they each serve one period a day, receiving no reward other than the satisfaction of knowing they have taken advantage of this opportunity of serving their school.—V. Gym Classes Prepare For May Day

Preparations for May Day are under way in the Girls' Physical Education department. Miss Sara B. Hubbard, gym instructor, has divided all the classes into platoons and a lieutenant will be selected to head each platoon. Every girl has an opportunity to fill this office but the lieutenants will be chosen with regard to ability of the girls to give military commands. Instead of the usual assortment of pastel costumes that are worn for May Day the majority of the participants will be dressed in the regulation white gym uniform.

Variety will be added to the pro gram by the graceful antics of the tumblers, the military guard, and the selection of the May Queen

G. I. REVIEW

The military units, junior and senior, throughout our country founded many years ago, are to day virtually essential in the training of young men who will soon be in some part of the armed service. The R. O. T. C. offers training that is endorsed by the government as a helpful aid to the army. The senior R. O. T. C. units established at many universities today commission a graduate a second lieutenant in the United States Army Reserve.

Junior R. O. T. C. organizations as here at Central are established at high schools, and the three-year school course is accredited equal to one year of the senior course. It is of the utmost importance that a young man acquire as much of this type of training as possi-

U.C. Choir Presents Musical Program

The University of Chattanooga choir, under the direction of Miss Isa McIllwraith, presented a group of sailor chanties in a chapel program on Tuesday, April 6. The gram on Idessay, April of The six selections were as follows: "Bonie Was a Warrior," "Tom's Gone to Hilo," "The Drummer and the Cook," "A Roving," and "Shen-nandoah." The soloists were Mary Frances Stone, Putnam Porter, Mary Ellen Green, Virginia Varnell, Marion Palmer, and Carol Jones, respectively. Erstiene Mc-Mahan was accompanist. Viola Chaney, violinist, also accompanied Carol Jones.

Mary Ruth Bradshaw, Mary El-len Green, Bobby Ballou, and Alice Meyer, of the choir, were former Central students.

Preceding the musical program Dr. Lockmiller, president of the university, spoke on the scholarships to the University of Chattanooga. He urged the seniors to take the tests, which will deter-mine to whom the annual U. C. scholarships will be given. Each scholarship has the value of \$300, which pays for two years' tuition at the university.

V. G. C. Sings For Kiwanis

The Varsity Glee club presented an enjoyable musical program for the Kiwanis club at the Hotel Patten on Tuesday, April 6th, at 12:40 p.m. This group, under the lead-ership of Mr. K. W. John, gave a varied program consisting of a girls' trio composed of Margaret Divine, Betty Sue Barker, and Dor-ris Jewell, and a piano solo by Laura Jane Tallant.

Some of the numbers sung were: "Cherubim Song," "Italian Street Song," "Joshua Fit the Battle of Jericho," "Great Day," "My Hero," "Sleepy Lagoon," and "For Me and My Gal."

Home Nursing Pins Awarded

The Red Cross has awarded a pin to the home nursing students who have taken the home nursing course through their home economics classes and also to those who have won a certificate since July 31, 1941. The pin is shield shaped turquoise, with a small red cross and the words "Home Nurs-ing." About one hundred and four girls won the certificate and pins in the classes taught by Mrs. Mary ooper last semester.

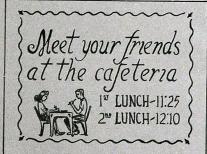

There is a new Red Cross home nursing class starting now. This class will be finished in about three weeks. Mrs. Cooper expects to have about the same number girls in this class as she has had previously.

INTRA-MURALS

The gym classes, under the spon-sorship of Coach Petersen, finally completed their first field event,

the quarter mile run. Wallace Miller and Ted Schlack emerged victorious in their respective divisions. Miller passed Roy Crow on the back stretch in a brilliant spring to complete the oval in the record time of 56.4 seconds.

The Schlack run was a very close one. He sprinted the entire length in order to win over Lonas and McWilliams.

Clyde Casey, who was expected to make a very fine showing in this run,-well, ask him-but by all means weigh what he says. He will probably say he completed the run and was running it again when Miller crossed the line.

Miller and Schlack will be awarded prizes for their ability. Coach Petersen said that this run was a preliminary event to get in shape for the "Little Times" three mile run, which will be held on Frawley Field at 3:30, April 15.

SPORT

In case there is some one who doesn't know it, Clyde "Bragger" Casey has a little brother. His is Wood.

He is tall, dark, and handsome. His eyes sparkle when he speaks with the golden voice he possess Girls whistle in amazement at his manly physical development and his crop of black, wavy hair, which are valuable assets to one blessed by such a handsome face.

Although he does not have the tendency to brag, as does his "big brudder," he has every reason to do so. He is a basketball player that Central can justly be proud

Superlatives cannot be found to describe Wood, since none would do him justice. He is very popular with the girls and is envied by all the boys. Instructors and teachers alike respect his ability. So all hail these immortal three: "Bragger" Casey, "Cutie" Casey, and "Unmentionable" Bohannon.

Purples Defeat Baylor Red Raiders 20-3

Last Wednesday afternoon the Baylor nine was held to only thre hits to come out on the short end of a 20 to 3 score, at the hand A. B. Chamberlain, who had his first starting assignment.

Although Chamberlain was caught off-guard in the early stages of the game and hit for two runs he quickly became very calm and pitched brilliant ball until the fifth inning, when he was replaced by dependable Ned "Jug" Thayton Thaxton, who pitched the remaining two

In the latter part of the second the Purples' attack gained momen tum and they scored two runs to knot the score. The highlight of the game occurred in the third in ning; Bill Schulte, guardian of the left pasture, stepped to the plate, one was on base; calmly he surveyed the situation and then the pitch, wham! 330 feet it sailed to drop over the right field fence for the most beautiful homer ever hit on the Frawley diamond.

D. L. Harley, shortstop, shone for the Purple nine at bat by getting three hits for four times at bat He also scored four of the runs.

Tyner, under the direction of Marion Perkins, won the team trophy, with Baylor and Central tying for second.

There were many good fights, some of which developed into knockouts, but the best by far was fought by Tyner's Clarence Beav ers and Central's Charlie Childers. Both of these boys were good fighters, but Beavers' years of ex-perience won out. Although Chil-ders was floored 21 times most observers agreed he was the gamest fighter in the meet.

Other boxers in the tourney, from Central, who showed promise were John Mass, Roy Crowe, Harrison Beene, Jimmy Smith, Jack Gryder, Tommy Foley, Dolph Miller, Jerry Daughty, and Scott Much can be expected from these boys next year.

THE FIRST LOYALTY

SERVICE AND LOYALTY—these two words may be considered as two of the main reasons for the Sunday School and Church Campaign now being sponsored by the Boys' Hi-Y. Service and loyalty to one's church should be practiced by every liberty-loving American, and should come before any business in his daily routine.

business in his daily routine.

In these busy times it is very easy to fall into the habit of creating excuses such as: "I'm busy," or "I haven't time," for not going to church; but now, more than at any other time, we need renewed spiritual inspiration and the moral support which only the church can give.

We, the young people of America, especially, should cultivate the habit of going to church regularly, for we are the ones on whom the responsibilities of our communities will rest in a few years; and we cannot hope to uphold the standards of our fathers unless we have a strong belief in God.

Our country was founded upon freedom of religion, and when we fail to enter into a congregation of our belief, we are robbing ourselves of an opportunity afforded only to free

people.

Some young people attend church only because their parents compel them to do so, but one derives the most benefit from something in which he sees the value of doing.

Also, the church has a direct influence on one's school life.

The students who have high ideals and appreciate the difference between right and wrong are the ones of which Central or any other school might well be proud.—L. M.

THE CRUCIAL MOMENT

realize that it is urgent that we keep our nomework up to uster the very easy to allow required lessons to accumulate, especially during the spring term when so many extra-curricular activities occupy the time, which ordinarily would be devoted to the preparation of our homework.

However, we should keep in mind that the prime purpose of our attending high school is to gain knowledge and skill, and if this opportunity that we now have is neglected, we may not be able to ever retrieve these fundamental essentials of our education which are being summarized at this time of the year.

Many Central instructors are either preparing the classes to review the year's work or are attempting to complete in these last weeks as large a portion as possible of the course as outlined in the textbooks. If we miss this important phase of our carelessness towards the last, the entire course has proved almost futile and that we have missed something very vital to our life preparation. When lessons are not prepared according to daily routine, the students and the teachers at the end of the cuarter are submerged in a chaos of back work, which is satisfactory to nobody concerned.

PLAN YOUR SCHOOL CURRICULUM

How many students of Central are planning their high school courses so that their studies today may enable them to attain a goal in the future? The answer to this question is, I fear, "Very few."

fear, "Very few."

Some of you students have never associated your time spent now with your plans for tomorrow. This is a grave mistake, for you may, like many others, awaken at the end of your high school career, only to find that you have robbed yourself of an opportunity to prepare yourself for a profession or an occupation which you would like to enter.

Now, as school is drawing to a close, each of us should be conscientiously thinking of our course of study for next year. Many are inclined to choose subjects which require the least homework, and arrange their schedules without any study halls, in order to get off the last periods of the day. If you are one of those who are doing this, you are using very little judgment, and are failing to prepare yourself to be a good, dependable, American citizen. American citizen.

American citizen.

After the war, there will be many people thrown out of work, and only the well-trained and highly-educated will get an opportunity to fill the positions.

So start thinking of registration day, and if you are in doubt about what subjects to take, consult a faculty member, for they are always ready and willing to assist you.—L. M.

ONE OF CENTRAL'S OUTSTANDING HONORS

HONORS

Ten years ago Mary Marshall and Joe Kerr were crowned Miss and Mr. Central. The coronation was quite simple-certainly not as intricate as it has become today—but nevertheless lovely. However, the student body was so enamored with the appealing tableau that it unanimously determined to have a similar event the following year. And so, as a result, it became a custom, and last Thursday, a week ago, Mr. Nelson proclaimed Alicia Ware and Hardeman Stonestreet Mr. and Miss Central of '43.

Being chosen Mr. or Miss Central is by no means a trifling incident. Certainly not! To be selected to represent the ideal boy or girl Centralite by one's friends and classmates, who know the faults in addition to the agreeable and attractive qualities, is the most beautiful honor bestowed at Central—an honor which will be held among the fondest of one's memories. As stated before, that first crowning of Mr. and Miss Central was a very simple ceremony, but as the tradition grew older, the costumes and scenery became more involute and splendid. At present, if one isn't competent to manage such an affair, it is a veritable nightmare. The details are manifold and the responsibility heavy. The discernment evinced in the beauty and arrangement of last Thursday's program was truly remarkable, and Central appreciates the effort which it necessity at the cafeteria. Of Radio Work

"To me radio isn't work; it is immensely interesting," declared Herbert Holliday in speaking of his new part-time duties as con-trol operator at radio station WDOD, where he is employed through the diversified occupations department as a result of his exnsive studies and experiments in ntral's Radio club. "The work Central's Radio club. I am now doing at WDOD is the same as if I were extending my hobby, because I am doing there what I would ordinarily be doing at home," he continued.

Herbert really inherits his interest in electricity and radio, since his father serves in this capacity for the T.V.A. However, the Radio club is responsible for his de-veloping this interest, under the direction of Mr. James Shaw.

After graduation Herbert is planning to join the signal corps.

G. I. REVIEW

Last Monday, the 26th, the Central R. O. T. C. unit held its annual inspection. Colonel Ballard B. Lyerly, head of the R. O. T. C. units in this corps area, was the inspecting officer. The inspection began at 9:10 a.m. and lasted throughout the day.

In the morning there was a pa rade, followed by the presentation of commissions to the officers of the unit. The thirteen sponsors were present at that time. Later the regiment was inspected by the inspecting officer. Next, various units were called upon to execute close order drill and physical exercigas

The extended order drill problem was staged in the morning on the side of the ridge. In the afternoon questions were asked the different theoretical classes by Colonel The Girls' Physical Education de- Lyerly pertaining to the military partment having to come to school subjects taken during the 1942-43 school year.

Vanderbilt Offers Usual Scholarships

Chancellor Carmichael, of Van derbilt University, announces that, as usual, scholarships will be offered to high school graduates of the 1942-43 school year.

Vanderbilt intends to carry on its academic work both for boys under military age and for girls who wish to come to the university

The usual number of scholarships is available, and if any central stu-dents wish to apply for them, an application shiuld be filled out and sent in immediately.

Vanderbilt University will con tinue a full program for civilian of safet students as far as facilities and

war demands will permit.

Authorities take the position that every young man should remain in light school or college until he reaches military age. It is recommended that such young menter during the summer terms age. as to have the opportunity to speed up courses before the military call,

Anyone wishing further informa-tion on scholarships available may write the Vanderbilt Registrar, Dr. Robert Provine.

ART ACTIVITIES

Many of the graduating seniors have served Central well and willingly in the art department, head ed by Miss Mary Lou Derryberry and as a rule, these students revery little recognition for their services rendered to the school in the designing of stage sets and advertising posters.

Of course everyone knows of the splendid work of Barbara Gill, who recently won a twenty-three dollar prize at the Fair and the sweep stake prize in the local artists show at U. C.

Beverly Lewis has specialized in life drawing and has won several honors for her work.

Grace McDonald, who has four years in the art department to her credit, has done a number of life studies, a painted screen, and an interesting batik, depicting the incidents involved in the day of a farmer.

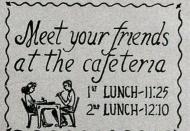

Betty Rae Coulson and Rosalie Gwinn have done excellent work and recently entered the national

artists' war poster contest.

Avis Bass, Virginia Eckert, Bobbie Love, and Margaret Fuller are all to be commended for their faith ful and skillful art work.

Central Pounders Go to Air Corps

Last Wednesday four of the most versatile members of Cen-tral's Purple Pounders answered call to arms. They were Ira Tem-pleton, for the Purples; George Poston, left half; Richard "Stumpy" Coleman, captain and guard for the Pounders, and Pat Patterson, halfback

All were champions in the game and were assets both to the school and team as well. Central joins together in wishing the boys farewell and good hunting.

Three of these boys, while at the Basketball tournament in Nashville last month, joined the Air Corps. It will be to this branch of the service that they will be sent after their induction period has elapsed. Central can rest as-sured that all will make a good record there, as they did here.

chap to grace the spacious halls of the Purple and Gold is Joe Salvatore. He is a very versatile contender in intra-mural sports, he thinks.

Joe, or "D. Y," as his adopted brother "Bragger" Casey calls him, is unbeatable, and still remains unchallenged in all sports. Experts on this subject seem to e arrived at the conclusion that this is due to Joe's superior in-tellect (?) and all competition would acquire an inferiority complex if they attempted to best Salratore and then lost out.

Joe arrived at Central unable to speak English, but he is progressing very nicely in mastering it.
The place of his birth still remains a mystery, but it is an established fact that he resided in some Godforsaken place called Brooklyn before coming to Dixie. Joe's favorite food is spaghetti, his favorite pastime is jitterbugging, and his hero is Al Capone. He is a Catholic and votes republican. His ambition is to be able to sing like "Unmentionable."

Coach Petersen admires Joe and ould like to appoint him a gym class instructor, but Joe, not wishing to take credit away from others, graciously declines the offer and expressed his wish to remain quietly (?) in the background and still be champ.

American Legion League Opens

Immediately after school is out the most popular league in local amateur baseball will open. We are speaking of the American Legion

This year the league will have practically the same teams as last year. Among them will be Newton Chevrolet, last year's winner; Park Hotel, and Kay's Ice Cream.

Coach W. T. Bales will coach the Newtons and his team will probably be composed of the boys who make up this year's Purple nine. Park Hotel is accepted as representing City.

Last year the Newtons won the city title and went to the state tournament, which was held in Memphis.

Pounders Lower McCallie Tornados

The Central Purple Pounders lowered the McCallie Tornadoes, 9-7, in a see-saw battle which provided the fans with plenty of diamond entertainment. The game was scheduled to be played at Frawley Field, but was moved to McCallie Field because of adverse playing conditions.

The line-up for Central was as follows: Leon Haley, second base; D. L. Haley, shortstop; Smith, third base; Schulte, left field; Trundle, right field; Gilreath, first base; Hendricks, center field Stonestreet, catcher; and Thaxtor on the mound. Wallace Miller started and was relieved by Tharton during the second inning.

Frankie Trundle turned in the two best defensive deeds of the day. In the fourth, Trundle threw out Levie Bridger on an apparent hit to right field. In the second, Trundle made a great, running catch when Thompson flied deep to the right.

In the third inning, D. L. Haley, who had doubled and gone to of the ancient hidden ball trick

During the past few weeks quite a few boys from Central have gained recognition in sports at th Y. M. C. A. Although Cenntral did not sponsor these boys, the winners of all events attended Central.

In the smaller boys 'event Lloyd McGraw emerged victorious in the meet over a huge crowd of entrants. He won two first place and tied in the 880-yard race to gain 121/2 points.

In the open division another Cen tral boy won out. He was Herbert Holafield. His total number of points was 24. He won various races and events, among them the hop, skip and jump; the standing broad jump, and many others. I. B. Miss Terrel Tatum, a graduate of the class of 1920, will speak on the ninth annual Recognition Day program today. Miss Tatum, who now teaches Spanish at the University of Chattanooga, has distinguished herself in many phases work connected with various languages. During her four years anguages. During her four years at Central she specialized in lan-guages, taking French, and four years in Latin, and was a member of the Varsity Glee club and the Dixie Literary society.

Dixie Literary society.

After leaving Central, Miss
Tatum attended Shorter for two
years, received her B.A. at the
University of Chattanooga, and
M.A. at Middleburg College, Vermont, a special language school,
Since then she has made several trips to Cuba, a trip to Mexico in 1938, Honduras, Panama, and a trip to the West Coast countries in South America.

Miss Tatum has published many books and articles concerning languages. These include textbooks on Spanish for college students. Among her articles were a series of features for the (old) "Chatta-nooga News," the "Chattanooga Sunday Times Magazine," "The Etude," and lesser publications.

Miss Tatum now has two text

books under preparation, one for the Peynal Company and one for D. Appleton Century Company.

After making such progress in language and writing field, Miss Tatum has turned to teaching the subject she most loves.

SENIORS TO HAVE ANNUAL PICNIC

As is the usual custom the senior class will have its annual picnic. The date has been set for May 20. The committees will begin work immediately on plans for the event.

Those appointed by H. D. Gang, president of the class, are as follows: refreshment; Mary Dove Whaley, Jimmy Smith, Doris Jew-Whaley, Jimmy Smith, Doris Jew-ell, and Luther Cope; tickets: James Ivey, Doris June Turner, and Delores Baker; transporta-tion: Robert Walker and Arnold Harris; program: Jerry Dean, Laura Jane Tallant, Alicia Ware, and Margaret Divine. The faculty advisor is Mrs. John A. Shelton. Transportation has presented a

new problem, this year. The senior English teachers have been asked to announce to their classes that anyone who can furnish a car is requested to take as many as possible with them. In this way it is hoped that a way can be found for all.

So, seniors, plan to come on Thursday, May 20 and be prepared to have a good time.

CONSTANT WORK TO ACHIEVE VICTORY

The commencement exercises of 1943 are fast approaching their climax when over four hundred seniors will graduate from current school career and launch upon a new phase of their current school career and launch upon a new phase of their life. During these remaining fifteen days we seniors will be amidst a series of gala and happy events and activities, and while there is a joyful and happy feeling from having success-fully completed our high school career, the seniors have a feel-ing of sadness when they think of their departure from their Alma Mater, their friends, their teacher, whom they have grown to love and respect with sincere admiration and many may never have the good fortune to see or come in mutual com-panionship again.

panionship again.

While the future looms dark and dismal ahead for the youth of today, all must face the future uncertain as it is. With full acknowledgment of the situation facing them they are ready to acknowledgment of the situation facing them they are ready to set forth to struggle until success is gained and victory has been acclaimed. To you the youth of today is given the responsibil-ity of securing peace for a world being rocked by war and devastation and to insure its stability in the future in an attempt to prevent future conflicts. Although the time does not seem at best at present, we must realize that this can only be tempo-rary and by constant work and endeavor it must come to a better phase. In these times we can share Browning's thought when he said:

One who never turned his back but marched breast forward, Never doubted clouds would break, Never dreamed, though right were worsted,

Wrong would triumph,

Wrong would triumph,
Held we fall to rise, are baffled to fight better.
The record that this class has attained should be a challenge
to the underclassmen and should be an incentive for them to
prepare to meet their call of destiny.—R. K. W.

"THE BRIDGE THAT CARRIED US OVER"

As school draws to a close, the members of the Digest staff wish to extend to youwish to extend to you—the faculty members, school organiza-tions, and students—acknowledgment of our heartfelt and sintions, and students—acanowicegment of our live and support toward the publication of our school paper this year.

All of us must realize that it is not possible for any organization to reach an objective without support such as yours; and throughout this year, you have given freely of your time and service to assist in making our paper more valuable to the school. Just as George Coleman said in his old and often-quoted expression—"Praise the bridge that carried you over"—so must we give thanks to you, who were the means of publishing a weekly paper by your loyal support. Again may we express our gratitude, and—Thanks.

Comm. Selects Best Stories

A faculty committee headed by Mrs. J. Frank Price, of the history department, and assisted by Mr. James W. Shaw and Miss Anne Moffitt, have been chosen as this year's best Digest stories the following selections: interview—
"America Must Stop All Strikes" by Kathryn Chapman and Virginia Meyer; news story—"City-Central Meet in 35th Annual Tilt" by Billy Woods; editorial — "Grow Up, America," by Robert Walker; fea-ture—"Santa Claus is Coming to Town" by Pete Llewellyn, and Sports—"Purple Five Downs City Maroons" by Billy Woods.

HOMEROOM **DEVOTIONS**

Annetta Hatcher has throughut the year, taken special care in suggesting the homeroom devo-tions for Central so that the homerooms will be using the same de votions at the same time. The devotions for this week are as follower

Friday, May 6-Romans 3:22-25. Monday, May 9-I Thessalonians 5:14-25.

Tuesday, May 10-Psalm 46:1-11. Wednesday, May 11-Romans 8: 1-15

Thursday, May 12-Psalm 103:1-

It is hoped that all homerooms will use these devotions during this week

"Mexican Weather Report: Warm Today and Hot Tamale," Says Gordon Seibold fornia.

Everyone in the class laughed when dark-eyed Cpl. Gordon Seibold declared that the weather in Mexico might be termed as "Warm today, and hot tamle"; and no one really knew whether it was because his clever pun was so very funny, or because he was such an appealing corporal and each was laughing from the sheer delight of havsuch an agreeable fellow to talk to them. You see, Gordon is a corporal in the weather department of the army air corps, and that is where he has acquired his numerous puns and large storehouse of knowledge concerning the weather.

This particular afternoon he was having an informal talk with Mrs. Honor society.

Price's eighth period history class. Gordon has done quite a lot of traveling during his seven and onehalf month stay in the army. "One of the most interesting bits of our traveling," related Gordon, "was the time when we traveled across the peninsula of Florida and stopped in Florida's backyard. There, in the middle of the state, although the scenery is beautiful, the people are quite poor. We saw that part of Florida of which you have never heard as you have of its glamorized ocean coastal cities. Gordon graduated from Central in 1941. He had an outstanding scholastic record and was a member of the band and the National

Attention

Mr. W. H. Millsaps would like to see all sophomore and junior students who are planning to enroll in diversified occupation next fall. He plans to place the students on their jobs at the end of school so the student will receive the benefit of the summer's work. All boys and girls who are interested go to room A-2.

Miss Shelton wants to see all junior students, both boys and girls, who are interested in and are planning to enroll in distributive education next fall. These students must be at least sixteen years of age. Miss Shelton will take applications for part-time jobs in stores any time between now and the close of school in room A-2.

More lovely "stags" were Mar-

tha Allison, Norma Martin, Dolores Bagby, and Mary Ellen Hallock. We saw cute Dana Jean Hardin dancing with Bill (or was it Jimmy?) Harvey. Former Central stude and cl. p. o. Forrest Lamb were there also quite popular with the ladies. Also popular with the ladies were Cadets R. L. French, James E. Smith, and 1st Sgt. Chester Erney of the army. David Law-son and Frank Smith were much in evidence and got quite a rush. Others were Martha Tillery, Martha Medley, Billy Crockett, and Ed (Jitterbug) Moorefield.-Imasneek.

KLUB KOLUMN

Morton Hill has been elected to ill Campbell and Julia Ware are head the Depression club as president for the coming year. The other officers which were selected are: Archie Adams, Albert Jackson, Walter Wenck, vice president, secretary, and treasurer, respectively. Billy Carter and Bob Henderson will serve as sergeants-at-arms.

An air of mystery is hovering funior play, which play, by the about Central caused by that new club, the CYC. The title for which mystery-shrouded stand is a secret known only to the Oh, spring is here, and with it members and it is said that they mes the blossoming romance of soon forget. Jimmy Huskey is president and Marylyn Shrader, Virginia Meyer, and Margie John ouldn't know anything about it, are vice president, secretary, and treasurer, respectively.

"But do you, Lorna, Lorna: do Lorna Doone in an imploring tone. As any fool can plainly see, the brown-haired Lorna was quite a glamorous character, considering the sad and miserable state into which she had led the honorable John.

Although Central may not pos sess a Lorna Doone, she posse happily enough, a Lorna Andrae, who is a most appealing personage.

Lorna, with curly brown hair and twinkling green eyes, is a member of the Announcer's club, Senate Ushers, National Honor Societylikes tall, black-haired, black-eyed men with bronzed complexionswants to be an artist and got to South America.

He has a smile that would put a toothpaste advertisement to shame, blue eyes that sometimes look green, and dark brown hair.. He also has a wonderful capacity for getting into predicaments-for instance, when yet a child, Billy Dempsye attempted some rope climbing himself, dangling in midair between the porch roof and ground.

Billy is a member of the Ser-geants' club-favorite movie stars are Gary Cooper and Barbara Stanwyck-prefers girls with blonde hair and blue eyes—is nuts about airplanes and military, and wants to be a pilot in the Navy Air Corps.

Social Resume

Well, kids, here we are at the end of another year. This being the last issue, we had better make a survey of the year's doings.

Stagettes seemed very popular this year, with service men being the most popular partners.

As for "steadies," there were loads of them. A few of them were: Alicia Ware and Gene Shrader; Betty Scoggins and "Pie" Covington; Jimmie Caldwell and Mary Griswold, and many others

As for bachelors-well, there are so few . . . Bill Hale, Carey Crantford, Herschel Nation seem to head that list, followed closely by Pat West and Jack Raulston.

If it were not for "Uncle Sam" many seniors would be tempted to take post graduate courses because of their heart interests. Some of these are: Gene Peoples. Riley Westbrook, Stanley Hall, Victor Green, and others whose "better-half" have another year before graduation.

Well, s'long till next year,

INTRA-MURALS

Since Coach Petersen has left Central the Gym classes have fallen off in spirit but not in efficiency and discipline.

Now the set-up in the classes is somewhat different. The class instructors have the students well in hand. Every period a member of the faculty comes over to the gym and supervises the first part of the activities, that is, until the activi-ties get under way. Then he leaves and the student instructors take over.

As a whole, the instructors seem to have the classes well regulated. They are to carry on where Coach Petersen left off by holding the same tournaments as he did. They are now having softball, basketball, and football tourneys. Next year they intend to hold the annual events which Coach Petersen began this year, such as the Pinion Memorial race, the track events, and the various cross-country races.

Purple Nine Wins Over Baylor

Last Thursday afternoon the Purple nine played their seventh game of the season against the Baylor Red Raiders and won handily by the score of 15 to 5,

The Purples opened their attack early in the game and held it throughout. Practically all the throughout. Practically all the Purples got hits, since the game had more hits than any this year

In the batting columns, Miller got four for five, Leon Haley got three for three, and L. E. Smith got three for four. All these boys made fine showings. Three of the Central boys made

home runs. Miller hit one with a man on base; Gilreath hit a long one with the bases loaded, and then Haley duplicated this rare feat. Thorn, of Baylor, also hit a homer.

In the City Prep race the Purples now hold first place. They are leading the league with six wins over McCallie two, Red Bank one, Baylor two, and City one, against one loss, which they dropped to part of the season. They have yet one game to play—that against the Red Bank Lions.

PURPLES DOWN **MAROONS 3-0**

Last week the Purple nine, still smarting from the defeat handed them by the City High Maroons a while back, evened things up by downing the Maroons 3-0.

Ned Thaxton was the victor over Pettis who upset the Purples last Thaxton pitched fine ball, time. allowing only five hits, none of which scored.

The Purples' first tally came in the second frame when Smith hit a single to left, Gilreath sacrificed him to second, to third by Hendricks' grounder to second. He scored when L. Haley lined a long one over second for a single.

In the fifth, Stonestreet got a long single to the right pasture to score Hendricks, who had been placed on base by a single.

The final marker came in the sixth when Trundle walked, stole second, Rawlings made an error on Gilreath's grounder, and then Trundle scored.

By virtue of this win the Purples now hold an undisputed claim on the top spot in the City Prep league with five wins against one loss, which was with City.

And there's the girl who's been conceited ever since someone told her she had a cute appendicitis.
